Complaint has been made of the actions of some of those playing "Run, sheep, run," on our streets at night. Last Saturday night they played until 2 o'clock, and as yelling is a necessary part of the game, and as those playing ran through the yards and around the houses, many people were kept awake. Boys are not alone in playing, as several men were leaders. No objection is made to them playing if they would stop at reasonable hours and keep off of private premises, but if the practices of the last week are kept up some one will get into trouble.

While Miss Pearl Burns was cutting up some cabbage on Tuesday, to make some kraut for Mrs. Earle Gilbert, she noticed one of the slim worms or so-called snakes about which so much has been published recently. The worm or snake is about the size of a medium sized thread, and the piece saved by Miss Pearl was eight inches long. It had been cut in two, so she does not know how long it was. She did not make any more kraut that day.

Judge McCarty returned from Lincoln Tuesday evening where he went to bring up a motion before the supreme court in the interests of the county clerk to have the Nemaha county tax case dismissed. The motion was lost but not until after some discussion. Norris Brown, deputy attorney general, argued that it made no difference whether the county clerk was satisfied or dissatisfied, that the county officers were mere ministerial agents of the state without discretion to do anything in the premises but obey orders from the state board or the courts. He said that the state was the real party to the suit. The court took the motion under advisement until after the noon recess and overruled it.—Auburn Republican

The passenger train from the north was wrecked Tuesday forenoon about half way between Brownville and Peru. The train had a refrigerator car next to the engine, then a box car, and then the baggage and smoking car and the coach. The refrigerator car left the track, probably on account of the rails spreading, and was followed by the other cars. The track was torn up for three hundred feet. The trucks torn from the refrigerator car and everything below the floor, even to the heads of the bolts being taken off.

The whole of this car and the box car were buried in the dirt. The engine did not leave the track. Only one man was hurt and he escaped with a bruised shoulder, having been thrown against the window. The section men from Nemaha, Brownville and Peru were sent to the scene of the wreck and got the track repaired about 9 o'clock that night.

In the evening the coaches from the train from the west were taken up to the wreck and the passengers, express, mail matters, etc., were transferred and the train went west, getting to Nemaha at 7 o'clock.

Take the wagonette when in Auburn if you want to go to any part of the city. John McElhaney prop.

Republican County Convention.

The republican county convention met at Auburn Monday and was called to order at 1 o'clock by Chas. O. French, chairman of the county central committee. Immediately after the convention was called to order, M. C. Shurtleff presented a fine gavel he had made while in California out of a piece of wood from a lemon tree. On each end of the head of the gavel was mounted a piece of silver made from a Mexican dollar, the two dollar pieces being bought with one dollar from this country. On one end was engraved: "Presented to the republican county convention Sept. 26, 1904, by M. C. Shurtleff." On the other end was engraved the word "Roosevelt." Mr. Shurtleff made a suitable speech presenting it and was accepted by Mr. French in a short speech.

M. C. Shurtleff was elected temporary chairman and W. S. Crichton and W. L. Stuck temporary secretaries.

J. P. Gilliland, G. H. Sutton and F. H. D. Hunt were appointed a committee on credentials. There was a contest on two delegates from Second Lafayette which was settled by the convention allowing each man half a vote.

Congressman Smith of Iowa was present and at this time made a half hour talk, full of logic and eloquence, that was well received by the delegates notwithstanding they were anxious to get down to business.

B. G. Wilkinson introduced a resolution criticizing parts of the new revenue law and calling for amendments, making a speech in advocacy of his resolution, which precipitated quite a discussion, but as all appeared to favor the resolution it was adopted by acclamation.

G. N. Titus moved that the convention now take a ballot by call of precincts on preference for float senator.

This precipitated another discussion, but the motion was carried by a big majority.

On the first ballot Ellis E. Good got 44 votes, M. C. Shurtleff 30, John H. Pohlman 30. It took a good many ballots to determine the result, but Good finally got 53 votes, just enough for a majority, and was declared the choice of the convention for senator, and upon motion of Col. T. J. Majors was given the privilege of choosing his delegates to the state convention.

Herbert R. Howe was nominated for representative by acclamation.

V. P. Peabody and Geo. S. Christy were placed in nomination for the other representative. Mr. Peabody won out by a big majority.

Chas. O. French was nominated for county attorney by acclamation.

The delegates from the first commissioner district then retired to choose a candidate for commissioner. There were four candidates—Alf. B. Kinton, Geo. N. Sanders, Geo. W. Cummings and B. F. McIninch. On the eleventh ballot Geo. W. Cummings received the majority of the votes.

The choice was reported to the convention and ratified by them.

On motion the central committee was empowered to fill all vacancies on the ticket should any occur.

The convention then adjourned sine die.
