CURES STOMACH TROUBLES

THE body gets its life from food properly digested. Healthy digestion means pure blood for the body, but stomach troubles arise from carelessness in eating and stomach disorders upset the entire system. Improperly masticated food sours on the stomach, causing distressing pains, belching and nausea. When over-eating is persisted in the stomach becomes weakened and worn out and dyspepsia claims the victim.

Theford's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite, with the power to thoroughly digest food.

You can build up your stomach with this mild and natural remedy. Try Theford's Black-Draught today. You can buy a package from your dealer for 25c. If he does not keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.

THEDFORD'S BLACK-DRAUGHT

Over-Work Weakens Your Kidneys.
 Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Robbed the Grave
 A startling incident is narrated by John Oliver of Philadelphia, as follows "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to take Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed at Keeling's drug store.

Wednesday forenoon a number of the friends of Mrs. C. M. Thompson met at the homes of Mrs. Gaither and Mrs. Aynes and they went in a body to the home of Thompson, with well filled baskets, and gave her a pleasant surprise, as she had no intimation of the gathering. About twenty ladies were present, John Watson and Ben Parker "happened" around about noon and helped eat the fine dinner bought by the ladies. Mrs. Jarvis went over after dinner and took a photograph of those present.

SCHOOL NOTES
 Better know a little and know it well than to try to know too much.

Another pupil, Dora Banks, was enrolled in the high school last week.

All the Nemaha teachers attended the teacher's association at Peru last Saturday.

The painter has finished painting the outside of the school building and has put new screens on the windows. The building is going to be in good shape when the inside is finished which will be accomplished soon.

Johnson has a lecture course, Auburn has a lecture course and Brock has made arrangements for one. Why should Nemaha stand back? We are just as able and would appreciate a course just as much as these other towns.

We believe in athletics,—well regulated athletics on the school grounds. The teacher, we believe, should teach and direct the pupils during play hours just as much as during regular school work. In a sense she or he should be simply an older pupil. Acting upon this line, the girls of the high school have ordered a basket ball and the boys a foot ball. The word foot ball has come to mean brutality to most people. But if they do not already know we would like to suggest that there are two sets of rules, the Rugby and the Association. The last are the ones commonly played by. The others are quite different. They admit as many players as desire to play and those playing are in no greater danger than are players of baseball.

For the month ending September 30, the total enrollment was 141, or fifty-five for the primary, thirty-eight for the intermediate and forty-eight for the high school. The average daily attendance was forty-seven for the primary, thirty-four for the intermediate and forty-one for the high school. There were two tardy marks made in the intermediate, twelve in the high school and thirty in the primary. Taken all in all the report seems encouraging yet there should be fewer tardy marks and more regular attendance on the part of some few. There will probably be no report cards for September as we did not get them from the printer in time but we will have them out for October. We hope you will show your interest in our work to that extent that you will examine each report and seek to know the reason for all the points in the work of your child as shown in it and to see that their attendance is regular.

A BIG HUNT
 On Saturday of next week, Oct. 22 there will be a big hunt in the south-eastern part of this county, to try and find and kill the strange animal that has been frightening people near Hillsdale. Hunters will meet at Aspinwall, St. Deroin and other convenient points, and start out on the hunt at 9 o'clock a. m., centering near F. H. D. Hunt's farm. Hunters from Nemaha who go down on foot are requested to keep near the river bank and watch for the animal, meeting the other hunters from this vicinity at Aspinwall and leaving there at 9 o'clock. Everybody is invited.

ONLY ONE ISSUE LEFT
 It is the Office, and the Democrats Will Never Abandon It.

There is one issue the Democrats have not and never will abandon—the offices. With a light heart and an easy conscience they are willing to swallow the gold standard, to enter a noble pros as to the "tariff robbery," to construct the Panama canal and to postpone independence for the Philippines until the Filipinos have donned clothes, but the offices—these they must have or the last excuse for their party's existence is gone.

Editor Pulitzer is writing page upon page of open letters in the New York World, which prints them because he owns it, to prove that Theodore Roosevelt and he alone is the issue. "The paramount issue of this campaign," the editor writes, addressing himself direct to the president, "is not as you would have it, free trade or free silver, but YOU YOURSELF—Theodore Roosevelt. This issue forced upon the country by your unusual temperament and talent—your own strong, able, ambitious, resourceful, militant, passionate personality, your versatile and surprising genius."

If this were not meant to be alarming it would fittingly describe one side of the personality of the Republican standard bearer worthy of being printed in flaming type and posted at every cross roads in the country. Add to it the unquestioned attributes of honesty, courage and patriotism, and you have the true measure of the head of the Republican ticket. Mr. Pulitzer cannot find that the possession of any of the impulsive and willful traits he has attributed to the president has led him into hasty, arbitrary or ill-considered acts, or into any policy inimical to the public welfare or that has not been fully justified by the event.

No higher tribute could be paid to the president than the way in which he has been singled out by Mr. Pulitzer as the one engrossing, overshadowing issue of the campaign.

Now, why does Mr. Pulitzer wish to get rid of a president of such known and approved qualities to make way for the untested and unexperienced master of Rosemount?

The answer is plain—THE OFFICES. Mr. Pulitzer is a Democrat—a transplanted Missouri Democrat. He knows that the national Democracy is very hungry and very thirsty and that it is weary of feeding upon the husks that fall to the share of the opposition party at Washington.

So long as Mr. Roosevelt is in the White House Mr. Pulitzer knows that every office, outside of the classified service, will go to a Republican, provided there is no Democrat so much better qualified for it that to ignore his claims would create a national scandal.

What Mr. Pulitzer and the Democracy want is that the only touchstone of fitness for federal offices shall be the frayed maxim of David B. Hill, "I am a Democrat." Upon this issue he has no misgivings as to the "firm and irrevocable" convictions of the sphinx of Esopus. In Judge Parker's eyes the author of the maxim "The victors belong the spoils" was the greatest statesman, not excepting Boss Tweed, New York has ever produced. And Mr. Pulitzer believes that a Democratic mummy of the Marcy school in the White House would not permit any question of fitness to interfere between the faithful and the federal pay roll.

At present the sturdy, robust Republicanism of Theodore Roosevelt stands between the Democracy and the offices. How to remove this stumbling block in the path of the lean and hungry wanderers of 1896 and 1900 is the supreme, the only issue left to the Democracy.

If a national election could be decided by the voters wanting a job, irrespective of their fitness for it, the Democracy under the leadership of Mr. Pulitzer would be invincible.
