

There are more than 17,000 machine tending operatives in Lowell, Mass., caring for 88,000 spindles and earning over \$500,000 a month in wages.

The lay of the American hen is worth about \$300,000,000 a year. All the cattle and hogs slaughtered in the country are worth less, and so is the country's total yield of gold and silver.

Florida's orange and pineapple crop is estimated at \$2,050,000.

**Could Get No Rest.**

Freeborn, Minn., Oct. 17.—(Special.)—Mr. R. E. Goward, a well-known man here, is rejoicing in the relief from suffering he has obtained through using Dodd's Kidney Pills. His experience is well worth repeating, as it should point the road to health to many another in a similar condition.

"I had an aggravating case of Kidney Trouble," says Mr. Goward, "that gave me no rest day or night, but using a few boxes of Dodd's Kidney Pills put new life in me and I feel like a new man."

"I am happy to state I have received great and wonderful benefit from Dodd's Kidney Pills. I would heartily recommend all sufferers from Kidney Trouble to give Dodd's Kidney Pills a fair trial, as I have every reason to believe it would never be regretted."

Dodd's Kidney Pills make you feel like a new man or woman because they cure the kidneys. Cured kidneys mean pure blood and pure blood means bounding health and energy in every part of the body.

Twelve million pounds' worth of leather is required every year to provide boots and shoes for the inhabitants of Great Britain.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A truthful lover is an abomination, and besides there aren't any.

The wise look of the owl is caused by a physiological oddity, his eyes being fixed immovably in their sockets.

**SAFEST FOOD**

In Any Kind of Trouble is Grape-Nuts.

Food to rebuild the strength and that is predigested must be selected when one is convalescent. At this time there is nothing so valuable as Grape-Nuts for the reason that this food is all nourishment and is also all digestible nourishment. A woman who used it says:

"Some time ago I was very ill with typhoid fever, so ill every one thought I would die, even myself. It left me so weak I could not properly digest food of any kind and I also had much bowel trouble, which left me a weak, helpless wreck."

"I needed nourishment as badly as any one could, but none of the tonics helped me until I finally tried Grape-Nuts food morning and evening. This not only supplied food that I thought delicious as could be, but it also made me perfectly well and strong again, so I can do all my housework, sleep well, can eat anything without any trace of bowel trouble and for that reason alone Grape-Nuts food is worth its weight in gold." Name given by Postum Co., Battle Creek, Mich.

Typhoid fever like some other diseases attacks the bowels and frequently sets up bleeding and makes them for months incapable of digesting the starches and therefore predigested Grape-Nuts is invaluable for the well-known reason that in Grape-Nuts all the starches have been transformed into grape sugar. This means that the first stage of digestion has been mechanically accomplished in Grape-Nuts food at the factories, and therefore any one, no matter how weak the stomach, can handle it and grow strong, for all the nourishment is still there.

There's a sound reason and ten days' trial proves.

**OLD STYLES REVIVED.**

FASHIONS FROM AWAY BACK BEING BROUGHT FORWARD.

Pretty Ideas from Costumes of Three Hundred Years Past Are to Be Rehabilitated for the Use of Women of 1904-5.

New York correspondence: FASHIONS from away back are coming forward. For a season or two the styles of last century have furnished dress designers with their best ideas and so have dominated the fashions. They supplied so much that satisfied up-to-date taste that early in the fall there were hints a-plenty of another season of these revivals. Then came a note of warning that perhaps this field was overworked. It was, however, a faint one, consisting merely of the announcement that for the winter designers would depend chiefly upon the first quarter of

the nineteenth century, letting the 1830 modes alone at last. Now it seems that the search for prettiness is to go still further afield, and that the last three centuries may be raked over for ideas. Your new dress-up, therefore, will be of the time of Louis This, or of Napoleon That. If you listen to the expert classifiers; but what is of more general interest is that with this huge field to draw upon and with few restrictions, the designers will be so unhampered that another spell of remarkable diversity is assured.

A consequence of these drafts of the designers is that the return to simple and small sleeves is to be delayed. It has been foreshadowed strongly by many models in which the leg-o-mutton was recognizable more or less readily, and self-trimming. Velvet is to be used much, often in colors making the strongest possible contrast with the dress goods, again in pieces or ornaments of original shape. Pieces and strips of silk are similarly employed. With either some appearance of originality is essential, as, because of the many styles from which women may choose, nothing will count as a greater fault this winter than conventionality.

**Fashion Notes.**

Oignon is the name of a new shade of burnt orange.

The new frocks of the lingerie type are simply fascinating.

Pearl gray will be worn much in the evening, silver gray being good style for

BEDIGHT WITH LACE AND EMBROIDERY.

these same sleeves are to remain, but they are to be far from the whole thing. Stylish calling and reception gowns are noticeable for the amounts of embroidery and lace put upon them. The em-

afternoon wear. And gun metal is certain to be modish. The mussiness of the white linen suit is a drawback. It is apt to look as if you had stepped in it after a short journey

**Fibroid Tumors Cured.**

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

**Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:**

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman."

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now."

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt.

Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said at it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

**\$5000 FORFEIT** if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Pure Food Factories that make Postum and Grape-Nuts.

Falk on Advertising by C.W. Post to Publishers at Banquet at Battle Creek.

In his address to Publishers at the Battle Creek banquet Mr. Post likened the growth of a modern commercial enterprise to the growth of an apple tree. Good seed, plenty of work and water are needed, but the tree will not bear apples without sunshine.

The sunshine to the commercial plant is publicity secured by advertising.

It is impossible even with the heaviest advertising to make a success unless the article has merit of a high order. Merit is the good tree and sunshine makes the apples grow. A good

salesman who knows how to talk with his pen can present the logic, argument and salesman ability to thousands of customers at one time through the columns of the newspaper, a strong contrast to the old fashioned way of talking to one customer at a time.

He spoke of the esteem of the advertiser, for a publisher that takes special interest in making the advertising announcements attractive. Advertisements should contain truthful information of interest and value to readers. The Postum methods have made Battle Creek famous all over the world and about doubled the population.
