

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

WANTED

MEN AND WOMEN in this county and adjoining territories, to represent and advertise an old established house of financial standing. Salary to men \$21 weekly, to women \$12 to \$18 weekly with expenses advanced each Monday by check direct from headquarters. Horse and buggy furnished when necessary; position permanent. Address, Blew Bros. & Co., Dept. A Monon Bldg., Chicago, Ill.

If you want fire insurance, either in old line or mutual companies, call on W. W. Sanders.

BLACK-DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Theodor's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

Pittsburg, Kas., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.

J. S. HANSON.

The Nebraska Advertiser

W. W. SANDERS & SON, Prop'rs.

FRIDAY, JANUARY 6, 1905.

Take the wagonette when in Auburn if you want to go to any part of the city. John McElhaney prop.

The M. E. Aid Society elected the following officers for the next six months.

Mrs. F. E. Yackley, President.
Mrs. J. M. Sanders, Vice President.
Mrs. Lillian Allen, Secretary.
Mrs. M. A. Woodward, Treasurer.

The society have been very industrious the past year as they have quilted twenty-four quilts, made two comforts and sewed several pounds of carpet rags. Eighteen of these quilts were quilted the last six months. We wish to thank the members and friends who have so kindly helped us with this work, you are cordially invited to come and help when you can. Mrs. W. T. Russell, Mrs. Fuller, Mrs. Dal Maxwell and Miss Ethel Morrison became members of the society.

M. A. WOODWARD, Sec.

How's his?

WALDING, KISSAN & MARVIN,
Wholesale Druggists, Toledo, O.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation

AUBURN, Neb., Dec. 31.—New steel fixtures have this week been placed in the vaults of the county treasurer, county clerk, county judge and clerk of the district court, also in the vault of the Southern Nebraska Building and Loan association. These vault fixtures are manufactured by the Van Doran Construction company, of Cleveland, O., and are sold in this western territory by the State Journal company. James Wintersteam has superintended the installation. The fixtures are steel in the fixtures is sixteen ply or sixteen pieces to the inch and from that thickness they run to the half inch. In the clerk's and treasurer's vaults the fixtures alone weigh nearly 4,000 pounds. They are handsomely finished in a rich dark maroon and oxidized copper. With these fixtures in, the records of the county and of the building and loan association are absolutely fire proof.

The county commissioners are well pleased with the fixtures and the way they have been put together.

So much nonsense is written about the "balanced ration" in feeding live stock that it is refreshing to read the common-sense statement of "The Feeder's Problem" in the current issue of The Iowa Homestead by Andrew Boss, the well-known live stock expert of Minnesota Agricultural College. Mr. Boss shows that if a steer is fretting about anything or uncomfortable from any cause, the most scientific ration in the world will produce unsatisfactory gains. He points out the fact that the feeder must be a man of resources and judgment and have an intuitive knowledge of and sympathy with the animal he is feeding. We heartily wish that every one of the hundreds of readers of The Advertiser could read Prof. Boss's splendid article and every one of the series of articles by agricultural experts now appearing in the columns of The Homestead. We have a splendid stockraising country and just the type of intelligent feeders Prof. Boss describes. We are glad to take subscription for this excellent farm paper. Come in and see us about it.

Fight Will Be Bitter

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Keeling, Druggist. Price 50c, and \$1.00 Trial bottles free.

WINTER CORN SHOW.

The sum of \$150 offered by the state board of agriculture for premiums for the annual winter corn show, to be held during the approaching meeting of organized agriculture, will be paid in cash for exhibits scoring over seventy points on the basis of points scored above seventy. There will also be a number of specials, so that the list of premiums offered reaches seventy. Among the specials are the following:

Best exhibit of white corn, edge selection drop planter.
Second best exhibit of white corn walking cultivator.
Best exhibit of yellow corn, edge planter.
Second best exhibit of yellow corn, sweep corn grinder.
Best exhibit of calico or red corn riding listing plow.
Best exhibit of corn raised with a Tower cultivator, corn cultivator.
Each exhibit shall consist of ten ears of corn grown by the exhibitor in 1904. All exhibit must reach the secretary without expense to the association not later than noon of Monday, January 16 1905.

The classes provided for dent corn include yellow dent, white dent, red dent, calico or mixed dent. Under each class are the following sub classes: Length of ear 12 inches or over; 11 to 12 inches; 10 to 11 inches; 9 to 10 inches; 8 to 9 inches; 7 to 8 inches; 6 to 7 inches.

The classes for flint corn are yellow, white, and mixed and each is divided into sub-classes same as above.

If desired the exhibitor may send his corn without designating the class or sub-class; it will be classified by the committee in charge of the exhibit.

For any information that may be desired address T. L. Lyon, Lincoln, Neb.

Richardson county people are generally agitated over the question of good roads, and Judge E. A. Tucker, senator from the First district, expects to take an active part in securing legislation on that subject. In fact he has been active in the work which has already been accomplished in that county.

In speaking of the matter yesterday Judge Tucker said: "I am concerned more about this than any other subject that will come before the legislature, and expect to take an advanced position. Some time ago we had a public meeting at Falls City to discuss the matter, and a good roads organization was perfected. An executive and legislative committee was appointed, and at a second meeting they were instructed to confer with the legislative members and arrange for the introduction of a bill affecting counties of the class of Richardson.

"The main features of this bill will be as follows: Do away with the office of road overseer. Make each township a road district. Make the county surveyor also county engineer, with adequate salary, and with the provision that he must have a technical knowledge of his profession and proper certificate. County engineer to make estimates on road work and on bridges, and all work to be let to the lowest bidder by the commissioners. All poll tax to be paid in cash.

"So far," continued Judge Tucker, "our road work has been of a temporary character, resulting in tremendous expense with no results. The county of Richardson has expended enough to macadamize every road in the county and yet they are in no better condition today than they were a quarter of a century ago."

The idea of the Richardson people is to make their bill applicable to counties of about 18,000 in population, leaving it to smaller counties to grapple with the subject as it is applicable to their communities. Richardson county has a population of 20,000—State Journal.

A Costly Mistake

Blunders are sometime very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough, 25c, at Keeling Drug Store.

We will send the Advertiser, the twice-a-week Lincoln Journal, the Iowa Homestead, the Farm Gazette and the Homemaker, all one year for only \$1.50. The regular price of these papers is \$3.25.

AUBURN LOCALS.

No one but the postoffice observed Monday as a holiday.

County Attorney French can now be found at his office in the court house.

Mrs. Anna Grant spent the holidays with her parents, T. S. Horn and wife.

Quite a number of Auburn people will attend the farmers institute at Johnson this week.

T. H. Gillan and C. O. Snow have dissolved partnership, Mr. Snow retiring from the firm.

Prof. Inman of the State University was in the city Tuesday trying to arrange for a farmers institute.

Mrs. J. S. McCarty, wife of county judge, has been in Omaha during the past week having her eyes treated.

Prof. Wm. Crichton came in from Litchfield where he is principal of a school, to spend the holidays with his wife and children.

Ex-sheriff Frank Cole and ex-representative John C. Shull have returned to their Oklahoma home after visiting friends and relatives here.

Harry Dray, editor of a Weatherford Oklahoma paper, and formerly leader of the band here, is expected to arrive in the city Friday for a visit.

A. C. Wilbs, the drayman, who was caught between a couple of freight cars by a switch engine has been paid \$200 by the company for the loss of his wagon and his bruised foot.

Dr. S. W. McGrew met with a serious accident last Friday evening by falling through a trap door into the cellar, bruising him up quite badly, since then he has been confined to his bed.

Chas. Anderson is in demand about the court house when he comes home for a visit. County Treasurer Dirks now has him employed to assist him during the rush of taxes the first of the year.

Ex-State Senator Peter Berlet was arrested on Monday charged with illegal voting last fall. His old neighbors in Lafayette precinct claim that Mr. Berlet's residence is in Auburn and they propose to test the case in the courts.

While rearranging the contents of his vault, county clerk C. R. Hacker came across the record of the first grand and petit juries who served in Nemaha county at the fall term of court 1855. The following are the names. The first grand term of court Nov. 1855, Robert Gilmore, Riddek Horn, Daniel Cogdill, Jas D Yates, Wm Teague, Tom Heddy, Wm S Hall, Alfred Medley, Jas L Knight, Josiah V Edwards, Jas A Titus, Hiram Alderman, Oscar F Lake, Wm Thurber, Chas Ricketts, Thos L Ricketts. Petit jury, Israel Cotton, Christian Kinder, Jeremlah Lyons, Hector Russell, Robert Horn, W L Chastain, Alex Skeen, Abram F Schearby, John Bennett, Wm Weddell, Isham Edwards, A J Bennidict.

SCHOOL NOTES

New Years Opportunities are now before us. Shall we take advantage of them?

The board took advantage of our vacation and had the floors thoroughly scrubbed. Cleanliness is a "paramount issue" with them. Yes, with us too.

"The whole tendency in American life is to go into business too early and meet failure. It would be much better if the young came up more slowly. The men who invented early school age ought to be hanged."

The plan to dismiss the primary and first grades is only an attempt on the part of the school to meet certain conditions. Of course if it is not successful it will be abandoned. If you do not understand the reason for it, come and let us talk it over together. Our aim is the same.

Did you notice that Mr. Landon in his "make ups" always did it himself? He did not leave the stage to ask anyone's assistance. Did you notice that he did not lose any time, that all the time he was "making up" he was clearing up so that by the time he had "made up" you could appreciate it in the fullest sense? Oh, yes, you say that was simply his art. What is art? Only the ability to do and do it well—so well that you and others can see the beautiful in it. Let's all try to be artists.

It is curious, the kind of habits a community sometimes forms. For instance: Most small towns have fallen into the habit of calling the principal of their schools by the title of "Professor." The time was when that title meant one who had made some original research along some particular line of study and was something of an authority in that line. Now-a-days it is applied to every nabob that comes along with a dog show or an old mummy and they even inflict it upon the well-meaning school teachers. I suppose that after all there is nothing in a name.

The report for December shows a total enrollment of 153, with 133 belonging at the end of the month. The total average attendance was 122 or 92 percent of those belonging at close of month while that of the county was only 90 per cent of those belonging at end of month of November. The total number of tardy marks was 91 just 91 too many. Suppose each one of those pupils was only five minutes late there was lost 455 minutes or seven hours thirty five minutes of school time, not considering the loss of time occasioned by the disturbance they caused in entering at that late hour or the ultimate effect on their character of the formation of such a habit. Does it pay?
