

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

**Notice for Hearing Claims.**  
In the county court of Nemaha county, Nebr. In the matter of the Estate of **W. K. Kelly, deceased.**  
Notice is hereby given that the court has made an order limiting the time for creditors to file claims against said deceased to six months from the 1st day of February, 1905, and that February 13th, May 13th and August 13th, 1905 at ten o'clock a. m. of each day at the office of the county judge of Nemaha county, Nebraska, in Auburn, Nebraska, has been fixed by the court as the times and places when and where all persons who have claims and demands against said deceased can have the same examined, adjusted and allowed, and all claims not presented by the last mentioned date will be forever barred, by an order of the court.  
Dated January 5, 1905.

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Theford's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.  
It costs 25c. a can and saves ten times its price in profit.

Prussburg, Kas., March 25, 1904.  
I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food, but I have found that yours is the best for my purpose.

The Delineator for February, with a beautiful art cover and a varied table of contents, is a most attractive number. As a special feature, Lionel S. Mapleson gives an account of Grand Opera on its travels, a paper that is full of humor as well as of genuine interest and is strikingly illustrated. The romance of Chopin and the beautiful Countess Delphine Potocka is charmingly related by Gustav Kobbe in the "Composers Series," and in an interesting paper Allan Sutherland tells something of the origin and romance of that matchless bygone of Henry Francis Lyte, "Abide With Me." There are also good stories by Mary Stewart Cutting, Anne O'Hagan and Owen Oliver, in addition to the children's corner, which includes one of L. Frank Baum's "Animal Fairy Tales" and a "Son Riley Rabbit" story by Grace MacGowan Cooke. Some of the early Spring styles are shown, and of further interest to women is the chapter on "The Making of a Housewife," containing a world of suggestion. The department "Good Looks," which discusses the forehead, and Mrs. Theodore W. Birney's contribution on "The Mistakes of Mothers" are other items especially helpful.

In the Big Horn Basin, North Platte Valley and eastern Colorado several big irrigation enterprises are practically completed and will be prepared to deliver water this year.

They are offering special inducements in the way of low priced lands and water rights to early settlers. Buy land now—ahead of the water—and reap the big increase in value which will surely follow. It is the best investment in the world for your son if you want to start him out right. In a few years he will be independently wealthy.

The greatest newspaper in Nebraska today is the Lincoln Sunday Star. It has special features not found in any other newspaper. The Star's Comic Section is printed in colors and has no equal in the west. Added to these are the many interesting features that go to make up a great daily newspaper. The Sunday Star has made a great hit, and is a tremendous success.

We want boys in every town in Nebraska to sell the Sunday Star. Other boys are making good money selling the Star. We start you in business free. Prizes are offered each month to the boys who sell the greatest number of Sunday Stars. Write for particulars of this offer and work up your list of customers before some one gets ahead of you. Remember we help you to start in the business. No capital required.

## SCHOOL NOTES

"Out of the dust scum of things"  
"Something always, always sings."  
"The great sources of wisdom are experience and observation, and these are denied to none."—Channing.

Current topics is now one of the regular features of the opening exercises of the high school department.

Several seats are vacant on the account of pupils being sick or absent on visits. We wish the sick ones a speedy recovery and others a pleasant visit.

Miss Pearl Stout, one of Brock school's pupils and a former pupil of Mr. Hendricks at that place, visited our schools last Wednesday.

A local teacher's association will be held in Nemaha Saturday, Jan. 28. Watch for the program in the paper. Patrons and anyone interested in school are urged to be present.

Some patrons are backwards about going to the teachers with school trouble. This should not be. Whatever concerns one of the pupils of the school concerns the teacher. The teacher needs the patron's help and advice.

Teacher's circle will meet at Mrs. Argabright's Friday evening, January 13. The work to be taken up is the first two chapters in "The Geographic Influences in American History." Each teacher is to have a number of questions on each chapter that are to be used in the discussion.

Given: one hour's study on Latin and three hour's skating, all to be accomplished in three hours. Hard problem isn't it? The ninth and tenth grades solve it very easily either by eliminating the Latin or substituting skating. How nice to have studied algebra!

Curious but it is true. The teacher who has taught for any length of time has always noticed that when at any time a pupil had to be placed in a lower grade the parent usually suspicioned the teacher of being unfair. On the other hand she has seldom if ever had a parent object to an advancement of his child and often he urges her to do so when it is not prepared to do the work of the advanced grade.

To the patrons and friends interested in the school:

Many questions have been asked and explanations given in regard to the plan of excusing the two primary grades at recess. We do not intend by so doing to make less the amount of work heretofore done, but simply give these two grades the greater part of our attention for the first half of the morning and afternoon session, thereby doing the same work in a much less scattered manner. We do not wish any one to suppose that this action was taken after this decision made without all due consideration and careful study.

We have in our primary room four distinct grades, averaging about fourteen pupils each. If our patrons will stop to consider the individual demands these little ones make upon our attention and the time required to present and carefully over-see the work they are doing, we feel that you will agree with us in saying, to keep these little folks all busy for the full time of each period is practically impossible.

Our room is small, as most of our patrons know, and the seats, although large and numerous enough and numerous enough to hold fifty-five little people, still they do not make comfortable seats for a period of three hours time with even a recreation period of fifteen minutes.

Yet taking all these difficulties into consideration, we as teachers are not complaining of our task. Far from it. We are simply trying to explain the cause for dismissing the primary grades after a working period of one hour and thirty minutes.

We feel kindly indeed toward those parents who have talked considerably with us on this subject and we hope to show you, if you will so permit us, that children of the primary grades will derive more benefit from the intensive work of half a period than they possibly can from a more scattered field of three hours labor.

We will agree that in a strictly primary school, little folks are kept busy and perhaps profitably so for a greater length of time, but we must meet the problems as they are presented and solve them by the best method, and we after having tried numerous plans and having been displeased with their re-

sults, have decided on this as the best plan by which we can conduct our work.

We ask you then, Will you not willingly, with us, give it a trial? for by so doing you are bringing home and school training into that close relationship, the need of which we all so well realize.

## AUBURN LOCALS.

H. R. Howe spent Sunday at home with his family.

Ralph Kimler died at the home of his parents last Monday aged 25 years.

T. S. Horn, chairman of the republican central committee, was in Lincoln last week.

Mr. and Mrs. Frank Mershon celebrated their silver wedding on New Year's day.

Ex-county Supt. Parriott was in town a short time last week shaking hands with old friends.

Dr. S. W. McGrew is still confined to his bed with the bruise he received in going down cellar without using the stairs.

The Mo. Pac. have placed a switch engine in the yards at this place and a switching crew. This will facilitate the handling of the freight here.

W. E. Weis who has been the reporter on the Republican since last August has accepted a similar position with the Herald of this city.

Wm. Daniels, who formerly lived on a farm near Nemaha, was taken to the asylum last Thursday. Mr. Daniels' mind has been failing for the past year and his friends thought him better at the asylum.

J. M. Burrell and T. J. Crummel returned home from their oil wells at Cleveland, Oklahoma, this week. Their No. 2 well is producing them about seventy-five barrels of oil per day and they have begun work on drilling the third well.

Peter Whitlow, a pioneer of the county, died at the home of his son north of the city last Saturday morning aged 83 years, 4 months and 3 days. Funerals services were held on Sunday at 2 p. m. at the Lutheran church.

Peter Whitlow and family settled in Nemaha county in 1854. Five sons and five daughters were born to them and all grew to manhood and womanhood and are still living except one.

Word reached town Tuesday that Geo. Meisner living four miles southwest of Johnson had committed suicide. County coroner C. A. Lutgen and deputy sheriff Fred Rohrs went out to investigate and found that after threatening to "do up" the family, Mr. Meisner had left home on Monday and after he had gone the wife and children went to a neighbors for protection. The next morning Meisner, not appearing to do the chores, the neighbors began to investigate and found him in the house with the doors locked with the top of his head blown off. He had placed his chin over both barrels of a shot gun and sent both charges through his head. A wife and six children are left, the oldest a boy of about eighteen.

Last summer Mr. Meisner was in the custody of the sheriff for a number of days upon the charge of insanity.
