

Mrs. Mary E. Meserve, of Salisbury, Mass., was cured of Anæmia, a disease in which there is an actual deficiency of the blood, by the use of **Dr. Williams' Pink Pills for Pale People**

She says: "The first symptom was an unusual paleness. Later the blood seemed to have all left my body. I had shortness of breath and fluttering of the heart; was depressed, morose and peevish. I suffered for two years. Physicians did me little good but I am now a well woman because I took twelve boxes of Dr. Williams' Pink Pills."

These pills really make new blood and have cured obstinate cases of rheumatism, scrofula and erysipelas. They are especially useful to growing girls.

ALL CROPS GOOD IN WESTERN CANADA.

"Potatoes the Finest I Ever Saw." Owing to the great amount of interest that is being taken in Western Canada, it is well to be informed of some of the facts that are bringing about the great emigration from portions of the United States.

The Canadian government have authorized agents at different points, and the facts related in the following may be corroborated on application. At the same time they will be able to quote you rates and give you certificates entitling you to low rates on the different lines of railway. The following letter, copied from the North Bend (Neb.) Eagle, is an unsolicited testimonial, and the experience of Mr. Austen is that of hundreds of other Americans who have made Canada their home during the past seven or eight years.

"I presume some may be interested to know how we have progressed this year in the Canadian Northwest. We have no complaint to offer. We have had a good year; crops were good and we have had a delightful season. I threshed from my place 8,650 bushels of grain. My oats made 65 bushels per acre and weighed 42 1/2 pounds per bushel. My wheat made 31 1/2 bushels per acre and is No. 1 quality. My barley made about 30 bushels of good quality. My crop is a fair average of the crops in the Edmonton district.

"All crops were good here this season. Potatoes the finest I ever saw, and all vegetables adapted to the climate. We have had a very fine fall, but no exception to the rule, as the fall season is, I think, the most pleasant of the year. We have had no snow yet (Nov. 9), and have been plowing and working the land preparing for an early seeding next spring. Last night the mercury dropped lower than any previous night this fall, and this morning there is a crust of frost on the fields sufficient to prevent field work. No doubt many would imagine that Alberta had put on her winter overcoat before this, and that the people were wrapped in furs, but it is only a question of time when this country will not be looked upon as an iceberg, but a country fit for the best of mankind to live in.

We are now assured of a transcontinental railway, which is to be built to the Pacific during the next five years. The Canadian Northern Road is graded to within seventy-five miles of Edmonton. It comes from Winnipeg, and will reach us next summer, so with one railroad already at hand, the second to reach us in less than a year, and the third to penetrate our city and open up this country to the west across the Rockies to the coast within five years, we surely have reason to believe that the country is progressing.

Very respectfully,
L. J. AUSTEN.

And He Does the Rest.
Fred—My best girl has a fad for collecting autumn leaves.
Joe—She has, eh?
Fred—Yes; and she has hit upon a novel plan to get them pressed.
Joe—How does she manage it?
Fred—Places them inside her waist.

Not a Grave Error.
Druggist—I'm afraid I made a mistake in filling that prescription you gave DeSmyth last week.
Doctor—Why do you think so?
Druggist—I hear he is getting better.

His Miserable Luck.
Bleeker (just returned from abroad)—What became of that charming little Cumminsville blonde you used to rave so much about?
Meeker—Oh, she married one of her fool admirers.
Bleeker—That's too bad; but you always were unlucky with your love affairs.
Meeker—Yes, decidedly so.
Bleeker—Whom did she marry?
Meeker—Me.

Natural Deduction.
"A woman should always dress to suit her figure," remarked Mrs. Guyer, who was looking through a fashion magazine.
"According to that," said her husband, "if a woman is hump-shouldered I suppose it's up to her to wear a camel-hair shawl."

Alas! Too True.
"You may have observed," said the moralizer, "that there are no thornless roses."
"Yes," rejoined the demoralizer, "and I have also observed that there are lots of roseless thorns."

Worse to Come.
Peckem—Is it true that your wife has left you, old man?
Enpeck—Yes; and that isn't the worst.
Peckem—Why, what could be worse?
Enpeck—She threatens to come back.

Premium Expected.
They were members of the Newport society set.
"And we do get married quite frequently," giggled the one in the purple automobile.
"Yes," agreed the one in the trap, "and I think it a shame."
"That we marry so often?"
"No, that the ministers don't give trading stamps."

The Main Point.

"How can you want to marry my daughter if you have never met her and know nothing about her?"
"But I know all about you, sir."—Chicago Chronicle.

Something Wrong.
Chief of Matrimonial Bureau—Yes, madam, I can assure you positively that this man has no bad habits!
Applicant—I'd be suspicious of him; he's too good to be true!

Accounted For.
"Bangs spends money like a lord. He acts as if it didn't amount to anything at all!"
"It doesn't to him—he's usually blowing other people's money!"

It All Depends.
"At what age does a man usually get bald?" asked the sweet girl student.
"What kind of a man—married or single?" queried the bachelor boarder.

Time Heals All.
The Barber—Did I ever shave you before?
The Victim—Yes, once.
The Barber—I don't remember your face.
The Victim—No, I suppose not. It's all healed up now.

What He Thought.
Hixon—When I began chewing tobacco I thought it would make a man of me.
Dixon—You did, eh?
Hixon—Yes, but shortly after I took my first chew I thought it was going to make an angel of me.—Chicago Daily News.

When Thief Meets Thief.
She (after the kiss was stolen)—You are a heartless thief.
He—I don't deny it; but you are responsible for my being so.
She—How do you figure that out?
He—You stole my heart.

BRUTAL ACT.
Mr. Gotham—So my old friend, Col. Blood-bring, is in disgrace?
Col. Kaintuck—Sent to Coventry. No respectable person will speak to him.
My, my! What did he do?
Struck a gentleman with his fist, instead of shooting him with a pistol, sab.

CAUSE AND CURE OF RHEUMATISM.

Shown by Numerous Cures Made by Dodd's Kidney Pills—They Cure the Kidneys and the Rheumatism, Cures Itself—Remarkable Case of Maggie E. Deckert.
Eagle River, Wis., Jan. 16th.—(Special).—That rheumatism is caused by disordered kidneys is proved by the cures Dodd's Kidney Pills are making in every state in the Union. They cure the Kidneys and the Rheumatism cures itself. A cure that has caused deep interest in this neighborhood is that of Maggie E. Deckert. In speaking of it she says:
"I had kidney trouble and rheumatism and was so lame I could not walk. I could not sleep, for I ached all over. I was in a terrible state and firmly believe that if I had not used Dodd's Kidney Pills I would be dead. I took nine boxes of them and they have done me more good than all the other medicines I ever took. Now my aches are all gone, I can eat and sleep and I am feeling good. I want all the world to know that Dodd's Kidney Pills cured me."

MIGHT HAVE SAVED IT.

A Lot of Trouble from Too Much Starchy Food.
A little boy of eight years whose parents did not feed him on the right kind of food, was always nervous and suffered from a weak condition of the stomach and bowels. Finally he was taken down with appendicitis and after the operation the doctor, knowing that his intestinal digestion was very weak, put him on Grape-Nuts twice a day.

He rapidly recovered and about two months thereafter, his father states, "He has grown to be strong, muscular, and sleeps soundly, weighs 62 pounds, and his whole system is in a fine condition of health." Name given by Postum Co., Battle Creek, Mich.

It is plain that if he had been put on Grape-Nuts at an earlier period in his life, and kept from the use of foods that he could not digest, he never would have had appendicitis. That disease is caused by undigested food decaying in the stomach and bowels, causing irritation and making for the growth of all kinds of microbes, setting up a diseased condition which is the active cause of appendicitis, and this is more marked with people who do not properly digest white bread.

Grape-Nuts is made of the selected parts of wheat and barley and by the peculiar processes of the cooking at the factory, all of the starch is turned into sugar ready for immediate digestion and the more perfect nourishment of all parts of the body, particularly the brain and nerve centers.

LASTING RELIEF.
J. W. Walls, Superintendent of Streets of Lebanon, Ky., says:
"My nightly rest was broken, owing to irregular action of the kidneys. I was suffering intensely from severe pains in the small of my back and through the kidneys and annoyed by painful passages of abnormal secretions. No amount of doctoring relieved this condition. I took Doan's Kidney Pills and experienced quick and lasting relief. Doan's Kidney Pills will prove a blessing to all sufferers from kidney disorders who will give them a fair trial."

Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I heartily recommend Lydia E. Pinkham's Vegetable Compound as a Uterine Tonic and Regulator. I suffered for four years with irregularities and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your Vegetable Compound cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you. Lydia E. Pinkham's Vegetable Compound is better than any doctor or medicine I ever had. Very truly yours, Miss EASY WHITTAKER, 604 39th St., W. Savannah, Ga."

No physician in the world has had such a training or such an amount of information at hand to assist in the treatment of all kinds of female ills as Mrs. Pinkham. In her office at Lynn, Mass., she is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own trouble who will not take the pains to write to Mrs. Pinkham for advice. Her address is Lynn, Mass., and her advice is free.

A letter from another woman showing what was accomplished in her case by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I am so grateful to you for the help Lydia E. Pinkham's Vegetable Compound has given me that I deem it but a small return to write you an expression of my experience.
"Many years suffering with weakness, inflammation, and a broken down system, made me more anxious to die than live, but Lydia E. Pinkham's Vegetable Compound soon restored my lost strength. Taking the medicine only two weeks produced a radical change, and two months restored me to perfect health. I am now a changed woman, and my friends wonder at the change. It is so marvellous. Sincerely yours, Miss MARY HENRY, 429 Green St., Danville, Va."

The testimonials which we are constantly publishing from grateful women prove beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.
