

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Guy R. Harper will leave within a few days for Leavenworth, Kansas, where he has signed to play with the Leavenworth nine, in the Western Association of Base Ball Clubs. Guy is an all round player, and his friends here confidently expect that he will add lustre to his already well earned reputation as a player while in the Oregon club League, last year.—Shubert Citizen.

Schuyler Burson has sold his blacksmith shop, and four lots to J. F. Shubert and wife, and his tools to Mr. Lindsey of Lincoln, and will leave with his family soon for Oklahoma. Mr. Lindsey is said to be a good workman, and we have no doubt but that he will get his share of the patronage.—Shubert Citizen.

The above item refers to C. J. Lindsey, a former resident of Nemaha.

Charley Littrell is certainly an honest boy. A few days ago he found a half dollar on the sidewalk in front of Keeling's drug store, and instead of putting it in his pocket, as many would have done, he had Will Keeling put out a notice that he had found the money and the owner could have it by proving property, and when the owner went to him he gave up the money. Of course it was not much, but the principle was the same as if it had been a thousand dollars.

The Nemaha chapter of the Epworth League was reorganized Tuesday night and the following officers elected:
President—Nellie R. Sanders.
First Vice Pres.—Mrs. Lillian Allen
Second Vice Pres.—Lulu Cooper.
Third Vice Pres.—Geneva West.
Sec'y—E. May Kerker.
Treas.—Claud Maxwell.

The league will meet every Tuesday night at the Methodist church. Miss Lulu Cooper has been appointed leader for next Tuesday night.

Gilbert & McCandless had a big trade last Saturday. They had seven persons engaged in waiting on customers and would have had more probably if the store room had been large enough to let them get around and wait on the customers. As it was, with all their force they could not wait on the people in any reasonable time, but the people had come there to do their trading, and waited patiently until a clerk would get time to attend to their wants. Besides Earle and Ally, there were Mrs. Rose Gilbert, Mrs. McCandless, John M. Clark, Curt Brown and Frank Dressler. They sold a pile of goods. But they have lots left yet.

NOTICE OF VILLAGE ELECTION.

Notice is hereby given that the annual election will be held in the village of Nemaha City on Tuesday, April 4 1905, at which time three trustees will be elected for the term of two years. The election will be held in the Advertiser office. The polls will be opened at 9 o'clock a. m. and will remain open until 7 o'clock p. m.

J. I. DRESSLER, Chairman.
ELMER E. ALLEN, Clerk.

Jake Handley has been using a drag on the road running past the farm where he is living, in Aspinwall precinct, in accordance with the suggestions of D. Ward King of Maitland, Mo., and those who have used the road say it is astonishing what a change it has made in the road already, with only one season's treatment. While other roads were so muddy that it was hard to get along, this section was hard and smooth, so teams could go in a trot. He uses a piece of railroad iron as a drag. If you want to see what effect dragging the road will have, go down and take a look at this piece of road. It is a good object lesson of the practical benefit of the drag system. We hope other farmers will try it. It is surely a good thing.

Sarah Stearnes Gerish vs. Albert Ernest Gerish.

The above entitled case is now pending in the District Court of this county.

It is quite an interesting case. The pleadings indicate that there may be some spicy evidence introduced at the trial.

The plaintiff alleges in her petition that the defendant has failed to support her. The defendant answers and denies some things in the petition. He also says he is willing to support plaintiff if she will go back to him.

The plaintiff has filed a reply, and that is spicy too. In her reply plaintiff files a letter from one Edith Bishop, an Indiana lady. Edith writes that she is surprised that Doctor Gerish is married. She writes that she was formerly engaged to the doctor; that it was her money that paid for the diamonds he wore at college; that she furnished some money to send the doctor through medical college; that the doctor still owes her about \$2000; and that she does not understand why the doctor has kept his marriage from her.

Edith further writes that she has articles belonging to the doctor which she will send to Mrs. Gerish if Mrs. Gerish wishes them, and she seems very anxious to recover the \$2000.

We will watch the progress of the case and report later.

REPORTER.

Veterinary science, dealing with the diseases of our domestic animals, was never more important to the farmer than today. Horses, cattle, sheep and swine all have their besetting diseases and all of them are better understood and more successfully treated than formerly. Live stock interests are constantly growing in Nemaha county, and it is big money in our farmers' pockets to know how to deal with the ordinary diseases prevalent among their stock. The Iowa Homestead of Des Moines, Iowa, is a farm paper which has anticipated this need by establishing a department devoted exclusively to veterinary matters. It is edited and conducted by an expert veterinarian of the highest rank, whose advice is alone worth many times the moderate price of the paper. Already hundreds of the best farmers in our county are subscribers for The Homestead and the Advertiser would be glad to see many more enjoying the benefits of its instruction. We are always pleased to take and forward subscriptions for it. If any of our readers would like to examine a sample copy and will let us know, we will see that it is forwarded.

Fraud Exposed

A few counterfeiters have lately been making and trying to sell imitations of Dr King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & Co., Chicago, Ill., and Windsor, Canada.

Poisons in Food

Perhaps you don't realize that many pain poisons originate in your food, but some day may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back, 55c at Keeling's drug store. Try them.

SCHOOL NOTES

Smile and spread the sunshine.

Talk is cheap. Wonder if that isn't the reason why we hear so much cheap talk.

Can you see good in all about you? If not you need to whet up your sympathies.

Have you seen the March number of the Nemaha County Teacher? If you have not make it a point to see one.

"What one may accomplish in life and what we do accomplish are far apart." Our problem is to make them approach as near to each other as possible.

"The influence of the American home is not for good," is a statement made by a good authority some time ago. Do you believe it? Think twice before you answer.

A school, its character and value, depends upon the sentiment of the community where it is found. There are communities where it is just as impossible to teach a good school as it is impossible to grow corn on Pike's Peak. The atmosphere is not favorable.

Some have asked about the box supper. All ladies are to bring boxes, school children or otherwise. Each person is also requested to bring a lead pencil sharpened ready for use. Wits and observation powers will be in demand too. Remember this is a social as well as a supper so come prepared to be social.

An excellent program was rendered at Brownville last Saturday at the Teachers' Association. Two members of the State Normal faculty and Supt. Simpson of Auburn were on the program not to speak of others who gave some thought provoking material. The next Association is to be held in Auburn April 22.

It is said that seventy of our diseases are transferred through germs and that a great per cent of these are exchanged at school. Though some are carried through the air a large part are transmitted by children using the same drinking cup. The remedy is the use of individual cups. Is it within the bounds of the practical?

The report for the month of March shows a decrease in attendance. The total enrollment so far is 169 or 70 in the primary, forty-seven in the intermediate, and fifty-two in the upper grade. The number on roll at the end of the month is 126. Out of this number we had an average attendance of 109 or about 86 per cent of pupils on roll at end of the month. Through the month there has grown a total of forty tardy marks, much too many for the kind of weather we have been having.

Why isn't it that the better the weather, the better the work? When the bright sunny days come the boy yawns and looks out of the window and somehow his mind will wander down to the brook to that grassy bank where he has often sat with hook and line. Even the elder feels an impulse to do nothing, which he has learned to curb only by long practice. Why is it when everything else moves, the buds bursting, the grass pushing forth, etc., that man doesn't feel the impulse to move as well. Has the Creator made a mistake here?

Grave Trouble Foreseen

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W. W. Keeling, druggist, at 50c a bottle.

We will send the Advertiser, the weekly Lincoln State Journal, the Iowa Homestead, the Farm Gazette and the Homemaker, all one year for only \$1.50. The regular price of these papers is \$3.25.

Order of Hearing and Notice on Petition for Settlement of Account.

In the county court of Nemaha county, Nebraska.
The State of Nebraska, County of Nemaha as To the heirs of David Carroll—their names and places of residence being unknown—and to all persons interested in the estate of said David Carroll, deceased.
Notice is hereby given that J. W. Armstrong has filed a petition praying for final settlement and allowance of his administration account filed in this court on the 21st day of March, A. D. 1905, and for decree of distribution, final settlement, his discharge and such other relief as may be just, and the same has been set for hearing on the 25th day of April, 1905, at 10 o'clock A. M., at the county court room of said county, in Auburn, said county of Nemaha, when and where all persons interested in said matter may appear and show cause, if there be any, why the prayer of said petition should not be granted and if sufficient cause is not shown the court may grant the prayer thereof, and make such further and other orders as may be proper.
Dated this 21st day of March, 1905.
