

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

EXPERIENCES IN THE JAPANESE RUSSIAN WAR

This interesting book is by Marshall Everett, the greatest descriptive writer the world has ever known. It is the story of Japan and her war spirit; the story of Russia and her advance; the story of Manchuria and her possessions; the story of China and her strange customs; the story of Korea and her hermit kingdom; the story of the cause of the war. It tells why England supports Japan; why France supports Russia.

It contains the most thrilling war stories ever told. Startling stories of the war told by the heroes themselves. Thrilling personal experiences. Exciting stories of bravery.

This work contains upwards of 500 pages, and is profusely and graphically illustrated with a vast gallery of battle scenes on sea and land, war incidents, war leaders, war maps, war cartoons, and beautiful colored plates. It is the best illustrated war book ever made.

With the ghastly traces of a monstrous war still fresh upon the land and sea, and the shock of battle yet echoing throughout the world, from the theatre of strife where Jap and Russ meet to determine which shall advance and which retreat, this history of the long predicted struggle for mastery in the east has been prepared. Viewed day by day as the dual tragedy unfolded itself, its ever changing prime features have been indelibly traced in word picture by one familiar not only with the subject, but with the unusual and unexpected. The book is 7x9 inches and is superbly bound in red silk cloth with gilt-embossed side. It is a valuable, interesting and timely work, and you can obtain it practically free.

This book is given to each yearly subscriber to the Lincoln Daily Star, who sends \$3 for one year's subscription and 25 cents additional to pay postage on the book.

It is the greatest premium ever offered, with a daily newspaper. The book is more interesting than any fiction, and is timely as the great war is still in progress.

The Lincoln Daily Star is easily Nebraska's greatest evening daily. Six editions are printed daily, reaching all parts of the state on day of publication. It contains the full leased wire service of the Associated Press; state correspondence for all important points in Nebraska. Its market reports are the latest and are unrivalled for scope and accuracy. Its local and state capital news is always complete and reliable. There is no other daily newspaper in Nebraska that can compare with the service the Daily Star gives its subscribers and readers.

Address Premium Department, Lincoln Daily Star, Lincoln, Neb.

"Hints, Suggestions, Devices and Condensed Letters from Correspondents" is the comprehensive title of a most valuable department of The Iowa Homestead, of Des Moines, Iowa. Each week, in this part of that excellent farm paper, a skilled editor, himself a practical farmer of many years' experience, collects the practical results of American inventiveness on the farm. How to make gates; how to make them stay open and shut and swing free; how to utilize parts of old machines, vehicles, etc., in making new ones for other purposes; forms of troughs, feed boxes, etc.; devices for handling bees; methods of utilizing all kinds of odd materials, etc., are a few of the hundreds of topics covered, of which there appears to be no end.

Thousands of The Homestead's subscribers have declared that this department was alone worth many times the price of the paper. We have no doubt that if every farmer in Nebraska county were a regular reader of these timely "Hints, Suggestions, Devices," etc., it would result in saving thousands of dollars to our county, not to mention the benefits to our agricultural and live stock interests. We take subscriptions for The Homestead at this office.

SCHOOL NOTES

Spring, with promise,

Keep your eyes open.

The primary department is trying the individual drinking cup plan.

A pupil's interest is directly proportional to effort he puts forth. Credit for attendance is not credit for work done.

The third grade paid a visit to the blacksmith shop Monday evening; an attempt to connect the book and the actual.

How much pleasanter it would be if one could reconcile himself not to be affected by what others say or think so long as he is certain he has done right.

The intermediate department is preparing a window garden, the primary a vegetable garden and the high school are undertaking the care of the trees and shrubs of the school premises. We feel that with small effort on the part of each one we can improve the school grounds and at the same time derive benefit in other ways from the work.

The box supper at the school house was a success financially and otherwise. The receipts were fourteen dollars eighty cents or fourteen dollars fifty cents clear of all expenses. This will enable us to form a neat foundation for a library. The interest shown by the patrons, a large number of whom attended, was especially pleasing to teachers and pupils. We would ask you to come again.

There is a line between a gentleman and a certain other class of individuals claiming to belong to the genus homo, which is determined in a great measure by the thoughts and attitude of the individual (as shown by his actions) toward others. A gentleman does not do things simply "to be seen of men." He does a thing because he thinks it is right and not because he wants some one else to think so. One sometimes wonders if the chivalrous spirit isn't disappearing. Let us hope not.

Agonizing Burns

are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve, C. Rivenbark, Jr., of Norfolk, Va., writes "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at W. W. Keeling, druggist.

Grave Trouble Foreseen

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs John A. Young of Clay, N. Y. did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W.W. Keeling, druggist, at 50c a bottle.
