

**Thousands Have Kidney Trouble and Don't Know it.**

**How To Find Out.**

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

**What to Do.**  
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

**DEATH OF WILLIAM BURNS**

William Burns, one of the oldest settlers of this part of the state, and one of the oldest men in the county, died at his home in Nemaha Monday, April 10, 1905, at 4:20 p. m., aged 87 years, 2 months and 6 days.

Mr. Burns has resided in Nemaha or about twenty years, but has lived in Nemaha and Richardson counties for nearly forty-eight years. He was highly respected for his integrity and uprightness. He leaves four sons and two daughters living—Mrs. Mary A. Titus, James M. and Fuller Burns and Emma Burns of Nemaha, Wm. Burns of Idaho, and Warren Burns of Shubert.

The following has been handed us for publication:

Wm. Burns was born in Vermont Feb. 4, 1818. At the early age of 11 he went to New York, and after a time to Pennsylvania, where he was married in 1841. From there he moved to Ohio and later to Nebraska, arriving here in July, 1857, and has had a continuous residence in Nemaha and Richardson counties ever since. His aged wife died May 18, 1895, after 54 years of married life. Since then Father Burns has looked forward to the time of his departure from this life, that he might be reunited with the aged life companion that has gone before. To this union were born ten children, six boys and four girls, four of whom, two boys and two girls, have gone to their reward.

Father Burns united with the church of Christ twenty years ago and his growth in grace and knowledge of the truth was marked from the first, and he continued steadfast, immovable, always abounding in the works of the Lord.

He leaves a long list of sorrowing relatives to mourn his loss, among them being an aged sister in Ohio, together with six children, 25 grand children and 17 great-grandchildren.

Father Burns throughout the whole of his long life was a man of the best of morals and his example is a better heritage to his posterity than much property of transient value.

"I saw an aged man upon his bier. His hair was thin and white, and on his brow

A record of the cares of many years, Cares that are ended and forgotten now.

And there was sadness round and faces bowed,

And women's tears fell fast and children wailed aloud.

His youth was innocent, his riper age Marked with some act of goodness every day.

And watched by eyes that loved him, calm and sage.

Faded his late declining years away. Meekly he gave his being up and went To share the holy rest, that waits a life well spent."

**SCHOOL NOTES**

Have you noticed the trees on the school grounds since their spring trim?

The tenth grade themes are in and promise something worth while. The now perplexing question is, will they get the opera house done in time?

"The best schools are found in those communities in which all the people are interested in doing something for their support." State Supt. Stetson.

Out of the forty-one visitors in the high school department there have only been four parents or visitors who had children in school. Why is it so?

The seventh grade is getting to be small in numbers but they feel that quality not quantity counts. The fewer the members of a class the more individual attention each will get from the teacher.

The Physical Geography class now take laboratory work on Mondays and Tuesdays, writing Wednesdays and drawing Thursdays and Fridays at the period just before recess in the afternoon, thus eliminating the after school work.

Basket ball is still popular among the girls. Some of them show considerable skill in the game. It is an excellent exercise and as a usual thing those who spend their recesses engaged in that game are good students in the school room.

The "A" section of the U. S. History class are doing some excellent work. They are students and that accounts for their ability. It is not so much genius as it is good, persistent, well directed work that wins out in this world. As a rule one worker is worth two geniuses.

There are not a great many pupils who would tell a falsehood but some there are who would injure themselves to the extent of trying to pass work that is not theirs for their own. One is just as great an evil as the other. If one doesn't know anything it is best to acknowledge it rather than to put on a false face.

It is hard, very hard to do two things at once. Do you see that girl over there? She looks at her book for a short time but presently her head drops on her hand and her eyes assume an expression that betokens thoughts far distant from present matters. Perhaps it is of some buggy ride or party or some other irrelevant matter. Well, what of it? What is that to her teacher? The teacher might ask, what is that to her lesson? Listen to her recite when she comes to class. It is, "I don't know," "I didn't get that far," "I have forgotten," etc., through an endless line of excuses and apologies. One will have to be offered upon the altar to Neglect. Which shall it be? Choose the "better part"

**Fraud Exposed**

A few counterfeiters have lately been making and trying to sell imitations of Dr King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & Co., Chicago, Ill., and Windsor, Canada.

A peculiar story of domestic infelicity comes from Shubert.

Hiram Stotts is a highly respected farmer living in the vicinity of that place. He moved there from this county.

He married a girl who is well known here and whose parents are residents of Colorado and are well connected. Stotts had a hired man named Wilson and recently he had reasons to suspect his wife of having intimate relations with the man. He watched them and found that they were making preparations to elope. He confronted the pair with the evidence of their plan and instead of reproaching the wife for her infidelity and going after the hired man with a shotgun for wrecking his home and happiness, he gave them money to go to some distant point where he will never again come in contact with them.

The woman and her paramour were driven to the depot at Falls City by her son.

Where they have gone is only known to they themselves. The sympathy of all the people in the Shubert neighborhood is with the wronged husband. He is a man of fine character and the tragedy that has been enacted in his life is worse than if death itself had entered.—Auburn Herald.

**Grave Trouble Foreseen**

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs John A. Young of Clay, N. Y. did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W.W.
