

What They Say of Prof. Jones

Prof. C. A. Jones of Auburn is highly recommended as a piano tuner, as the following few testimonials, selected from a great many given him by his patrons, will testify:

From Miss Minnie Hay, Auburn music teacher: "To whom it may concern: This is to certify that Prof. C. A. Jones has had the exclusive care of my piano for the past seven years. He is a careful, skillful and successful piano tuner."

From Mrs. Simpson, Auburn music teacher: "To the general public: Prof. C. A. Jones has had the tuning and care of my piano for the past three years. He does much more work than any other tuner, always leaving the piano in perfect condition."

From Mrs. Robert Cain, Stella, Neb., graduate of the Chicago Conservatory of Music: "Prof. C. A. Jones has tuned my piano for the past five years. He is an excellent tuner. When he leaves a piano there is nothing more to be done to it."

From Miss Lafferty, director of music of the Pawnee Academy, Pawnee City, Neb.: "Prof. C. A. Jones has been tuning in Pawnee City for several years, having the tuning of our pianos. His work is highly approved by the best of musicians."

From W. A. Jones, superintendent of the state institution of Nebraska City—1897: "Clarence A. Jones has been connected with this institution for about twelve years. Has finished the entire course of the institution and has three diplomas, from the musical, the tuning and the literary departments respectively. This is the greatest number ever given to any individual by this institution. We take pleasure in recommending him to the public."

Prof. C. A. Jones of Auburn, the best tuner who ever visited Sterling, is in our town today and will remain here as long as work lasts. Put in your orders and have them promptly attended to.—Sterling Sun, March 28, 1905.

Three weeks later the Sun says: "Prof. C. A. Jones of Auburn finished up his work about here Friday, tuning pianos, and went from here to Adams. While here he tuned about thirty-five instruments. He is probably the best tuner that ever visited Sterling. He has been at the work for eighteen years, and besides being a tuner is a musician with state diplomas. When he leaves a piano, there is nothing more to do to it; it is thoroughly tuned and cleaned. Some tuners who have visited here, fool around an instrument an hour or so, charge three dollars and leave the instrument in no better condition than when they began."

**Over-Work Weakens
Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Mr. and Mrs. Jerry Marlatt of Brownville visited Nemaha friends between trains Thursday.

The hard wind Wednesday afternoon blew the roof off the bunk car occupied by Bob Bucher at the depot.

Charley Littrell went to Nebraska City Thursday with a horse which Knapp & Son had sold to a horsebuyer. He went horseback.

Dr. W. S. Cherry of Omaha, who will look after Dr. Gaither's practice during the latter's absence, arrived in Nemaha Thursday forenoon.

Louis Kerker, who has been in Des Moines, Iowa, for about six weeks, returned home Thursday. He likes Nemaha and home better than any city.

Prof. C. A. Jones of Auburn has been in Nemaha for several days, tuning pianos and organs. He is an expert in his line, and his work always gives satisfaction.

Roy D. Smith, son of J. W. Smith, arrived in Nemaha Tuesday, from the western part of the state, where he has been for some time. He expects to remain here for awhile.

We have an interesting letter from W. H. Stowell who is now in the Auburn gold mines near Mystic, South Dakota, but are compelled by lack of space to let it go over for one week.

NOTICE TO BALL PLAYERS

The board of village trustees request us to give notice that no ball playing will hereafter be allowed on the main streets of Nemaha. It is hoped this notice will be sufficient.

Parties having cattle in the town pastures will please call at the bank and pay pasturage and get receipt. If this is not done cattle must be taken out.

F. L. WOODWARD.

Bob Bucher has fitted up the box car that he uses as a bunk car while waiting for the freight to come in, in fine shape. It is divided into two rooms, and he has papered the bed room, has matting on the floor, a nice bed, pictures, bookcase, etc. It is a nice place to stay in now.

County Commissioners Ord, Doolittle and Cummings and County Clerk Hacker were in Nemaha Wednesday. The commissioners came down to look at the road to the cemetery, and Charley Hacker came along for company and to see his Nemaha friends. The commissioners recognize the necessity of a public road to the cemetery, and it is probable arrangements will be made to give us one.

To the public:

During my absence Dr. W. S. Cherry of Omaha, Neb., will attend to my practice. You will find Dr. Cherry an up-to-date man worthy the confidence of any one. He is a man of considerable experience for a young man. Dr. Fay has known him for three years and speaks very highly of him as being proficient. Mrs. Cherry will remain in Omaha for the present.

Very Truly,
DR. H. S. GAITHER.

The Auburn Music Co., of which T. H. Gillan is manager and Geo. E. Dye in charge of the department of field work, will have an opening in their new store, west of the court house, on Thursday, Friday and Saturday, May 11, 12 and 13. A general and cordial invitation is extended to all to visit them on these days, inspect their stock and prices. The reputation of these gentlemen for honesty and uprightness is a guarantee that customers will be treated right. A genuine "Baldwin" piano is now on the floor, also a good line of Ellingtons and Howards. Over 1,000 selections of sheet music at a very low price. These gentlemen will give prompt attention to all business, and guarantee satisfaction in every respect. If you need anything in their line let them know.

How's this?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Take H. H.'s Family Pills for constipation.

REARRANGED RURAL ROUTES

Considerable change has been made in rural route No. 1, to take effect May 15. This change was made in order to accommodate a larger number of patrons. The route will run as follows: Beginning at the postoffice the carrier will go to the west part of town, then west past Harry Hoover's farm, south to the bridge, southwesterly to the center of section 10, at Mrs. Fuller's farm, south a half mile, east a mile and a half to J. H. Seid's corner, south three miles, to the Shockey school house, west one mile, north two miles to the southwest corner of Rufus Rowen's farm, west two miles to Fred Hoover's corner, north one mile to J. A. Stephenson's corner, east one mile to the Champion schoolhouse, north one mile to W. T. Russell's corner, west one mile, north one mile to the Auburn road three-quarters of a mile east of Bracken, east two and one-eighth miles to Wm. Hawxby's corner, north one mile to the Cumberland Presbyterian brick church, east one mile, south one mile past the poorfarm, east seven-eighths of a mile, then south to the postoffice. The new route will be 25 1/2 miles long.

Little change is made in route 2. Instead of going through section 28 on the half section line the new route goes to the southwest corner of that section, then east one mile, then north a half mile, then east almost a mile, then southerly to the county line, then to St. Deroin and back to Nemaha as heretofore. This line will be 26 miles in length.

In this week's issue of The Homestead Dr. A. S. Alexander, of the Wisconsin Experiment Station, gives some good advice on feeding the work horse. He points out that the average horse is fed too much hay, and as a consequence the animal is not able to do his work easily and without appreciable loss of strength and vitality. The same is also true of the corn-stuffed horse. He points out that although hay and corn are the cheapest foods to be found on the average farm, yet when it comes to feeding the work horse it will pay to use some oats and also a little bran. He advises reducing the corn ration two-thirds and making up the balance with oats and bran. This will make the horse healthier and will enable him to do his work with much more ease. As this is the time of the year when the life of the farm horse is a somewhat strenuous one, we are of the opinion that all of our readers would be benefited by a careful perusal of Dr. Alexander's article. If your name is not already on the subscription list of The Homestead we believe that it would be to your interest to call at this office the next time you are in town and see us about placing it there.

Remember, we will take your subscription for any newspaper published anywhere in the United States and can usually save you money.

TAKE WINE OF CARDUI AT HOME

Are you a sufferer?
Has your doctor been unsuccessful?
Wouldn't you prefer to treat yourself—AT HOME?

Nearly 1,500,000 women have bought Wine of Cardui from their druggists and have cured themselves at home, of such troubles as periodical, bearing down and ovarian pains, leucorrhoea, barrenness, nervousness, dizziness, nausea and despondency, caused by female weakness. These are not easy cases. Wine of Cardui cures when the doctor can't.

Wine of Cardui does not irritate the organs. There is no pain in the treatment. It is a soothing tonic of healing herbs, free from strong and drastic drugs. It is successful because it cures in a natural way.

Wine of Cardui can be bought from your druggist at \$1.00 a bottle and you can begin this treatment today. Will you try it?

In cases requiring special directions, address, giving symptoms, The Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

SCHOOL NOTES

Our little girls can play basket ball too.

"Keep your mind on your work and try hard."

"The young man who expects to retire from business early in life should get up early in the morning."

The tenth grade will go to Auburn next Saturday to have their pictures taken. The class from Brock is to be there at the same time.

"Commencement" should not be made so grand as to cast reflection upon the ending. Better a modest beginning with a more elaborate "finale."

Quite a number of patrons were present Friday to inspect the work of the school. Patron's day seems to be coming as a regular feature of school systems.

There were only four teachers in Nemaha county that attended every teacher's association in the county. The teachers of Nemaha made three of the four.

Intermediate department are in receipt of some new geographies which were badly needed. "A good teacher can teach without books" just about as easily as a good farmer can farm without tools. Our board, however, has been quite liberal in purchasing books.

Commencement exercises will be held in the M. E. church May 19th. The church being small the class felt that it would be needful to limit the number admitted by issuing tickets. The price was fixed at fifteen cents for school children and twenty cents for adults. The Baccalaureate sermon will be preached at the Christian church the evening of May 14th by Rev. F. L. Pettit of Auburn.

The report for April shows a great fall in attendance causing one to infer that there are some pupils who go to school only when they have nothing else to do, making attendance at school a sort of a side issue. The total enrollment to date is 165, the number in attendance at last of month 123, the average daily attendance for the month was 105 and the total number of tardy marks 34. The number of non resident pupils attending school during the year has been 15; of which seven were in the high school, four in the intermediate and four in the primary department.

Is the biennial election law unconstitutional? Governor Mickey is of the opinion that it is and this week Attorney General Norris Brown, at the request of the governor, will file a test case in the supreme court. The suit will be a friendly one and will be in the nature of an application for a writ of mandamus to compel the governor to issue a proclamation for a general election to elect one supreme judge and two regents of the state university.

The necessary papers are being prepared in the office of the attorney general. Governor Mickey, while in favor of biennial elections as economy to the state, has been of the opinion that the method adopted by the legislature of inaugurating the change was unconstitutional. He did not, however, wish to assume the judicial duty of passing upon the constitutionality of such an important measure, and approved the bill on an agreement with the attorney general that a test suit would be brought.

"Biennial elections undoubtedly would save much money to the state," said Governor Mickey to The Star Monday morning. "But I am of the opinion that the only proper way to bring about the change would be by constitutional amendment. However if the bill really is constitutional I will be pleased with the system."—Lincoln Star.

We will send the Advertiser, the weekly Lincoln State Journal, the Iowa Homestead, the Farm Gazette and the Homemaker, all one year for only \$1.50. The regular price of these papers is \$3.25.

Grave Trouble Foreseen

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W. W. Keeling, druggist, at 50c a bottle.

BOULONNAIS
45948

Imported Percheron, black or seal brown, a very rich color, heavy bone, good feet and action, kind disposition, and will weigh 1800 when in good flesh.

BOULONNAIS was foaled April 26, 1899, bred by M. Poirier, St. Uphaux, Sarthe, France. Sire, Morse (40883), he by Besigue (18992), he by Brilliant 111, 1116 (2018), to lowing a noble ancestry back to the famous Jean-le-Blanc (739). Dam, Brepis (21409), by Oscar, belonging to M. Le Marquis d'Argent.

LUDWICK
32673

Standard and registered, sired by Pat L. 2:09 1/4; dam, Sadie Vera by Talavera; 2nd dam, Betsy Trotwood by McMahon, 2:21. Dark bay, foaled in 1897, stands 16 1/2 hands high, weighs 1350 pounds.

Both horses will make the season of 1905 at the N. C. Bohl farm, 40 rods east of Howe, Nebr. Boulonnais at \$15.00, and Ludwick at \$10.00, to insure mare in foal, money due when mare is known to be in foal. Care will be taken to prevent accidents, but should any occur will be at owner's risk.
