We must earnestly request of all who are indebted to us to make arrangements to settle their accounts, as we need the money to settle up our business. Our business relations with all of our patrons have been very pleasant and we trust we may be able to do more in the future.  
Respectfully,  
GILBERT & McCANDLESS.

The weather remains very cool most of the time.

All republicans should remember the primaries Saturday afternoon.

A number of farmers have had to replant corn and others find they will have to do likewise.

Mr. and Mrs. Will Bousfield drove in from Auburn Thursday afternoon and visited a few hours with friends.

We have had several showers the past week, but the ground is quite dry and rain is needed. Small grain is suffering.

Mrs. A. R. McCandless gave a reception to the graduating class of the Nemaha high school Tuesday evening. Those present spent a delightful evening.

The commencement exercises of the Nemaha high school will be held at the Methodist church tonight (Friday). Reserved seats on sale at the Keeling drug store.

The article by Miss Ethel Sherwood in this issue should be preserved by those who are interested in our schools. It is an interesting article and worthy of preservation.

Mr. and Mrs. Geo. Hollinberger of Bostwick, Nebr., visited Mr. and Mrs. W. E. Wheelon from Friday until Monday. Mrs. Hollinberger and Mrs. Wheelon are sisters.

C. P. Barker, J. H. Seid, Louis Shafer and E. F. Burson are attending court at Auburn this week. Seid and Shafer are on the grand jury and the other two on the petit jury.

If Judge Holmes looks like the alleged picture printed in the Lincoln Star he certainly must deceive his looks wonderfully or the republicans of Lincoln are hard up for a candidate.

Nat and Joe Titus, Curt Brown, Frank Dressler, Perry Rowen, Homer Stokes, Robert Stephenson, Roy Argabright, Ole Roberts and Frank Harford went over to the Nishna Tuesday on a fishing expedition.

Do not forget to attend the social and bazaar at the Hoover store room south of the Keeling drug store tonight. Strawberries and ice cream will be served and fancy work and other articles not so fancy will be sold.

Parties having cattle in the town pastures will please call at the bank and pay pasturage and get receipt. If this is not done cattle must be taken out.

F. L. WOODWARD.

The third quarterly meeting of the Methodist church at Brownville that was announced for tonight has been changed until next Friday. Preaching at night by Presiding Elder Wright. Quarterly conference Friday afternoon at 2:30.

The republican primaries for Nemaha precinct will be held at the Advertiser office Saturday afternoon of this week, beginning at four o'clock. It is hoped there will be a good turnout. The convention will meet at Auburn next Monday.

Earle Gilbert had his first experience with a gasoline engine a few days ago. He was working with the one in the elevator while it was running and it caught his thumb, mashing it badly. Dr. Cherry had to take two stitches to close the cut.

John B. Quay, assistant superintendent registry system, of Washington, D. C., gave the Nemaha postoffice a visit Saturday forenoon, going from here to Auburn. He is visiting all the offices and giving instructions regarding the registry business.

The remains of Lucius Church are being removed today from Bedford cemetery and placed by the side of the remains of his father, Jarvis S. Church, in Sheridan cemetery. Lucius B. Church died very suddenly twenty-five years ago last February in the chapel of the State University.—Granger.

It is said one of our young men who wants to look just right when he goes to see his best girl, wears his rubber boots in muddy weather until he gets to the house, and then changes for his nicely blacked shoes, which he has carried with him.

F. L. Woodward started for Wilmington, Ohio, last Saturday, on business connected with the Rombach estate. Mr. Woodward has been agent for the Rombach land in Aspinwall precinct for several years. He returned home Thursday.

David Frazier is using the drag on the road from his house east, with beneficial results. There is no doubt but that this is a fine way of making good roads at little cost except for the work put on them, and we hope more of our farmers will adopt this method.

Rev. F. L. Pettit, pastor of the Christian church at Auburn, preached the baccalaureate sermon in the Christian church in Nemaha Sunday night, to a crowded house. His theme was true education, and the sermon was the best we have listened to for many years. He is an able man. The people of Nemaha will be glad to hear him often.

Col. Davenport, veteran grain buyer of Shubert, is in the Nebraska City hospital, being treated for paralysis and Bright's disease. There is little hope for improvement. He is now almost helpless. The many friends of the genial gentleman will regret very much that his condition is so serious. His friends are numbered only by his acquaintances.

A sign on Edward & Bradford's scales Monday read "Girl Wanted." Whether Earle Stautville took this method of letting the young ladies of Nemaha know that he was in the market or not we do not know. But though Earle is a little bashful, we hardly think it is necessary for him to advertise for a girl. If it is, he should patronize the newspapers.

Mrs. C. W. Roberts and Ben T. Skeen received a telegram Wednesday afternoon that their mother, Mrs. Malinda Skeen, was very sick. Mrs. Skeen makes her home with her oldest son, A. J. Skeen, near Eskridge, Kansas. As she is near ninety years of age, her recovery is very doubtful. Mr. and Mrs. Roberts and Mr. Skeen started for Eskridge Wednesday evening.

W. F. Thompson of Brownville was the victim of a burglary last Friday night. Some unknown party entered his bedroom and stole \$46 and a gold watch. The fellow had evidently been preparing for the job, as the dog had been poisoned a few days previously. Mr. Thompson had just received his pension check, which fact was probably known to the thief. No suspicion is held as to the one who is the guilty party.

M. T. Conner of Auburn was in Nemaha a few hours Tuesday afternoon on his way to Kansas City with a car of cattle and one of hogs, which he shipped from Bracken. Mr. Conner has formed a partnership with Dick Chambers in the stock shipping business. Mr. Conner is one of the substantial farmers and business men of the county, and generally makes a success of what ever he undertakes. With Dick as rustler they should certainly make a success of the business.

Remember that W. W. Sanders writes insurance. He is agent for several first class companies, both mutual and old line. His rates are as low as any. Give him a call.

Agonizing Burns are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at W. W. Keeling, druggist.

The Nebraska Agricultural Experiment Station has just issued Bulletin No. 88, which deals with the control of apple scab and cedar rust. The bulletin tells how these diseases of the apple work, gives the results of experiments in spraying to control them, and directions for the preparation and use of the necessary spraying mixtures. The bulletin is sent free to residents of Nebraska upon request addressed to the Agricultural Experiment Station, Lincoln, Nebr.

AUBURN, Neb., May 16.—Wallrich Ubben of this city, has been highly complimented by the bureau of forestry department of the national government. Last week he received a communication from Frank G. Miller, first assistant, Washington, asking for information concerning the catalpa grove on Mr. Ubben's farm, south of town. This is one of the largest artificial groves in the country and last year was inspected by a corps of government officials who measured the trees and collected information concerning the planting and growing. Since 1902 he has sold \$200 worth of catalpa posts from the grove and has only thinned out a few trees.

### Fraud Exposed

A few counterfeiters have lately been making and trying to sell imitations of Dr King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to be aware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E.
