J. W. Armstrong of Auburn says the Nemaha cemetery is in the best condition of any he has seen anywhere. It is certainly in good condition now. W. W. Liebhart, the sexton, is doing fine work, and should have the cooperation of all our citizens.

The funeral services of Mrs. Malinda Skeen were held at the Cumberland Presbyterian church, three miles northwest of Nemaha, last Saturday. There was a large crowd of sorrowing friends in attendance. MEETING of BOARD of EQUALIZATION

The County Commissioners will meet as a board of equalization on June 13th, when and where all persons having grievances should appear and have the same examined and adjusted.

The congressional convention met at Falls City Thursday night of this week to nominate a candidate for congress. Richard F. Neal has the endorsement of this county and it is hoped he will get the nomination. As the Advertiser goes to press Thursday afternoon, we are unable to give any idea of the situation.

The Nemaha politicians are looking closely after the interests of their congressional candidate. Frank Woodward went to Falls City Wednesday. Nat Titus went down that night, and Elmer Allen and Jimmy Stephenson went down Thursday. If they do not make the congressman it will not be their fault.

Poke Young was up before Judge McCarty Tuesday on complaint of Fred Lampe, jr. It seems that Poke used pugilistic means in an argument with Mr. Lampe and threatened to "do him up" or pound him to pieces. Jake Handley, Alf B. Kinton, David Frazier, E. L. Paris, C. L. Russell and W. W. Seld all have drags and are using them in working the roads. They make a great improvement, smoothing and hardening the road, filling up the holes and leveling the bumps. If every farmer would do likewise we would soon have the finest roads anywhere in the country.

The republican convention Monday was a short and peaceful affair. After the organization a motion was made that Richard F. Neal be endorsed for congress and be allowed to select his delegation. This motion carried unanimously. The precinct delegations then selected the members of the central committee and the convention adjourned. G. N. Titus and F. L. Woodward are delegates from Nemaha precinct.

The patrons of Maple Grove school, two miles northwest of Nemaha, gave the teacher, G. E. Sanders, a surprise last Friday, by gathering at the schoolhouse at noon with loaded baskets and having a picnic dinner. This was the last day of the term. Mr. Sanders has taught a good school. Tables were arranged in the beautiful maple grove surrounding the schoolhouse, which gives it its name. The dinner was a splendid one, just such as the ladies of that neighborhood always serve on such occasions, and seemed to be thoroughly enjoyed. A short program was given after dinner and the remainder of the afternoon spent in visiting, playing ball, etc.

Joseph M. West has leased ground of Mrs. Elvira Banks for a brick yard and has the ground ready and will begin work at once making brick. He expects to have a kiln ready for market in about a month. He is pushing the work right along as fast as possible. It is hoped he will receive all possible encouragement, as the manufacture of the brick will be a good thing for the town. Mr. West guarantees the brick will be of first class quality, and as he has been engaged in this business for a quarter of a century, he understands his business. If our citizens need any brick they should patronize the home yard if they can get good brick and we do not doubt the quality will be all right.

Remember, we will take your subscription for any newspaper published anywhere in the United States and can usually save you money.

Remember that W. W. Sanders writes insurance. He is agent for several first class companies, both mutual and old line. His rates are as low as any. Give him a call.

Co. Supt.

The business men of Howe are organizing an association, the object and purpose of which is to promote the business interests of that little town. All probabilities are that an incorporation will be perfected and some of the things considered possible are the establishment of a cream station and flour mill. Howe is situated in the center of one of the richest agricultural districts in the state and more grain and live stock are shipped from that point than any other along the main line of the Missouri Pacific. Those who are interested in this enterprise are John T. Cox, E. J. Tucker, L. Coeur and W. H. Lohr.—Republican.

Manager Geo. H. Clendenin of the Nebraska Telephone Co., with an assistant, was in Nemaha a few days ago, putting in a new system that changes the manner of calling different stations. Hereafter all of the phones south of Peru will work through Auburn. The person wishing to talk will not ring as heretofore, but will simply take down the receiver. This will signal Auburn, and you will then be given the party you wish to talk to. When the receiver is taken down a lamp is lighted in the central office at Auburn. It is said this change is made to give better service and also to put a stop to the indiscriminate use of the toll lines by parties along the line.

About thirty members of the South-eastern Nebraska Fruit Growers' Association from Otoe, Johnson and Richardson counties were in attendance at the meeting held at O. P. Dovel's office last Friday afternoon. The committee on freight rates reported that they had secured a reduction of 33 per cent on car load lots from the Burlington and Missouri Pacific west. This puts apples, peaches and pears in class B instead of 4th class as heretofore and means a saving of about \$30 on a car. The committee on express for small fruit were not able to report at this meeting, but arrangements were made to send out two advance salesmen, one from Tecumseh and one from Auburn, to make contracts for future shipments in the territory west and northwest.

The association expects to get a rate of 25c per hundred on small fruit where they now have to pay 50c.—Republican.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Keeling's drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Jess Vanness of 2524 N street, South Omaha, was found in his room suffering from an overdose of chloroform, taken evidently with suicidal intent. Drs. Sappard Delaney worked over him for an hour, but were unable to furnish any relief, and he died about 10:30 last night. Vanness was about 21 years old and came to South Omaha from his home at Brownville, Nebr., working occasionally around different restaurants in this city. For several weeks past he has been despondent, and it is thought that this was the cause of his killing himself.—Omaha Bee, May 27.
