Rev. G. M. Jones, pastor of the Methodist church at Brock, attended the meeting of the Holiness association at Nemaha Wednesday, preaching in the afternoon.

Misses Minnie May and Stella Washburn returned home Tuesday afternoon from Lincoln, where they had been attending a convention of the Christian church.

We will send The Advertiser and The Nebraska Farmer both one year for only \$1.35. The Farmer is one of the best farming papers published. Leave your subscription at this office.

Miss Hillier of Johnson came to Nemaha Tuesday afternoon, to attend the monthly meeting of the Nemaha County Holiness Association, held Wednesday. She returned Thursday.

E. D. Rogers came in from Auburn last Saturday, acting as one of the pall bearers for H. L. Campbell, and then visited with his son, L. D. Rogers, and his daughter, Mrs. Chas. G. Duerfeldt, until Tuesday.

The Granger fails to tell us where we will find the "monstrous doctrine" in the Methodist church that teaches that Bro. Harmon of the Christian church, or any other Christian of any other church, will not gain heaven. Bro. Dundas has got so in the habit of finding fault with all churches, and people pay so little attention to his assertions, that he imagines probably that all he says is taken for truth. But he should be willing to own that he is mistaken when he speaks of so "monstrous a doctrine," or else give us the doctrine and tell us where we can find it.

Mr. and Mrs. Geo. N. Sanders of northeast London precinct visited Nemaha friends Wednesday.

Misses Roxie and Hazel Parker and Master Harry drove in from Auburn last Saturday. Miss Hazel and Harry returned home Monday. Miss Roxie will visit a few days.

The Nemaha county fair will begin Aug. 29, lasting until Sept. 1. Preparations are being made for a big county fair. Let every one do his part and the fair will be a success.

For Sale—A second hand Dempster wind mill—8 foot steel wheel, 30 foot steel tower. Steel Anchorposts. Will sell at half price, and set it up. WESLEY H. CLARK.

Stand Right Privileges

F. L. Woodward is the committee on stand rights for the old settlers picnic, to be held August 24. All who want stand rights should apply to him.

A. N. Harris's son gave Rural Carrier Rumbaugh a half bushel of fine assorted apples, Mrs. Tibbles a mess of roasting ears, A. M. Cross cucumber pickles, cabbage and watermelons, and Mrs. Cora Gongwer's son some cabbage.

Norman Mead returned to Blue Springs Monday. He rented the Allen farm, where John H. Knapp is now living, a mile and a half southwest of Champion school house, and will move back here. John Knapp has leased a farm near Howe.

The condition of the Nemaha cemetery elicits universal praise from all who see it. W. W. Liebhart is just the man for sexton, and Elmer E. Allen looks after all matters connected with this home for the dead with watchful care. Both are deserving of much commendation.

The Champion nine and the Juniors played a game of ball last Saturday, the Juniors winning by a score of 13 to 19. On Wednesday the second game was played, resulting in a victory for the Champions by the score of 12 to 13. The boys are getting to be good runners, if nothing else.

W. O. W. TAKE NOTICE

There will be a meeting on next Wednesday evening, Aug. 18. There will be business of importance. All members are requested to be present without fail. By order of W. W. LIEBHART, C. C. A. B. PARIS, Ad. L.

Monday afternoon Wm. W. Seid broke the large gear wheel to his threshing machine while moving it from one farm to another. He phoned to Lincoln for another wheel and the next afternoon had the wheel in its place and was at work threshing again. The telephone in this case saved him considerable time, and time is money with a threshing outfit.

W. W. Liebhart has been grubbing out the trees in the roadway leading to the cemetery. As soon as Mrs. Hoover has a fence built the road will be thrown open to the public. It will be graded where needed and put in good condition all the way from the public road to the cemetery. This will be a public road hereafter, and road work done on it the same as any other road, the county having bought the right-of-way from the cemetery to the section line north, and Mrs. Hoover and Mrs. Rose Gilbert generously donated the land necessary for a roadway from there to the public road west, along the north side of the old pasture. Hereafter the public can get to the cemetery without having to open gates.

A Letter from Washington

The following is a letter written to Mrs. J. M. Fuller by her niece, and is of so much interest that we publish it:

BURLINGTON, WASH., July 26, 1905.
Dear aunt Lizzie Fuller:—Well aunt I have got so much to tell you I do not know if I will get it all told this time or not. Well first of all we have no storms here no lightning or thunder. Plenty of dust in the summer but no wind so it does not bother much. This is a mild climate, cool in summer and not very cold in the winter. Potatoes can be left in the ground all winter and they do not have cellars here, they have outbuildings called roothouses. Another good thing there is always market here for everything, we have fruit canneries, fish canneries, creameries, etc. all over the marsh.

Our little town has 9 large warehouses larger than any barn I ever saw back there, they are for the farmers to store hay and oats in. Hay is \$15 to \$18 per ton, potatoes are \$1.75 per 100 lbs., creamery butter is 25 cents per lb., eggs are 27 cts per doz., sweet cherries are 25 cts per gal, sour ones are 35 cts. We have 3 kinds of blackberries and about a dozen kind of raspberries. Pears of all kinds more plentiful than apples, and prunes and plums a dozen or more kind. We have 5 acres they fell one dead tree 3 hundred feet high. There is a log not far from here 9 feet through. One neighbor last summer raised 108 sacks of potatoes on less than an acre of land. There are 100 lbs in a sack and they got \$1 per sack. One man sold \$150 dollars worth of strawberries this year from one-eighth of an acre and this was a poor year for berries as the frost killed the strawberries and the early blackberries. One cherry tree had 42 gallons of cherries on last year.

Well aunt you asked me if I had a cow, I haven't any yet but Earl is going to get me one soon he will have \$40 coming Saturday night. He got me a sack of sugar a while back. Billie makes three dollars per day and Earl works nights and makes two and sometimes quite a bit over two. Our town is growing fast we have a new stone bank building two stories high, a new barber shop is being built and a new store building and lots of dwellings and a new Catholic church. There are three shingle mills in town all running, we also have electric lights. There are eight regular passenger trains daily and they are always full of passengers. There are lots of people going camping now that their hay is up and they fish, bathe and eat clams and have a good time. We bought salmon last summer as large as we could carry for ten cents each. Billie does not like salmon very well any more but likes the mountain trout.

The Methodist aid is at one of my neighbors this afternoon. They have a lovely lawn and the lunch is to be served on the lawn. There is also to be a gold medal contest Friday evening at the Methodist church. There is something going on all the time, there is a home talent play soon, called Out in the Street.

Well aunt ma has said that Orb is coming out this fall, I hope he does and that he will bring ma with him. Land here on this marsh is the richest land in the west and when it is cleared is worth a good deal. About 10 or 12 miles from here some land has sold for \$500 per acre. Hay and oats grow from 5 to 7 feet high. Oats make over 100 bushels per acre, hay 3 to 5 ton per acre. Everybody says we will have a lovely place when we get it fixed up. The men do not have much time to work at home and work on public works too. We are putting in a front picket fence and want to get several outbuildings built this fall if we have good health.

There are good schools out here. Louis did not miss a day all last term nor was he tardy so he was presented with a cloth bound story book and also a certificate. Goldy only missed 3 days on account of sore throat. They have the loveliest outdoor flowers here I ever saw, one lady has 60 different kinds of

roses some as large as saucers. I do not know if there is any house plant ere that you do not have back there or not but I will try and find something odd to send you soon. If you know of any you would like you name it and I will try and find it.

Well aunt there is to be a minister from the far east close, by the name of Russell. He is the founder of our christianity. They believe that God's kingdom will be set up here on earth by 1914 so that may be in your day and just so soon the dead will be raised and have a chance to repent. I am going to one day's convention if I am well and can.

Well aunt I guess I will close for this time as this is boiled down facts they will keep till another time. So give my love and best wishes to all. Hoping to hear that this will find you well and happy, so answer soon.

From your niece,
ANNIE HENRY.

Mrs. P. G. Swan and daughter, Mrs. Swan, are visiting their daughter and sister in Oklahoma.

The meetings at the Methodist church are well attended and great interest is manifested. Sunday night the church was crowded. Meetings are held every night and every afternoon except Saturday. Sunday afternoon Mrs. Jacobs held a meeting for the children. Rev. Jacobs preaches some strong sermons, and it is regretted that he has to leave next Wednesday to fill an appointment at Trumbull-Nebr.

Mr. and Mrs. John Hawxby and Miss Nannie Day, their granddaughter, expect to go to Bradshaw, Nebr., the first of next week, on a visit to Frank Hawxby. This will be Mr. Hawxby's first visit away from home for a number of years. He is one of those farmers who believe in looking after things themselves, and his farm shows the result of his supervision. He is one of our best farmers and is deserving of a vacation. It will do him good.

Mrs. John T. Webber has had very poor health for some time, and the doctors say she must have a change and quit work entirely for some time if she wants to live. She is now visiting at Beatrice, and will go from there to Sterling shortly. It was thought for awhile that Mr. Webber would have to take her to the Pacific coast for a couple of months, but it is now thought that if she gets away from home surrounding and has a good time visiting it may have the same result. It is hoped she will soon regain her health.

The republicans certainly have good material from which to select candidates for offices to be filled this fall. Of course there will be no opposition to D. J. A. Dirks for treasurer, and Geo. D. Carrington for superintendent. For judge M. S. McIninch is the only candidate. For sheriff and clerk, however, there are candidates galore. For sheriff Fred Rohrs of Douglas precinct, W. S. Russell of Nemaha, Geo. H. Sutton of Bedford, Stephen Cooper of Aspinwall, Peter Berger of Glen Rock, and Ben Stover of Benton all think they would like the job. For clerk, J. M. Wright of Douglas, Frank Titus of Nemaha, John Kleckner of Benton, Joe Gilliland of Peru, and W. E. Redfern of Glen Rock are all candidates. And there will probably be more, as the primaries will not be held for four weeks more.

We had the pleasure a few days ago of visiting J. Wolfe and his wife at their beautiful home in Aspinwall precinct. Mr. Wolfe has made great changes in the appearance of the place since he bought it, about a year ago. He has one of the most convenient farm houses we know of. The rooms are finished off nicely, there being a blue room, green room, white room, etc. He has a large barn, 36x40 feet, with a large hay mow, and everything in it is arranged for comfort and to save work. Mr. Wolfe knows how to farm and is not afraid of work. He sold 4,000 bushels of corn a few days before we were there, but had not commenced to deliver yet.

A Bad Scare

Some day you will get a bad scare when you feel again in your bowels and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure for all bowel and stomach diseases, such as headache, biliousness, constiveness, etc. Guaranteed at Keeling's drug store, only 25c. Try them.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat bronchitis, etc. Positively prevents pneumonia. Guaranteed at Keeling's drug store, price 50c and \$1.00 a bottle. Trial bottle free.
