WINE OF CARDUI
 816 Wells Street, MARINETTE, WIS., Sept. 25, 1903.
 I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

We will send the Advertiser, the weekly Lincoln State Journal, the Iowa Homestead, the Farm Gazette Agent Minick and wife, who are well acquainted with Frank Titus, speak well of him and are anxious to see him nominated for county clerk. —Johnson News.

G. N. Titus was up from Nemaha Friday in the interests of the candidacy of his brother Frank for county clerk. We have not heard anything except good words for Frank Titus and we believe he is well worthy of the nomination. —Johnson News.

J. L. Speece and E. F. Burson, with their wives, went to Geneva, Nebr., Monday, returning Thursday. They went to look at the country, as they think of locating there. Mr. Burson recently sold his farm in Aspinwall precinct to Mr. Uplegrove of Per., and Mr. Speece's farm is for sale. They like the country around Geneva but did not buy.

A Falls City correspondent says: Believing that this town is run on a too wide open policy and that it is about time to drive the questionable element from the town, as well as to stop Sunday baseball games and other amusements on the Sabbath, the Rev. E. E. Haskins made an odd proposition to the city council.

Mr. Haskins is pastor of the United Brethren church and is one of the popular divines of southeastern Nebraska. He asks the city fathers to appoint him special policeman to see that the fast element of the town is eliminated from the place and that other needed reforms are enacted. He promises to make a great improvement if given the opportunity.
 The pastor is willing to serve without pay, he says, and merely wants an opportunity to show what he can do. The council is considering the offer.

There was a lively scrap at the depot Wednesday evening. Von Farson, Ed Littrell and Sam Gillespie had been to Brownville, returning on the freight. The trouble commenced at Brownville. The three got into an empty box car. The conductor saw them before the train started and told them to get out of the box car. They did so, but as the train started they got into an empty box car again. When the conductor found them he asked for the fare. They at first refused to pay, and the train was stopped to put them off. After considerable wrangling they paid the conductor but he took 45 cents for the three fares, claiming he did not have the pennies to make the correct change, which was 42 cents. When the train got to Nemaha the conductor was asked for the three pennies and he refused to pay it and finally Ed Littrell got into a fight with the conductor, when one of the brakemen started to interfere. Von Farson stopped him and they got into it. No blood was shed and little damage done either of the combatants. Von and Ed say the affair is not yet ended, as they are determined to give the conductor a thrashing for what he did.

No Secret About It
 It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Keeling's drug store.

Monday morning Contractor Joseph Bunker, of Nemaha, began the erection of a new barn for Barney McIninch to replace the one burned by being struck by lightning a few weeks ago. The new barn will be a very commodious one and well built. The main part will be 20x30 and for hay and grain alone, while on each side will be 14-foot addition running the full length with stalls for the horses. These properly make the dimensions of the structure 48x30, ample for all ordinary purposes. —Brownville Letter

Editors are supposed to know what they are talking about, and this statement made by the editor of the South Missourian, at Altman, is probably true. He says go to the timber, cut hickory sapling into stakes about four feet long and drive these same stakes in the ground about two feet from each apple tree. The borers like hickory and will quickly go to it and between May and October will bore these hickory sticks full of holes and deposit their eggs. These sticks must be pulled up in the fall and destroyed.

A Bad Scare
 Some day you will get a bad scare when you feel again in your bowels and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure for all bowel and stomach diseases, such as headache, biliousness; costiveness, etc. Guaranteed at Keeling's drug store, only 25c. Try them,

The Glenwood, Iowa, Opinion says: The river is cutting into its old channel on the west side of Hobo Island. This will be good news to the people of Mills county as it will thus throw the river away from Henton station and return to Iowa all the land known as Hobo Island. This island is becoming depopulated, many of the farmers moving to Bellevue and other places in Nebraska. Since the flood they are in a state of fear that they may be drowned out. Peter Marko had 200 acres on the Nebraska side near Bellevue and it is all gone. During the recent floods fifty acres of it was eaten up by the hungry Missouri river within one week.

Dying of Famine
 is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat bronchitis, etc. Positively prevents pneumonia. Guaranteed at Keeling's drug store, price 50c and \$1.00 a bottle. Trial bottle free.

The maintenance of rural delivery routes the past year has cost the government about ten millions of dollars more than receipts, an annual deficit of about \$300 for each route, or about \$3 for each family served. In many communities where the routes have been established, hundreds of thousands of dollars have been lost in trade to local towns yearly through people sending to large cities for goods. Farmers should think over the situation, and be loyal to home towns; for decreased business means dull places, and dead towns afford poor home markets, and where the home market is poor, farm values are lessened. The rural delivery system is all right, but the practice of sending to a foreign town for goods, thus making poorer your own community, is all wrong. Help build up your own town instead of some other. —Tecumseh Chieftain.

Huge Task
 It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitter, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by W. W. Keeling druggist; price 50c.
