### GOOD FARMS AND LANDS CHEAP

There is absolutely better farm lands for the money, and more money to be made on increase in land, in South Dakota, than any other section of the United States for the next few years, as has been the case in the past few years. We have made a specialty of these lands for several years. Write for our descriptive booklet, which you will find valuable. Cheap excursion rates any day.

A large number of sympathizing friends and neighbors gathered at the parental home bringing with them many floral offerings, which, when arranged into a monument before the richly trimmed casket made a picture never to be forgotten and we were made to exclaim: How beautiful!

In a casket of white,

This is their first visit here since they moved to Webster county, six years ago last January. We are pleased to learn that they are prospering and like their present home. They went to Peru Tuesday afternoon.

One of our citizens called on the paymaster at the cannery and secured about \$18.00 that was due his wife and son as wages and at once proceeded to fill his miserable hide with booze. This is not the first wrong his family has suffered because of his cussed conduct, and now the question is, should John Rosenberg be sent to the asylum as an inebriate or compelled to earn \$18.00 at breaking stone and pay the money over to his family.—Granger.

Lightning seems to have a grudge a John Webber. It has struck his granary and other places several times this summer, but did little damage until last Saturday night, when it struck his hay shed and burned it to the ground, causing a loss of about \$400. The shed was 20x114 feet, and contained 40 or 45 tons of hay. J. W. Webber of Auburn, John's father, had an interest in both shed and hay. John is hoping that the lightning will now let him alone.
