

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles.

You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Mrs. John Hawxby, who has been sick for the past four months with enlargement of the heart, is not getting any better. Her many friends will regret to learn this. Her daughter-in-law, Mrs. Frank Hawxby, of Bradshaw Nebr., has been here for four weeks, helping take care of her.

The county commissioners have instructed the sheriff to compel all prisoners sentenced to the county jail to work during the period of their imprisonment. They will saw the wood for the jail and county offices and we understand a rock pile will also be provided. This action was taken in response to a petition presented to the board at the meeting Jan. 10. It is a good idea.

J. D. Shubert will begin at once the erection of a fine brick building fifty by one hundred feet on his lots opposite the Kentucky Colonel hotel. This splendid building will add greatly to the appearance of the town, being on nice ground and within full view of the depot. We are glad to know that Mr. Shubert has so much faith in Broken Arrow, as the building will cost a considerable sum of money.

A rental contract has already been signed for a term of years with a large implement firm of which Mr. E. J. Hunsicker will be manager.—Broken Arrow (Indian Ter.) Ledger.

John Kennel of Howe, Robert Byers landlord of the Byers hotel at Auburn and Ab Chambers, the bartender, got into a wrangle Tuesday of last week that resulted in the arrest of Byers on the charge of selling liquor to minors at his saloon in the hotel. The complaint was sworn out by Mr. Kennel. According to the Herald Mr. Kennel stopped in to the Byers to get some "liquid refreshments." His companion praised the quality of liquor served and Kennel said: "Yes, all I have against this place is that they sell liquor to minors." Ab Chambers said it was a lie. Kennel reiterated his charge and claimed he had ample proof of this truth. The two men got in a fight, Byers appeared and mixed up, with the result that he was arrested as aforesaid. The trial is set for Feb. 16. The Herald says:

"Mr. Kennel has long been laboring to prevent a number of boys who are under age and who live at Howe from getting liquor at Auburn. One of the recalcitrant youths is his own son. He has warned the various saloon keepers against selling liquor to these youths and it is alleged that he has watched to see if his warning had been complied with and it is charged that his wishes and warning had been respected in all but one place in town.

"Mr. Kennel is a law-abiding citizen and a determined one and says that he will break up the practice of the selling of liquor to minors if perseverance and a resort to law will do it."

Mr. Kennel certainly shows his great desire to stop the boys from drinking in a queer way. The best way to get his boy to quit is to stop the practice himself—set a good example. But instead of this he patronizes the very establishment that he says he knows is selling liquor to minors—probably to his own boy. The latter probably argues that if his father thinks that is a proper place to go to it is all right for him. Why not? If a father patronizes a saloon he should not expect anything else than that his son will do likewise.

Nemaha has reason to be proud of her bank. In the first place it is a solid institution, and the people have perfect confidence in its management. Now it has one of the very best buildings and furniture of any bank of its capital in the state. The building is 20x40 feet. The front 24 feet of this is for the business department, with the door in the southeast corner, the vault being in the northwest corner of this room. The counters, railing, etc., are all new. The counters are dark oak, handsomely finished. There is much more room than in the old building, this room alone being larger than the old building. All the counters, desks, etc., are finely finished. In the west part of the building there is a good sized room, and in the northwest corner, west of the vault, is a small store room. The building is well lighted, the front room having a plate glass window 92x102 inches besides the glass door, side windows etc. A Mosler screw door safe, with the vault, protects the funds from fire and burglars.

The bank believes in making permanent improvements, therefore put down a good cement sidewalk in place of the old wooden one.

The bank is now located in the new quarters, ready for business.

Reference was made last week to the fact that some old soldiers of Brownville had got into trouble in connection with the land frauds in the western part of the state, now being investigated by the United States government. Rev. Geo. G. Waite of South Dakota is on trial in the federal court at Omaha for conspiracy in securing fictitious homestead entries. In Saturday's proceedings Geo. W. Patton, an old soldier of Brownville, was a witness. The following is given regarding his testimony in the account of the trial:

"Another witness for the government was Geo. W. Patten, an old soldier, living at Brownville, Neb. He was arrested Dec. 29 upon a charge of subornation of perjury in connection with the U. B. I. case. Patten said he died upon land within the U. B. I. enclosure, having been solicited by Harry Welch to take a homestead. The witness told of inducing six old soldiers to take homesteads. For this work he said he received \$5 for each filing. The understanding in each instance was that when final proof was made every entryman was to receive \$150.

"When the fact became apparent that Patten is almost blind, the defense did not lose an opportunity to accentuate the point that the witness had been arrested. This was brought out in such a way that the jury might gather that the witness had been merely a dupe of Lambert's chicanery and that he had been unfairly used by the government, the inference being that Ware himself had been imposed upon in a similar way."

Frank Lambert acted as the agent for the big cattle barons in bargaining for the land. Mr. Patten got several of his old soldier neighbors in Brownville to accept the offer of the cattle company, and they are also witnesses.

Farming and stock-raising are each year rising to a higher stage of development in Nemaha county; and the year 1906 opens with a better outlook for the various interests of the farm than any of its predecessors. Old fogey methods are giving way to modern ways of doing things, and plowing, seeding, cultivation and harvesting are conducted on well-defined principles, insuring greater success. Breeders are improving their live stock and giving more intelligent care to its selection, feeding and marketing. The large circulation of The Homestead, of Des Moines, Iowa, among our progressive farmers, has been a help in bringing about this desirable change. Its able editorials, written by practical farmers who live on their own farms, its special contributions by experts, and its valuable departments render it almost indispensable to the farmer and stockman who desire to keep abreast of the times. We have made arrangements for clubbing this excellent farm journal with The Advertiser at a very reasonable rate; and will take pleasure in forwarding your subscription on request. Call and leave your order the next time you are in town.

We are giving away BANNER SEEDS, GLEANINGS, and hundreds of other articles—all full size and ready to use to enable us to introduce our "Banner" Seed and Salvage Brands of Seed, Coffee and other household Supplies. These are all first-grade goods—absolutely guaranteed as to quality—and no more than you are now paying for the same goods, and we deposit entirely upon their merit to secure your future orders. Consequently by ordering any five premiums we gain new customers and you save the profit which formerly went to the dealer, as by dealing directly with our customers we save the profit of the wholesale and retail dealers, which we hand over to you in the shape of useful premiums and home-made goods at low prices. Because you live miles away from us—because you may never have been in—there is no good reason for not giving us a trial. You visit neighbors, we do not seek you in adventures. We pay the freight. Our packages of premiums will be sent you and our plan of selling goods will be fully explained if you will only send us your name and address. We have hundreds of patrons whose custom we secured by this plan. They would not patronize us unless we gave them real value and fair treatment. We would not expect them to. Besides, the editor of this paper will tell you that we are thoroughly responsible.

Write us today—a postal card will do. Write your name and address will do.

RESULTS

The word results means a whole lot to the farmer of to-day and it is especially attractive to the homeseeker or those seeking new locations. If we tell you of a country where you are sure of success, will you believe us? It is only necessary for you to farm the land and the best results will follow—a State which the government reports will show leads in the production of wheat. It also ranks among the first in the raising of corn, alfalfa, timothy and other products, together with stock raising. We speak of

KANSAS

The great State of the West, where lands can be purchased from \$5 to \$30 per acre which equals the returns of the \$50 to \$150 per acre lands of other States. EASTERN COLORADO is identical in most respects and the same opportunities are offered there. Buy quick while the lands are cheap and secure the benefit of an excellent investment. THE MISSOURI PACIFIC RAILWAY touches the heart of this rich agricultural region and extremely low rates are offered, allowing stop-over at pleasure in certain territory for inspection of lands, etc. Write us and we will send you free descriptive literature and full information.
