One of our business men is planning to build a brick business house this summer. He owns the ground in a good location and says he will build if the times continue as good as at present. He will not occupy the building himself but will rent it.

Picture Frames
The Edwards & Bradford Lumber Co. have received a good line of picture moulding and are now prepared to make picture frames of any size. Take your pictures there and have them framed.

Walter L. Pryor recently bought of W. G. Maxwell 20 acres of land east of the Nemaha river and north of the railroad track, three miles west of Nemaha. It is subject to overflow from the Nemaha, but is very rich land. On account of the drawback of its frequently being flooded Walter got the land for \$45 per acre. He expects to build and live on it but probably not this spring.

We have a big assortment of furniture that we are selling at reasonable prices. Special prices made for housekeeping outfits. Try us. Edwards & Bradford Lbr. Co.

We are informed by those who have examined that there is good ice twelve inches thick on the river, and if we would have a few days cold weather there would be no trouble in getting all the ice wanted. We could stand a little cold weather for the sake of the ice men.

Chas. Anderson, who was appointed deputy clerk by Sam Teare, has resigned the position in order to go to the Black Hills again to take charge of the Auburn Gold Mining Company's property. G. H. Youman has been appointed deputy clerk, entering on his duties Feb. 1st.

The postoffice was moved Friday morning and is now on the west side of the street in the old bank building. The room, though not very large, is a good one, well lighted, and comfortable in every way. There is a good fire-proof vault in which all papers, stamps envelopes, etc., will be kept.

Mrs. Theo. Hill is making arrangements to build a room for her millinery business. She will build a room 20x40 feet, on the lot where M. T. Hill's drug store formerly stood, but has not yet definitely decided whether she will build a frame or a brick. She will use the back part of it for living rooms.

Some new books just received at the postoffice: Josephus, The Earth Girdled, by T. DeWitt Talmage, Bill Nye's Comic History of the U. S., Eugene Field's Hoosier Lyrics, and The Clink of the Ice by the same author, sets of Kipling's and Haggard's works, In His Steps, The Celebrity, etc.

Tuesday night Maud Lawrence gave a party to her schoolmates, at the home of her parents. Mr. and Mrs. S. C. Lawrence. The young people had a delightful time. Maud received many congratulations on being the champion speller of Nemaha county. The dictionary received as a prize was on exhibition.

Rev. Geo. I. Wright, presiding elder for the Nebraska City district of the Methodist church, preached at the Methodist church Thursday night of last week. Quarterly conference was held Friday afternoon. Reports showed the church out of debt, minister paid in full, church, Sunday school, Epworth and Junior Leagues in a flourishing condition.

S. C. Lawrence has bought the eighty acre home farm of W. G. Maxwell, two miles northwest of Nemaha, paying \$100 per acre for it. It is a fine farm and well worth the price paid for it. Mr. Lawrence now owns 360 acres of good farm land, all but one 80 of it being in one body. He finds it pays to farm Nemaha county land, even if it is high priced.

An Appeal

We have been to considerable expense lately and need money very much. If each of our delinquent subscribers would pay up it would put us on easy street. We ask each one who is owing on subscription to consider that this means him or her, and trust the response will be immediate. Help us out.

Saved From Terrible Death

The family of Mrs. M. L. Bobbitt of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial Bottles Free at Keeling's Drug Store.

Free Lecture to Ladies

SUBJECT—A MODERN DEMAND
Mrs. Alice G. Abbott, of Omaha, will give the ladies of Nemaha a free lecture under the auspices of the ladies aid society at the M. E. church, Tuesday, February 6, 1906, at 2:30. Mrs. Abbott has lectured in many cities and her lectures are not only instructive but very entertaining. All should make a strong effort to be present.

A man in Nemaha made the proposition to Mrs. Hill a few days ago that if she would build a brick on the south side of M. T. Hill's lot, he would put up a brick between that and the bank building. In all probability this will be done. If so, the latter building will be fitted up for a drug store and a good stock of drugs put in, with a registered pharmacist. This is something badly needed in Nemaha.

The Methodist church Sunday night was crowded full. The rear of the church and the small entry was filled with men and boys standing up, and many people left because of the crowded condition and the difficulty of getting inside. It is seldom we see a church in Nemaha so crowded, and this is probably the largest crowd that ever attended a regular preaching service here.

There are good prospects of a little boom in Nemaha this spring. We are assured of two new general stores—Earle Gilbert and J. W. Ritchey—and one of our capitalists has said there would certainly be another drug store here soon. Then there is a strong probability of at least three new brick business houses going up this spring. With the new building of Earle Gilbert's, this will make Nemaha a good town.

There was a dance at the opera house Thursday night of last week, and of course there was a lot of drinking. Some fellows act like they could not attend a dance without getting drunk. There is surely something demoralizing about these affairs or there would not be so many evil results. Dances, drunks and fights seem to go together. And yet some argue that there is nothing wrong about going to a dance and associating with these drunken, carousing, blackguarding, fighting young men.

The meetings at the Methodist church closed Tuesday night, having lasted almost four weeks. Rev. G. W. Ayers, the pastor, was assisted by Rev. E. B. Maxcy of Johnson, Rev. T. F. Ashby and wife of Howe, and two nights by Rev. Geo. I. Wright of Nebraska City, presiding elder of this district. There were 35 services held at the church and 12 cottage prayer meetings. Over twenty professed conversion and twelve united with the church. Others will unite later. The meeting has been a good one in every way and leaves the church greatly strengthened.

A. R. McCandless has had R. C. Morton at work digging a tunnel in the bluff on his farm south of Nemaha to see what can be found. The tunnel is six feet high and four feet wide, and has been extended over thirty feet into the hillside. A vein of mineral quartz has been struck that has both lead and zinc ore in it, with some other ores. There are also stronger indications of a thicker vein of coal. The coal that has been taken out is of excellent quality and burns up leaving only a white ash. As a vein of lead ore and a vein of coal has been struck in Richardson county, it is altogether probable that just as good veins will be found here. It will be a great thing for Nemaha if we find either lead, zinc or coal in paying quantities. Mr. McCandless is going to spend some money to find out, anyway.

Some time ago County Superintendent Carrington instituted a spelling contest. Each school in the county had the first contest, all pupils who so desired taking part. The best one in each school then met in districts, each town in the county being the center of a district, and had a second contest. The winners in this contest then met at Auburn Jan. 20 for a third contest. Two hundred and fifty words were given out at these contests, Maud Lawrence, daughter of S. C. Lawrence, was the winner in this district, and on the 20th she tied with Vida Van Camp of Johnson for first place, both spelling every word. Of the other contestants at this time Gladys Redfern missed one word, Alice Handby two, Lewis Chard three, Cassius Kennedy six, and Blanche Cook twelve.

The contest to decide the tie was held at Auburn last Saturday. Two hundred of the most difficult words, selected from Crabtree's Word Book were given out. Maud Lawrence was again the victor. Both girls had severe headaches and so did not make so good a record as they otherwise would have done. Maud missed seventeen words and Vida Van Camp twenty-four. Both Maud and Vida are in the sixth grade which speaks well for the training in spelling in those grades. Maud is a pupil of G. Edwin Sanders, teacher of Maple Grove school, two miles northwest of Nemaha.

The prize given was a copy of Webster's International dictionary. Naturally Maud is very proud of the victory. She is now the champion speller in the Nemaha county schools.

Now it is said that the recent earthquake tilted the earth so we are really about six hundred miles farther south so far as our relation to the sun and climate is concerned than we were previously. We remember that a few years ago the same assertion was made. Since then it has been over 30 degrees below zero, so we either tilted back again then or the cold followed us down. But if both assertions are true we are now twelve hundred miles farther south, and should not have much cold weather, but will catch it in the summer. But we are afraid these so-called scientists who are making these assertions are something like the weather prophets—they do a whole lot of guessing.

IF YOU WANT

Good Bread

TRY A SACK OF

Golden Rod Flour

High patent. Every sack guaranteed to give full satisfaction in every respect or money refunded. Always the same. No better flour made.

If you want a cheaper flour you cannot do better than to buy the

Red Seal

a straight grade flour. It has no superior in a grade flour. Many prefer it to a high patent.

For a still cheaper flour try the

Gold Leaf

It is a good flour of that grade.

These grades are manufactured by Jamason & Son, Stella, Nebr., and are on sale at the store of
