

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BLACK-DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Theford's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.
 PITTSBURG, KAN., March 25, 1904.
 I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.
 J. S. HASSON.

The roads around Nemaha are said by those having much driving to do over the country to be the best in the county, all because so many of our farmers are using the drag. Let the good work go on and increase.

Home Market is the title of the first document of the Congressional campaign of 1906, issued by the American Protective Tariff League. The pamphlet is a reproduction of the great speech of Congressman John F. Lacey of Iowa, recently delivered in Congress. Send postal card request for free copy. Ask for Document No. 84. Address W. F. Wakeman, Secretary, 339 Broadway, New York, N. Y.

The May Delineator, with a complete display, pictorial and descriptive, of the latest spring fashions, contains a wealth of suggestion for those who wish to be smartly gowned, and many other features of interest to women. In the "Campaign for Safe Foods" Mary Hinman Abel writes of coloring matters and commercial cheats, and the pages devoted to the household are full of suggestions for the kitchen with many other helpful hints to the housewife.

Diseases are certainly changing. Everybody knows what a terror small-pox used to be. Now as a general thing it is in so light a form that the patients hardly know they have it except for a day or two, and it seldom leaves any scars. Formerly nearly every one having it bore the marks of the disease the remainder of their lifetime. Measles are also getting much lighter in the majority of cases and the same is true of many other diseases. But to offset this we have frequent cases of appendicitis, giving the physicians a good opportunity to cut into a person and charge a big fee. Diseases change as well as fashions.

J. T. Curtis moved from his own farm last week to the farm of his brother, J. D. Curtis. Nearly a quarter of a century ago their father built a large brick house which became a noted landmark and the admiration of the whole country side. Mr. Curtis' father, Joseph Curtis, came from Ohio nearly forty years ago, and the family lived in Brownville for a year, and then moved to the farm north of town. The first house built on this farm is still standing. First it consisted of one room with a shed kitchen and later three other rooms were added. This house is on the east quarter which is now owned by the sister, Mrs. C. B. Thompson of Auburn. Joseph Curtis died about twenty years ago. Among his early neighbors were Eugene Allemand and the late Wm. Bourke and Ed O'Donnell.—Stella Press.

Hints, Suggestions, Devices and Condensed Letters from Correspondents is the title of one of the many interesting and attractive departments of The Iowa Homestead, of Des Moines Iowa. Like all the departments of this excellent farm paper, Hints, Suggestions, and etc., is edited by a practical farmer, who lives on and operates his own farm and knows from experience whether a suggestion is on a common-sense basis. These suggestions are explained and made clearer by illustrations, adding immensely to their value to the farmer. The Advertiser is glad to recommend the Iowa Homestead to the farmers and breeders of this section, and has a low clubbing rate of which we give our subscribers the benefit. Already, The Iowa Homestead has an excellent circulation among our best farmers, who value its contributions to practical and scientific agriculture very highly. Many of them say that single suggestions in The Iowa Homestead have saved them enough to pay for the paper for a lifetime. It certainly pays to take a farm paper of this character. Subscribe for it at this office the next time you are in town.

Human Blood Marks
 A tale of horror was told by marks of human blood in the home of J. W. Williams a well known merchant of Bac, Ky. He writes: Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by W. W. Keeling, Druggist. 50c and \$1.00. Trial bottle free.

Farmers are a little behind with their work but are now rushing it as fast as possible.

Wm. Smithers moved from Nemaha to this place Tuesday, and opened a barber shop beneath the Pointer office Wednesday.—Peru Pointer.

There is a great deal of corn in the country owned by the farmers—a good indication of prosperity. They do not have to sell until the price suits.

We believe in a "square deal" for all men and all classes. If all are served alike and get full justice there should be no complaint. But justice is what some men are afraid of.

A. E. Cambin is having good success in interesting investors in the cheap lands of western Kansas. The little booklet, "A Look into the Future, or The Road to Wealth" is attracting considerable attention.—Stella Press.

Elder Sapp of Nemaha preached two of the finest sermons at the Christian church last Sunday that has been delivered in this city in a long time and the stay at home Christians missed the treat of their lives. We hear it said that Elder Sapp will be the pastor for the church for the coming year beginning July 1st.—Shubert Citizen.

A young woman writes that she is one of a family of eight, but that she just hates to do housework. She enjoys doing fancy work and playing the piano, and would like to know of some simple rules of physical culture whereby she may develop her muscles.

Certainly we are pleased to give this young woman a few simple rules that are warranted to develop a splendid muscle, to say nothing of other beneficial results.

To Tone up the Whole System—Rise at five o'clock every morning, dress quickly, open the sleeping room windows, turn back the covers of the bed. Hurry down to the kitchen and prepare an appetizing breakfast for the family. Do this very quietly, so as not to awaken the overworked mother.

To Improve the Hands—Prepare a dishpan of hot soap suds. Immerse the hands in the water and wash and dry dishes for fifteen minutes. Dry the hands thoroughly and dust with oatmeal.

To Develop the Muscles of the Arms—Grasp a common broom firmly in both hands and push it over every floor in the house from garret to cellar. This exercise is warranted never to fail if performed thoroughly and energetically.

To Strengthen the Hips and Back—Take a pail of hot, soapy water and a good, stiff scrubbing brush. Get down on the knees and scrub the kitchen floor for half an hour, with a free and easy motion of the arms, hips and back. Twice a week will be sufficient for this exercise.

To Develop the Bust and Shoulders—Stand at ease and with a strong, steady stroke of first the right arm and then the left turn a washing machine and a wringer for two hours once a week. Hanging clothes on the line in the open air is also a fine addition to this exercise.

To Improve the Carriage of the Head and Shoulders—Place a heavy book on top of the head and walk slowly up the stairs. Make three or four beds, put the rooms to right and descend the stairs with the book still balanced on the head.

To Improve the General Health—Get busy and keep busy, practice deep breathing, take plenty of exercise in the open air and every night and morning thank the good Lord that there is plenty of work to be done and that you are able to do it. After six months please report results.—Ex.

RESULTS
 The word results means a whole lot to the farmer of to-day and it is especially attractive to the homeseeker or those seeking new locations. If we tell you of a country where you are sure of success, will you believe us? It is only necessary for you to farm the land and the best results will follow—a State which the government reports will show leads in the production of wheat. It also ranks among the first in the raising of corn, alfalfa, timothy and other products, together with stock raising. We speak of
KANSAS
 The great State of the West, where lands can be purchased from \$5 to \$30 per acre which equals the returns of the \$50 to \$150 per acre lands of other States. EASTERN COLORADO is identical in most respects and the same opportunities are offered there. Buy quick while the lands are cheap and secure the benefit of an excellent investment. THE MISSOURI PACIFIC RAILWAY touches the heart of this rich agricultural region and extremely low rates are offered, allowing stop-over at pleasure in certain territory for inspection of lands, etc. Write us and we will send you free descriptive literature and full information.
