Sheriff Rohrs and Deputy Rutherford were in Nemaha Monday getting talesmen for the jury for the Chamberlain trial which is being heard in district court at Auburn this week. J. H. Vanderslice, Earle Gilbert, Peter Kerker, Sherman May, Marshall Webb, J. M. West, V. P. Peabody and W. G. Maxwell were the victims who were caught. Peabody was the only one caught on the jury.

Ole Roberts drove to Nemaha Sunday evening, according to custom. His ponies got tired of waiting for him to go home, so they broke loose and went on. They got along all right until almost home, when they ran into a big locust tree, smashing one wheel to the buggy and otherwise demolishing it and cutting one of the ponies. The pony that was cut is in pretty bad shape. Ole is going to get better straps to tie the ponies with hereafter.

See the advertisement of W. F. Thompson of Brownville, real estate agent.

Nebraska City is just discovering that the King drag is a good thing, trying it this week for the first time. Nemaha could have told them that a year ago.

Edwards & Bradford Co. have been unloading some fir lumber for a day or two. It surprises the draymen that it hasn't rained as it usually starts in to rain when they have a lot of lumber to haul for the yard.

Miss Minnie May has finally decided to quit the millinery business on account of her health which is quite poor. Miss Ora Morgan will have charge of the stock for awhile until Mr. Vanderslice can make other arrangements.

Brownville and Auburn have both been dry towns so far as open saloons are concerned since the first of the month. But the government still lives and the thirsty ones manage to get something to tide them along for a few days.

G. W. Chapman, B. & M. section foreman, has been moved to Roca, Nebr. He has been there several days and his family expect to go today. The household goods were shipped yesterday. Geo. Shineflew of Salem is now section foreman here.

The passenger train was over two hours late Tuesday morning, the delay being on account of having to wait for the Q train from the east, which was delayed by the wreck of a freight train early that morning about three miles this side of Hamburg.

Class Supper

The Senior Class of the Nemaha High School will give a basket supper at the school house on Saturday evening, May 19.

Everybody invited to be present. A short program will be given.

F. E. Hoover is planting an acre of melons—about half muskmelons and the rest watermelons—so we will know where to go for melons when they are ripe. He is going to have loads of peaches, plums, cherries, pears, grapes, raspberries, blackberries, strawberries, etc., according to present prospects.

Sunday morning there was considerable frost in low places and some ice on standing water. Tuesday night there was another frost, the vegetation the next morning being white with a heavy frost, and ice as thick as window glass was on standing water. Very little damage was done, however, except to tender vegetables beans being the worst to suffer.

Dr. A. Matthews is now at Hyannis, Nebr. He went there with the intention of staying in that section for several months but writes that he is doubtful about staying as he doesn't like the country. There are no trees of any kind and as the doctor is used to seeing plenty of trees the monotony of the treeless plains don't suit. It makes him homesick to get back where he can see something besides sandhills, prairies and fields.

Miss Mary Fairbrother, a niece of the late G. W. Fairbrother, was one of the sufferers from the San Francisco earthquake, but was not killed. She was for many years a well known newspaper woman of Omaha, being a talented writer. She is related to Charley Hacker and others in Auburn.

Bolejack, who learned telegraphy here a number of years ago, going from here to the northwestern part of the state where he combined the railroad business with stock raising, has started a bank at Barada, of which he will be cashier. Miss Blanch Lytle visited Nemaha friends Sunday. She is teaching school near Falls City but her school is out in two weeks and she will then go to her parents in Indian Territory. Miss Edna had to give up her school on account of suffering from nervous prostration and returned to Indian Territory. But she is much better. Miss Blanch subscribed for The Advertiser while here.

The petition for the passage of a chicken ordinance was presented to the village trustees Monday night but was laid over without discussion. We suppose the members have not yet heard enough from the citizens in regard to this matter to enable them to decide, so those who are in favor of the passage and those who are opposed to it should endeavor to give their side of the question to each member of the board before the next meeting. They want to please the people.

Mrs. Simmons gave an address Sunday night at the Methodist church in the interests of the W. C. T. U. The address was a fine one and held the attention of the large audience closely to the close. Monday afternoon a meeting of the women of Nemaha was held at the church and a branch of the W. C. T. U. was organized. The following officers were elected: President—Mrs. Rose Gilbert. Vice Pres. and Supt. Contest Work—Mrs. May Gilbert. Secretary—Mrs. Emilie McCandless. Treasurer—Mrs. M. A. Woodward.

Ernest E. Taylor, state secretary of the prohibition party, spoke at the Methodist church Monday night on "Christian Fellowship." Mr. Taylor is an earnest young man and quite eloquent in his remarks. At the conclusion, after urging all to vote the prohibition ticket as the only escape from the saloon, he had cards passed around for pledges of money for the campaign to be paid monthly, and also had the hat passed for cash contributions. Owing to the few party prohibition voters present no precinct organization was formed. The main part of the audience was young people, only 15 or 20 older people were present. An organizer will be sent later to organize the workers of each precinct for the fall campaign.
