

The weather has been very hot for several days.

Ted Degman is helping Hank Barker in the blacksmith shop this week.

The Epworth assembly at Lincoln opens July 28. Some of our citizens are planning to attend.

A large delegation from Nemaha attended the races and street carnival at Auburn Wednesday.

Mrs. Mattie Suter and daughter Wilda came down from Omaha Wednesday. Mrs. Suter went back the same day, but Wilda will spend the vacation here.

Grandma Seabury was taken quite sick a few days ago at the home of Marshall Pryor. She was brought in to Fred Seabury's Thursday. She is now some better.

Geo. Matthews, advance agent for the Dodge Amusement Co. that will be at the Shubert Carnival July 17 to 20, was in Nemaha Wednesday posting bills for that attraction.

Mrs. Walter Curtright came down from Syracuse Thursday, called here by the sickness of her mother, Mrs. Steve Colerick. Clara and Ella, who had been visiting there for a few days, returned home.

Ned Crother has put in a piece of cement walk in front of his father's house that certainly looks well, and we see no reason why it is not as good as any made anywhere. He worked at this business in the western part of the state and appears to understand it. He is ready to put in walks for any one needing them.

Mrs. Colerick got on the roof of the shed kitchen to fight the fire when it was first discovered. The fright, heat and work brought on a severe nervous attack to which she is at times subject, and she has been very sick since. It affects the muscles, which are drawn, and her organs of speech are temporarily paralyzed.

FIRE AT JOHNSON

Johnson, Neb., July 12.—This city yesterday had an \$8,000 fire. It originated in the harness shop of Paul Feistner, from an unknown cause.

When first discovered the fire had gained such headway that it was impossible to enter the building from either end. The town has no adequate means of fighting fire, so the flames were soon spreading to F. C. Telo's saloon on the south and to D. Behrend's building on the north.

By hard work a bucket brigade succeeded in saving the next building on the south, occupied by the First National bank, although the interior was quite badly damaged by smoke and water. The three buildings burned were one-story bricks, two of them 25x70 and one 25x80. The north building was owned and occupied by D. Behrends as a billiard hall and W. A. Lawrence with a barber shop. Mr. Lawrence saved his furniture. The rest was all lost. Paul Feistner had a \$6,000 stock of harness, etc., which together with the building, was valued at \$8,000, and was about two-thirds insured. Mr. Telo had \$1,700 insurance on the building and contents. His loss is about \$3,500. D. Behrends had a small insurance. All will resume business in temporary buildings until they can rebuild.

Dr. Bourne fits glasses. So. Auburn.

Bicycle supplies at Keeling's. Bicycles repaired.

Best photos in southeastern Nebraska at Criley's. So. Auburn.

Did you see those dollar watches at Keeling's? They're all right.

See R. E. Bucher for the Queen incubator and brooder. The prices are right.

Rufe Rowen feels lost without working around a threshing machine, so he has accepted a proposition from Ed Seid and will go with his machine.

The Beatrice Creamery Co. will pay 16 cents per pound of butter fat for hand separator cream, delivered in Nemaha. Separators sold on easy terms. R. E. BUCHER, Agent.

A Mr. Gilliland living near St. Deroin unloaded a new threshing outfit here the first of the week, direct from the manufacturers. The engine was a fifteen horse power.—Shubert Citizen.

Nemaha City school district is out of debt and has several hundred dollars in the treasury. This condition is not chargeable to the fact that the saloons have paid for license, as it is a long time since saloons have been on tap in Nemaha.—Granger.

Congress has made appropriations footing up \$900,000,000, evidence that this country has grown in a few years from what Tom Reed called "a billion dollar country" to what Uncle Joe Cannon will very likely designate as "a two-billion dollar country".—Ex.

How dear to our heart
Is the price of subscription,
When honest subscribers
Present it to view.
Of him who'll not pay up,
We shrink from description,
For perchance, dear reader,
That one might be you.

W. W. James left the first of the week for Los Angeles, Cal., to spend a couple of months with his son Art, who is there for relief from lung trouble. The young man has not been so well lately. Mrs. James and daughter Ella are living at Peru this summer and the latter is attending school. She will teach at Dunbar again next year.—Stella Press.

If base ball players would have more regard for the rights of others, they would receive better support from the citizens. When they persist in Sunday ball playing, knowing it is not only opposed by church going people but in violation of law and disturb the peace by yelling so they can be heard all over the town, they should not expect to get help from these same people that are opposed to Sabbath desecration.

At the school meeting at Nemaha last week, it was discovered that Nemaha district was entirely free from debt, had paid all the running expenses of the school year, no warrants for anything standing out, and still had \$571.29 in the treasury. And that too with as many school children as Shubert has in this district and no saloon license money to help swell the cash in the treasury. Comment unnecessary.—Shubert Citizen.

H. A. Wheeldon, formerly of this city but now of Missoula, Montana, sends the paper a statement of the condition of the First National Bank of that place in which he holds the responsible position of teller. For some time Mr. Wheeldon was connected with the Building and Loan Association of Missoula, but now has a better position. His many friends here will be glad to hear of his advancement.—Herald.

Following the Flag

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgen, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at Hill Bros., druggists. Price 50c and \$1.00. Trial bottle free.

While in Auburn recently we saw a cooking utensil that appealed to us as being one of the handiest things to have that had ever been invented. It is called a "California toaster" and is good to heat bread, keep coffee warm and is recommended for use instead of a hotwater bottle, carriage heater, is an ideal warming pan, best foot warmer, and fine for toasting bread. Then they say do not wash it. You can use it as a foot warmer at night and toast your bread on it in the morning without washing it. Of course we bought one.

Again there is serious agitation of a scheme to run a line of boats from Omaha to St. Louis and from there to the Gulf. It is argued that this would break the railroad combination and lower rates on grain and other produce. It would help out the river towns and bring back some of their prestige they had in by-gone days before railroads gobbled up everything and drove the boats out of business. Then the river towns were great towns but we haven't much faith in the success of the scheme. We can remember when Geo. B. Moore was editor of the Granger in Brownville thirty years ago and had weekly editorials advocating this very thing and showing the many advantages. Other papers were just as enthusiastic but nothing was done. Perhaps though the increased southern trade will cause this scheme to be pushed through. We hope so.

J. C. Killarney, owner of the Auburn Telephone Co., Roy Young, superintendent, and Fred Anderson lineman, came to Nemaha Monday to put in a new cable, put the Nemaha exchange in good working order, and to put in nine new phones. For two or three days the phones were badly disarranged, and much of the time there was no service, while the cable was being put in and lines connected, but it is thought the service will now be better than ever. This is the third cable that has been put in here since the Nemaha exchange was started, the other two having been burned out by lightning. The present cable is one of the very best and it is thought will stand all tests. Mr. Killarney went home Tuesday but the other men have been working from early morning until late at night—11 o'clock two nights. It is a big job to get everything in shape.

ADAMS, Neb., July 7.—The twentieth century way of doing things is illustrated by the following incident: Mr. W. E. Bryson on Thursday afternoon started the harvester cutting his wheat. As fast as it was cut it was hauled to the threshing machine which was running in the same field and was there threshed. The wheat was next hauled two miles to Adams where it was run through the B. & M. Milling & Elevator Co.'s elevator, some of which was then ground into flour and the flour then taken to Mr. Bryson's residence on the farm and then made into biscuits which were served on the table for the threshing crew for the 6 o'clock supper.

Mr. Bryson's wheat is the first wheat in the vicinity to be threshed and marketed this year. The wheat is of excellent quality, plump and round and tests 62 pounds to the bushel. It is yielding about 33 bushels to the acre.

Old Settlers Picnic at Nemaha August 2

Rev. J. W. Sapp moved to Shubert Wednesday. We regret very much to lose Elder Sapp, and his wife from Nemaha, but realize that there is much greater need of a good man in Shubert than here, as we have so many good men and that place has so few. We are in hopes that Rev. Sapp will be the leaven that will leaven the whole lump.—Nemaha Advertiser.

The above is quite complimentary to the Rev. Sapp, but not so complimentary to our men folks. However the moral status of our men is improving, for Nemaha men who are not good, are so bad that all the good men are leaving there and locating in Shubert.—Citizen.

Yes, we have had several good men locate in Shubert, and the improvement is beginning to show in that town. But we have plenty left and more coming in from the country and other towns. Our bad men—and even Nemaha has a few who might be called that—would be called first class citizens, above the average, in our sister village. We have no need of a marshal—haven't had for years—except to look after fellows from other towns. The justice of the peace has nothing to do because there is seldom a lawbreaker. There are no fights, no drunken wrangles, no lawsuits, but everything is peace, harmony and good will. We feel sorry for Shubert where conditions are so different, and are willing to try to help her out by giving her the example of the exemplary lives led by citizens under the influence of Nemaha's spirit. But the task of reforming that village seems almost a hopeless one.

The Best Friend
A dog ever had is "Dipolene," the old reliable, guaranteed "one minute" dip that instantly destroys insect pests and prevents cholera, and cures mange, eczema and other hog troubles. A genuine coal tar preparation, free from lime, sulphur and other injurious substances.

Dipolene
makes the whitest emulsion of any dip on the market, which proves it to be the greatest dip made. Now you want the best hog dip, of course. Because the health and comfort of your animals means a great deal to you. But how are you to know which is the best dip? Well, the DIPOLENE way is—"try before you buy." If this plan strikes you right, we are right here to help you decide the matter. Write today for a Free Sample Bottle of "Dipolene," our Guarantee, and Free Book of Valuable Information.

MARSHALL OIL COMPANY,
Depts. Marshalltown, Iowa.

This Will Interest Ladies Only

We are giving away DINNER SETS, GRANITE WARE, COOKERS, SEWING MACHINES and hundreds of other articles, all full size for family use, to enable us to introduce our Swan Brand Flour and Salvona Brands of Teas, Coffees and other Household Supplies. These are all high-grade goods—absolutely guaranteed as to quality—cost no more than you are now paying for the same goods, and we depend entirely upon their merit to secure your future orders. Consequently by giving away free premiums we gain new customers and you save the profit which formerly went to the dealers, as by dealing directly with our customers we save the profit of the wholesalers and retailers, which we HAND OVER TO YOU in the shape of useful premiums and honest goods at fair prices. Because you live miles away from us—because you may never have seen us—is no good reason for not giving us a trial. You risk nothing. We do not ask you to pay in advance. We pay the freight. Our catalogue of premiums will be sent you and our plan of selling goods will be fully explained if you will only send us your name and address. We have hundreds of patrons whose custom we secured by this plan. They would not patronize us unless we gave them full value and fair treatment. We would not expect them to. Besides, the editor of this paper will tell you that we are thoroughly responsible.

Write us today—a postal-card just giving your name and address will do. This is a Chance That Does Not Happen Every Day.

SALVONA SUPPLIES COMPANY,
1127-1129 Pine Street, St. Louis, Mo.

RESULTS

The word results means a whole lot to the farmer of to-day and it is especially attractive to the homeseeker or those seeking new locations. If we tell you of a country where you are sure of success, will you believe us? It is only necessary for you to farm the land and the best results will follow—a State which the government reports will show leads in the production of wheat. It also ranks among the first in the raising of corn, alfalfa, timothy and other products, together with stock raising. We speak of

KANSAS

The great State of the West, where lands can be purchased from \$5 to \$30 per acre which equals the returns of the \$50 to \$150 per acre lands of other States. EASTERN COLORADO is identical in most respects and the same opportunities are offered there. Buy quick while the lands are cheap and secure the benefit of an excellent investment. THE MISSOURI PACIFIC RAILWAY touches the heart of this rich agricultural region and extremely low rates are offered, allowing stop-over at pleasure in certain territory for inspection of lands, etc. Write us and we will send you free descriptive literature and full information.
