

**DO YOU GET UP WITH A LAME BACK?**

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address; Binghamton, N. Y., on every bottle.

Ellis E. Good has come out in an interview taking an advanced stand on the anti-monopoly question. He is in favor of anti-pass legislation and strongly opposed to railroad domination in politics.

Lancaster county, that was thought to be controlled by the railroad element in the republican party, broke loose in their county convention last week and instructed for Norris Brown for United States senator and for Winnett for railroad commissioner. The delegation was also instructed for Pollard for congress.

A lady of our city has found a sure cure for broken dishes. If the dish to be mended can be tied together with a stout string, then placed in boiling milk and left for an hour you can never tell that the dish had been broken and it can afterwards be put into boiling water without the pieces coming apart. This experiment has been tried and proved and many are the broken dishes which are as good as new—Ex.

This year, for the first time chickens were returned to the assessor for taxation and as usual Richardson county stands near the top in value of products. The assessed valuation of chickens in this county is \$8535 and it stands second on the list. This means that the cash value is over \$40,000. Thousands of dollars every year are paid to our farmers for eggs and chickens and the business keeps on growing. Nothing raised on the farm produces as large returns for the time and money expended as the chicken industry and the people of this county recognize the fact—Falls City Journal.

We would like to ask the esteemed editor of the Johnson News when he is going to get out that special edition that is to forever put a quietus to the ambitious aspirations of Ellis Good? He has been talking and writing about it for several months. If he doesn't hurry the county convention will be passed, and how embarrassing it will be if we endorse Ellis and then Bro. Stuck's special edition comes out and we find out we shouldn't have done anything of the kind but should have endorsed that eminent reformer and anti-pass statesman, Charley Parker. By the way, we would enquire if Bro. Parker ever rode on a pass or ever solicited one, and if so, how long ago? We want to get straight on this important question.

New York city and the state of New Jersey are the latest communities to undergo a revival of law enforcement. The laws require the closing of saloons on Sunday. The executive officials have decided to enforce the law though it be unpopular and inconvenient to do so. As a matter of fact it has been demonstrated that law enforcement is popular in this country. The man who is perhaps the most popular governor in the United States, Joseph Folk made his reputation as a law enforcer at a time when law enforcement was less popular than it is now. It would be a blessed thing if a wave of law enforcement should become so strong as to force the repeal of all laws that do not deserve enforcement and the observance of all that do. What would happen, for instance, if the Nebraska law against treating were enforced, or the Lincoln anti-spitting ordinance?—State Journal.

A "Derby" of one and one-eighth miles will be run at the State Fair on September 4th. This promises to be an event at the Fair this year and society will be out in the Derby colors (yellow and white). The race program is by far the best ever given at a Nebraska State Fair and lovers of the fast horse will have a gala week.

There will be more "red" machinery exhibited at the State Fair the first week in September than has ever been shown at one time and place in the state. All the implement ground has been assigned and it has been necessary to lay out an annex.

The live stock department at the State Fair this year is already assuming vast proportions. It has been necessary for the management to build three more permanent swine barns, each containing thirty-eight pens, which increases the capacity so that about 1500 head can now be exhibited, and there have been requests for 250 additional pens filed with the superintendent.

At the meeting of the town board last Friday evening the clerk was instructed to return to G. W. Cox his petition for a saloon license. The legality of the case presented interesting features. Mr. Cox at one time had thirty four names on his petition. Later eight names were taken off and two again placed on the petition. Aside from this one property owner signing the petition moved from town. The supreme court of Nebraska has never yet given a decision regarding the legality of taking one's name from a saloon petition. There was also a remonstrance. Had the board begun to consider the granting of a license, both the remonstrance and the legality of removing the names would have had to be considered. The case would have gone to the courts and probably several months elapsed before a decision. Therefore the easiest way for all concerned was for the board to instruct the clerk to request that the petition be withdrawn.—Stella Press.

**NEBRASKA EPWORTH ASSEMBLY**

The tenth annual session of the Nebraska Epworth Assembly will be held at Epworth Lake Park, Lincoln, July 31 to August 9, inclusive. Rates of one fare plus 50 cents are announced from all stations in Nebraska.

The program is exceptionally strong, including among the platform speakers: Booker T. Washington of Georgia. Newell Dwight Hillis of New York. Bishop J. C. Harzell of Africa. Dr. William Spurgeon of England. Senator J. P. Dolliver of Iowa. Dr. Louis Albert Banks of Denver. Hon. John G. Woolley of Chicago. Dr. George R. Stuart of Tennessee. Dr. George M. Hamill of Nashville. Miss Marie C. Brehm of Illinois. Mr. A. W. Hawks of Baltimore.

The entertaining features are varied and attractive including: Martha S. Gietow—Reader. Columbia Jubilee Chorus. Hagenow Prize Band. Parland Newhall Company, Bell Rings and Male Quartette. Pamihasika troupe of trained Birds and Dogs. American Vitagraph, Moving Pictures.

A copy of the handsome "Illustrated Prospectus" may be secured by sending your address on a postal to President L. O. JONES, Lincoln.

WASHINGTON, D. C., July 14.—On the first day of August next a new order, designed to simplify the regulation in regard to rural delivery boxes will go into effect. The postmaster-general has directed that on and after that date patrons of rural delivery need not purchase their rural boxes from one of the 200 listed manufacturers who have put upon the market 300 different styles of boxes, approved by the department, ranging in price from 50 cents up to \$4.00, but may, if they choose, construct their own boxes or have them made to order, provided that in so doing they conform to the requirements of the department as to size, durability, safety and protection from inclemencies of weather.

In order to maintain the essential principle that all boxes established on rural routes must be brought under the protection of the United States statute which provides penalties for any one molesting a letter box established by order of the postmaster-general or approved or designed by him, the modified order provides that individuals who desire to make their own boxes or to have boxes made to order after own design must submit a sample of the material of which the box is to be constructed, or of the box itself, to the postmaster of any first or second class postoffice in the county where the rural service is in operation, and the postmaster, if he finds such box conforms to the specifications and requirements of the department, is authorized to require the owner to paint conspicuously thereon the words "approved by the postmaster general."

The same order provides for an early re-inspection of boxes heretofore approved with a view to the gradual elimination, after reasonable notice, of such boxes as are not found to comply with the requirements of the department. With this object in view it is directed that all sample rural boxes on file at the former headquarters of division superintendents of rural delivery or in the offices of postoffice inspectors-in-charge shall be transmitted to the fourth assistant postmaster general at Washington, D. C., to be examined and tested by a committee to be appointed for that purpose.

AUBURN, Neb., July 21.—The southeastern fruit growers' association was held in this city yesterday afternoon and evening. Besides the fruit growers of Nemaha county, there were present Henry C. Smith, Falls City; A. A. Lash, Weeping Water; W. G. Swan, Tecumseh; J. E. Adkins, Pawnee; J. Meeks, Unadilla.

The meeting was one of unusual interest to the fruit growers and general satisfaction was expressed over the immense sales and shipments of fruit at excellent prices.

C. B. Parker, of Brock, who is committee on transportation, read a report of freight and express rates which were highly satisfying to the association. Two more car loads of crates and boxes were ordered to meet the demand of the fall sales. The fruit on exhibition was of a most excellent quality, proving that the spraying recommended by Congressman Pollard has been observed by the large growers and has proven to be of great value. The fruit from this section that has been placed on sale in the local market has been generally treated by the Pollard method.

LINCOLN, July 14—Abstracts of assessment from eighty counties now on file with the secretary of the State Board of Equalization show a total increase over the returns made by the same counties last year of \$7,120,475.98.

Six counties reporting show a total decrease over their assessment of last year of \$382,124.56, leaving a net increase in the eighty-six counties reporting of \$6,738,351.42. The counties showing a decrease are Blaine, Hooker, McPherson, Merrick, Thomas and York. York county's decrease is \$324,950, but it is explained by the fact that in last year's returns the assessor made a duplication of \$500,000 worth of property, which, when subtracted, makes York county's assessment more than it was last year. Four counties are still out. They are Franklin, Gage, Kimball and Lancaster. Last year these counties returned a total assessment of \$28,057,647.

Based on the counties reporting, the increase per county over last year is about \$78,352, but this average will be materially increased by the addition of Gage and Lancaster counties, even though Franklin and Kimball are returned practically the same as last year, as Lancaster will return an excess of more than \$1,000,000 over last year. The total assessment of all property last year was \$304,470,961.85. This year the assessment bids fair to be over \$312,000,000.

**This Will Interest Ladies Only**

We are giving away DINNER SETS, GRANITE-WARE SETS, COUCHES, SEWING MACHINES and hundreds of other articles, all full size for family use, to enable us to introduce our Swan Baking Powder and Salvona Brands of Teas, Coffees and other Household Supplies. These are all high-grade goods—absolutely guaranteed as to quality—cost no more than you are now paying for the same goods, and we depend entirely upon their merit to secure your future orders. Consequently by giving away free premiums we gain new customers and you save the profit which formerly went to the dealers, as by dealing directly with our customers we save the profit of the wholesalers and retailers, which WE HAND OVER TO YOU in the shape of useful premiums and honest goods at fair prices. Because you live miles away from us—because you may never have seen us—is no good reason for not giving us a trial. You risk nothing. We do not ask you to pay in advance. We pay the freight. Our catalogue of premiums will be sent you and our plan of selling goods will be fully explained if you will only send us your name and address. We have hundreds of patrons whose custom we secured by this plan. They would not patronize us unless we gave them full value and fair treatment. We would not expect them to. Besides, the editor of this paper will tell you that we are thoroughly responsible.

Write us today—a postal-card just giving your name and address will do.

This is a Chance That Does Not Happen Every Day.

**SALVONA SUPPLIES COMPANY,**  
1127-1129 Pine Street, St. Louis, Mo.

In addition to the many handsome and practical fashion designs of the month THE DESIGNER for August presents two special articles: One is on "The Baby's First Short Clothes" and the other on "Becoming Styles for the Stout woman". Hats for late summer wear are also pictured, and shoes and slippers of the latest cut are given an entire page. A new departure is the picturing of several full-page fashion plates in two colors in addition to the regular color plates. "Points on Dress-making" this month tells how to fit and bone a close-fitting lining, and the Millinery Lesson instructs as to the making of a horsehair hat.

In fancywork are supplied "Lace and Embroidery for table Linen" and "Copenhagen Cut Work." "Hot Weather Breakfasts" are pictured and described in detail, so too is "A Make-Believe Vacation," which gives suggestions to the stay-at-homes. "Men's Fashions" illustrates new materials for autumn suits, and the various departments edited by the readers are filled with most interesting and helpful suggestions.
