

R. E. Bucher is buying and shipping lots of fruit.

John W. Ritchey has been in Auburn three days this week, having some dental work done.

The rural route carriers will make their trips earlier next Thursday, in order to get back in time to enjoy part of the picnic.

Cut down the weeds, trim the trees, clean up the streets, alleys and yards, fix the sidewalks, and get the town in good shape for inspection on picnic day.

Mr. and Mrs. Elmer E. Allen started for New York state Wednesday afternoon and expect to be gone about a month, but will take their time and get through visiting and sightseeing before returning.

Mr. and Mrs. O. E. Houtz went to Verdon on the freight Wednesday evening to attend the picnic. Mrs. Sherwood and Ethel drove down Thursday forenoon. Clarence Aynes looked after the restaurant during their absence.

The editor has been enjoying the pleasant pastime this hot weather of breaking a heifer to milk and a calf to drink. But we have sold the calf and got the cow pretty well broken, so the mornings and evenings are not filled with quite such strenuous exercise as they were for a few days.

John E. Lambert had the misfortune to break his left arm last Friday. He was climbing up on top of hay in a shed with a pitchfork in his left hand. He stuck the fork in the hay to lift himself up until he could catch with his right hand, but in one place the hay was loose and when he threw his weight on the fork it gave way, letting him fall to the floor of rails. His left arm was in some manner thrown back of him so he fell with all his weight on it, breaking the large bone. Dr. Kay set it and Mr. Lambert is getting along as well as we could expect. We hope he will have no further trouble with it.

In company with Rev. G. W. Ayers we drove down to Shubert Tuesday evening. We were glad to meet a number of the business men of that village—H. E. Williams, M. T. Hill, M. H. Taylor, Attorney Morrow, Charley Smiley, Postmaster Evans and others. We had heard a young lady had a "roast" laid up for us for daring to insinuate that Shubert was not the best town and did not have the best people on earth, so we went around and took our roast. If we have any bad thing coming we want to get the dread over with as soon as possible. The young lady told us she considered the remarks of The Advertiser as insults. We of course felt grieved that telling the truth was considered insulting, but part of our mission on earth is to tell the truth and help people to overcome their wrong doings, so a clear conscience helped us out. She assured us that the carnival company was all right. We are glad that she did not see the wickedness that was going on. If she had known of it we feel sure she would have condemned it as strongly as any one could. After getting our roast we were in a fitting mood to go to church so we went to the Methodist church, where revival meetings are being held by Sister Ashby. Much interest was manifested in the meetings. Rev. Ayers preached an excellent sermon. The singing conducted by Sister Ashby, was good. We hope the meeting will do much good for there is certainly great need of it.

Ellis E. Good will have the Nemaha county delegation to the republican state convention. Of this there is not the least doubt.

The Beatrice Creamery Co. will pay 16 cents per pound of butter fat for hand separator cream, delivered in Nemaha. Separators sold on easy terms. R. E. Bucher, Agent.

TO ROYAL HIGHLANDERS

During my absence all members will please pay assessments to Frank Titus. Assessment No. 7 is due on or before Aug. 1st.

LILLIAN M. ALLEN, Sec'y.

George H. Weeks moved to Nemaha from St. Joe the first of the week, but before arriving here decided to go to his old home at Fairfax, Mo., so has not unloaded his household goods, and will probably have them shipped to Fairfax.

Excursion Rates

A fare of one and one-third fare has been granted by the C. B. & Q. for the Old Settlers picnic, good August 1 and 2. The southbound freight, No. 111, will not leave Nemaha until 8 o'clock p. m. on that day.

Dr. Lale Andrews was married to a Kansas City lady, May 1st. The marriage was kept from the public for some time. Dr. Andrews has sold his practice in Kansas City and left there with his bride for a new home in the southwest. The bride was a widow with a small son and is said to be well to do.—Stella Press.

Last week Will Clark threshed twenty five acres of wheat at his farm southwest of Auburn. When the wheat had been delivered at the elevator it was reckoned that the average was 48 bushels per acre; but when he came to settle he found the machine measure had overrun and he was paid for 50.7 bushels per acre.—Granger.

Contrary to the report circulated by the knockers against the Carnival, not a rough, or a tough, or a gambler so far put in an appearance. But everything is going fine. The free attractions are just as reported by the advance man.—Shubert Citizen.

"For the people that like that kind of an outfit it is just the kind of an outfit they like." But honest now, Dalby, how did you like the "attractions" that went with the show?

A. E. Timmerman tells us that the former Stella people now at North Platte are prospering and doing well. Lon Barber, who was a most unpromising boy here some ten or fifteen years ago, has a homestead and is getting it well stocked. Eugene Hawley after a severe attack of rheumatism last winter, is well and finds plenty of work. He lost a horse after going there. Sylvester Hodges also lost some stock, but still things are coming his way. John Snyder has prospects for good crops, which, if realized, will make him away ahead this fall. All sent regards to Stella friends.—Stella Press.

John G. Sanders, who for nearly the past four years has been the editor of the Aberdeen News, has resigned his position and on next Saturday morning will leave for Garretson, where he will assume the proprietorship of the Garretson News, which he recently purchased. Mrs. Sanders and son will remain in this city for a few weeks until Mr. Sanders becomes settled in his new home.

Mr. Sanders is a newspaper man of wide experience and sound judgment and is one of the most capable editorial writers in the state; and there is every reason to believe that he will make a grand success of his new venture. He is very popular with his associates and will be greatly missed by them.—Aberdeen (South Dakota) News.

Mrs. Dora Thom, daughter of Mr. and Mrs. Edgar Reynolds of this city, was united in marriage with Myron W. King of Sioux City, Iowa, in the city of Lincoln, Tuesday afternoon, the 10th inst. Mrs. Thom is well and favorably known to people of this section, where she resided many years prior to going to Sioux City, where she has lived for several years. Mr. King is a meat inspector in the government employ at Sioux City. Rev. J. H. Presson of Milford, Nebr., was the officiating clergyman.—Tecumseh Journal.

SENATOR BURKETT FOR PRESIDENT

From the Lincoln News.
Senator E. J. Burkett has been brought out as a presidential possibility for 1908 by the Forest Grove (Ore.) Times, which refers to him in very complimentary terms in a recent issue. The Times appears to regard Mr. Burkett as particularly available because he is a Nebraska man and therefore would stand a better chance than any other republican to beat William J. Bryan in this state. The article is as follows.

"While the country is carefully studying its lists of available men with a view to selecting the best the Times would suggest one who can beat Bryan. This is another Nebraskan—Hon. E. J. Burkett, of Lincoln. He may not be as well known as Bryan was before the Chicago convention in 1906. He is a young man. He is an orator. He has served three terms in congress. He is now serving his first term as United States senator, selected by vote of the people and elected by vote of every republican in the legislature. He is a trusted friend and counselor of Roosevelt. He stands for all the president represents. On the stump and in congress he has talked and voted for railway regulation, trust regulation, for giving every man and interest a 'square deal'—no more, no less.

"He was born on an Iowa farm, he worked his way through school and college, he studied law while he taught, he has won his way in life solely on his own merit, he knows the needs and sympathizes with the wishes of the great common people of the country. He can get more votes than Bryan in the latter's own precinct, own city, own county, and own state, and we believe would beat him as a national candidate.

"It would make a contest ever to be remembered to pit one popular Nebraskan against another—Burkett against Bryan."

The senator has been making a big hit as a Chautauqua lecturer.

Deadly Serpent Bites

are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restorative medicine, of which S. A. Brown, of Bennettsville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cures chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Hill Bros., druggists. Price 50c.

Following the Flag

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at Hill Bros. druggists. Price 50c and \$1.00. Trial bottle free.

Eyes and Glasses

Some people do not have clear vision either distant or near. This is often due to a deformity of the curvature of the eye-ball. These eyes have Astigmatism and these eyes are the ones that require the most careful testing to determine the proper correction. They need a cylindrical lens which must be ground to order, and if in addition the eyes are Hyperopic or Myopic, you can see the complication which arises and that a compound lens would be required. If you have any eye troubles we can tell you in a few minutes with a few simple tests whether you have normal vision and whether glasses will help you. A complete examination will take longer time, to determine your correction.
