The wagon bridge over the railroad track in the south part of town has been completed and travel is once more going over it. It is a good substantial bridge. The old one was about ready to fall down.

The Burlington will run two excursions to the state fair this year, starting from Falls City and going by way of Nemaha and Nebraska City. They will leave Nemaha at 7:03 a. m., on 4th and 5th.

Now that three county tickets are in the field with the exception of float senator and representative, there will doubtless be a calm for awhile until the weather gets a little cooler. It is too hot to campaign now.

A. B. Paris and Chas. H. Stanley returned a few days ago from their trip to Wyoming and Colorado. They did not like Wyoming very well but were pleased with parts of Colorado and will probably locate there.

Champion school house is being thoroughly overhauled and put in good shape for school. The old siding has been taken off and the house boxed up and resided. This district is in good condition, financially and will see that the scholars are comfortable.

A few boys and young men have recently got into the habit of hanging around outside the doors and windows of the Methodist church during services, and have at times disturbed the services by talking and smoking. Complaint has been made that some ladies have been annoyed very much by the conduct of these parties at times, and the smoking has been very offensive. The trustees do not desire to take any steps legally to stop these performances, but will be compelled to do so if they do not cease. The law is very severe on this respect, and parties disturbing meetings are liable to a heavy fine. It is hoped this notice will cause these parties to be more thoughtful of the rights of others.

By order of the board of trustees.

Born—to Mr. and Mrs. Alf Rowen Wednesday morning August 15, 1906, a fine son. Alf is feeling pretty proud, of course—just as if this was the first son of the universe. Grandpa Sanders is able to look after the postoffice part of the time, but mistakes must be overlooked for a few days until he gets used to being called grandpa.
