

UNITED STATES SENATOR FROM SOUTH CAROLINA PRAISES PE-RU-NA.

Ex-Senator M. C. Butler.

Dyspepsia is Often Caused by Catarrh of the Stomach—Peruna Relieves Catarrh of the Stomach and is Therefore a Remedy For Dyspepsia.

Hon. M. C. Butler, Ex-U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. In order to cure catarrh of the stomach the catarrh must be eradicated. Only an internal catarrh remedy, such as Peruna, is available. Peruna exactly meets the indications.

Small things talk loud to the Indian's eye is a proverb of that nationality.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN.

A Certain Cure for Feverishness, Constipation, Headache, Stomach Troubles, Teething Disorders, and Destroy Worms. They Break up Colds in 24 hours. At all Druggists, 25c. Sample mailed FREE. Address: A. S. OLMSTED, Le Roy, N. Y.

The paleface's arm is longer than his word is a general saying of the Indian.

A Positive CURE

Only Twenty-five Private Dwellings Started in Manhattan in 6 Months. Manhattan is losing its private dwelling houses at a rapid rate.

Builders have started only twenty-five dwellings in Manhattan during the first half of the year. In the meantime the destruction of old dwellings to make way for business expansion or for large flats has exceeded 500 houses.

The total estimated cost of building the twenty-five new dwellings is figured by the architects at \$1,335,000. This is an average of \$53,400 for each house. The most costly dwelling was planned for Robert S. Brewster, on the southeast corner of Park avenue and 70th street, 35x76.2. It will cost \$150,000. The cheapest dwellings comprised a row of three three-story houses on the northwest corner at 109th street and Haven avenue for Adolph Wurzburg. They will cost \$10,000 each; they are so far north, however, that they really ought not to be counted among the Manhattan projects.

In comparison with the small number of new private dwellings, the flat houses projected by Manhattan builders during the first half of the year number 664. This shows that families who must make homes in Manhattan are being crowded steadily into narrow flat house districts.

In further comparison, the first half of the year has seen 800 private dwellings started in the Bronx, 2,300 in Brooklyn, 1,800 in Queens. In all the suburbs, including New Jersey and Westchester, there are 7,300 one-family and two-family dwellings, under construction as a result of the half year's activity.

The suburban dwellings average \$3,000 each in constructional cost. The favorite sites for such houses are in the far suburbs. Builders are improving with small houses the cheap outlying lands, which are soon to be drawn within quick transit lines of Manhattan business centers. The land nearer Manhattan, even in the suburbs, has advanced to such high prices that it is becoming available only for flat house improvements. Near the twenty-mile circle of the new rapid transit zone are found the most busy scenes of small house building.—New York World.

MAKING THE FIRST RADIUM.

When Prof. Curie was run over and killed on a street of Paris not long ago the entire world recognized that it had lost one of its foremost experimenters. Yet it was only six years ago that the wonderful element, radium, which he and his wife had discovered, passed almost unnoticed among the exhibits in a Paris exhibition, and a stranger, seeking the physicist, found him only through the lucky help of a street gamin.

In the 1900 exhibition in Paris, says London Truth, the compilers of the catalogue and the jurors entirely overlooked the tiny vessel containing its speck of radium, which the Curies had sent. An exhibitor of diamonds, annoyed because its presence spoiled the color of his jewels, had put it out of sight. An English visitor, however, who had read a reference to the discovery in an obscure journal, hunted it up, and later set out to find the discoverers.

He went to many places, the Mines School, the Sorbonne, and elsewhere, but no one in any of them could tell him anything of the Curies. At last, by a strange chance, he ran across a gamin who had heard of radium from a chum who worked as an attendant at the City of Paris Industrial Laboratory, where Curie then worked. By this roundabout information the Englishman was brought to Prof. Curie, who was a little amazed, but pleasantly so, to find that some one was at last interested in what they were doing.

Mme. Curie, he said, had herself pounded in a mortar, with her own hands, all the pitchblende from which the speck of radium had been obtained. Pitchblende was costly, and she had not wasted a grain. She had ruined her hands in the work.

They were then spending every penny for pitchblende. Mme. Curie had given up gloves entirely, and was wearing very old and badly patched cheap shoes and old-fashioned clothes. The professor had on old shoes and a threadbare coat—his only coat. Their little girl was dressed as cheaply. But by their economy and their diligence they had enriched humanity incalculably by their discoveries in radio-activity and their isolation of radium itself.

Broke His Promise.

"I accepted Harry last night." "Then he didn't keep his promise to me." "What promise?" "When I rejected him night before last he promised he wouldn't do anything desperate."—Houston Post.

There are a good many new reforms this year. A man said to-day: "There's an unwritten law that office holders shall work three hours a day. I say they are not doing it."

THEY CURE ANÆMIA

Dr. Williams' Pink Pills the Most Successful Remedy for All Forms of Debility.

Anæmia, whether it results from actual loss of blood, from lack of nutrition due to stomach trouble, or whatever its cause, is simply a deficiency of the vital fluid. Dr. Williams' Pink Pills actually make new blood. They do that one thing and they do it well.

"As a girl," says Mrs. Jessie Fink, of 180 East Mill street, Akron, Ohio, "I suffered from nervous indigestion and when I was eighteen years old I was reduced in weight to 83 pounds. I was anæmic, nervous, couldn't eat or sleep, was short of breath after the least exertion and had headaches almost constantly. I had a doctor, of course, but I might as well have taken so much water for all the good his medicine did me. Finally my vitality and strength were so reduced that I had to take to my bed for several weeks at a time. I could not digest any solid food and for weeks I did not take any other nourishment than a cup of tea or beef broth.

"While I was sick in bed I read of Dr. Williams' Pink Pills and I stopped all other medicine and began to take the pills. Soon my improvement was very noticeable. My strength began to return, my stomach gave me no pain and just as soon as I began to take solid food I gained in weight. Dr. Williams' Pink Pills certainly saved my life. I am now perfectly well, have regained my normal weight of 120 pounds and I think Dr. Williams' Pink Pills are a wonderful medicine."

These celebrated pills are recommended for stubborn stomach trouble, for all cases of weakness and debility, such as result from fevers and other acute diseases. All druggists sell Dr. Williams' Pink Pills, or they will be sent by mail postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

The length of the proposed Panama Canal is 49.09 miles; width, 118 feet; depth 29.5 feet. The estimate cost will be about \$200,000,000, and it is expected the canal will be in operation in less than fourteen years.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props., Toledo, O. We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by their firm.

Hall's Family Pills are the best.

The site of the original English settlement of Jamestown is forty miles up the Jamestown Exposition grounds. Boats will take the visitors to the site twice a day.

RUNNING SORES ON LIMBS.

Little Girl's Obstinate Case of Eczema—Mother Says: "Cuticura Remedies a Household Standby."

"Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble. We find that the Cuticura Remedies are a valuable household standby, living as we do twelve miles from a doctor, and where it costs from twenty to twenty-five dollars to come up on the mountain. Mrs. Lizzie Vincent Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905."

About half of the draft animals in Munich are cows, and about one-tenth of the drivers are women.

Newspaper artists have been forbidden to make pictures in the London divorce court. The judges say that the sketching embarrasses the witnesses and public attention should not be drawn to divorce cases by illustrations.

W. L. DOUGLAS \$3.50 & \$3.00 Shoes

SHOES FOR EVERYBODY AT ALL PRICES. Men's Shoes, \$5 to \$1.00. Boys' Shoes, \$3 to \$1.35. Women's Shoes, \$4.00 to \$1.50. Misses & Children's Shoes, \$2.25 to \$1.00. Try W. L. THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists, and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
