

The corn show will be held in Lincoln December 11 to 15, and County Superintendent Carrington is endeavoring to get at least one hundred boys and girls and their parents to make up a Nemaha county excursion and attend at least one day.

The experiment of substituting rabbits for turkeys at the Thanksgiving feast was tried last year and declared to be a gastronomic failure. This year the old bird will again reign supreme.—Ex.

Deputy Secretary of State Fred Miller, assisted by Adair Galusha, and Henry Seymour, is tabulating and adding the official vote of the various counties. The unofficial totals show that the total vote cast at the election was 200,114, which is much larger than was expected when the returns began to come in. Sheldon, for governor, received 97,858, and Shallenbarger, received 84,875. Junkin, for secretary of state received 98,452 and his opponent, Carl Gouher, received 83,505. Searle for state auditor received 97,817 and his opponent, J. S. Canaday, received 81,056.—State Journal.

### BIG APPLE YIELD

A Shubert dispatch says: Here are some big yields of apple orchards in this section: The Speece orchard north of town had 6,500 bushels of apples suitable for shipping purposes to Chicago. Chet Evans, east of town, had 1,200 bushels in his orchard while his brother, John Evans, also living east of town, had 6,000 bushels of first class apples and two car loads of second grade apples in an orchard of thirty acres twelve years old. From H. R. Howe's orchard, near the station that bears his name, twenty-eight cars were shipped to Chicago, and from there will be sent to the old country. The apples have been selling from 75 cents to \$1.35 a barrel. All these orchards had been sprayed according to scientific principles, and as a result produced excellent fruit. On a large orchard near Peru this season the trees were not sprayed and as a result the fruit was of such poor quality as to be unsalable.

### Big Bargain Week

During the week of December 21st to 28th inclusive, The Nebraska State Journal will accept \$3 from mail subscribers for the whole year of 1907, without Sunday, or \$4 with Sunday. The regular price is \$4 and \$5. This cut price is only good during this Bargain Week, and all you have to do is to mail your remittance to the State Journal, Lincoln, Nebr., during that time, and you will receive the paper the whole year of 1907. Such a cut price is possible on account of large savings made by taking solicitors off the road. Instead of paying out railroad fare, hotel bills and other expenses, these savings are given to our subscribers direct by this big bargain offer. The coming session of the legislature will be the most interesting one ever held in the history of the state, and no matter what your politics are you should read The State Journal during this time. Reforms will be made in our present laws, reforms that interest you in dollars and cents. No matter what other papers you are taking, during such a session of the legislature you should be a Journal reader. Write a postal asking for a sample copy. The Journal stands for all that is best for Nebraskans and wants you to feel that whatever is for the public good is for its good. There is a new deal in Nebraska governmental affairs, and you should be watching every move. Farmers and all the other producers of the state are vitally interested in what will be done at Lincoln this winter. Remember the Bargain Week—December 21st to 28th. The Journal is the paper for you.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupefying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it. All dealers.

William Randolph Hearst, the great "reform" candidate for governor of New York, who advocates purity in politics, and doesn't believe in buying one's way into office, makes a sworn statement that it only cost him \$256,370 to run for governor. If he had believed in corruptly influencing voters by the use of money, we wonder how much it would have cost him. Over a quarter of a million dollars spent in one campaign by one candidate!

A man running a newspaper in a town the size of Nemaha would in most cases be better off financially and otherwise if he would cut politics out and run a strictly non-partisan news paper, letting the dailies and papers in large towns "save the country." We have always felt this way. But when the campaign begins to liven up a little we feel impelled to "speak out in meeting" and tell what we think of things in general and of the G. O. P. in particular, and so far we have never been able to resist the temptation. But we intend to "cut it out" for a while now—unless some of the partisans of the opposite faith get to rubbing it in too hard, and then we are liable to break loose again. But we know that people are tired of reading political matter, and will welcome a change.

Only twenty-four of the ninety counties in the state were carried at the last election by A. C. Shallenbarger, the fusion nominee for governor. The aggregate majority for Shallenbarger was 3,556.

Sheldon carried 66 counties with an aggregate majority of 16,449. Lancaster, with 2,514 majority, gave him the largest, while Logan, with one, gave him the smallest.

Berge carried 18 counties that were carried by Shallenbarger, and the latter won six that Berge did not. These were Cedar, Chase, Franklin, Furnas, Harlan and Kearney. Berge carried Clay, Colfax, Douglas, Fillmore, Hamilton, Knox, Seward and Wheeler, which Sheldon won this year.

In the ninety counties where Mickey received 111,711 and Berge 102,568 Sheldon secured 97,841 and Shallenbarger 84,898, a republican loss of 13,870 and a democratic loss of 17,670. The net republican gain was 3,800 and as Mickey beat Berge by 9,143, Sheldon's lead is 12,943.

### Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root, pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### FIFTY YEARS AGO

It was comparatively easy to establish a reputation for a piano. Pianos built upon the plans of that time may be well known, but the march of Progress is passing beyond them. The Baldwin and the Hamilton are the result of new ideas and new methods. Thirty-five thousand Hamilton pianos in use is an indication of its popularity. In the Hamilton, the tone combines power and volume with color and delicacy, and the scale which is the foundation of the musical principle and divides the tones and semi-tones into their constituents, is thoroughly scientific and original with the Hamilton factories. Each piano gives the purchaser unrivalled musical qualities and power, perfect sympathetic tone and positive durability together with a tasteful case at a very moderate price.

We give a signed guarantee on each piano from factory for ten years from date of purchase. Will you give us a chance to back up our statements.
