

Stand up for Nebraska. With a record for the least percentage of illiterates, according to the population, this state now comes to the front with the lowest percentage of criminals, according to population, of any state in the union. And that with a man like Al Beemer in the warden's office for whose good company pretty nearly any man would be tempted to commit a crime.—Norfolk News.

I often wished to have on my table the famous pudding which accompanies "the roast beef of old England," but in my modern American kitchen I had no way of suspending a roast over the batter while cooking. Besides my taste ran to light fluffy things made with baking powder, and my one attempt at using the old English recipe for Yorkshire pudding turned out a heavy, soggy affair. One day I used a little ingenuity with my recipe and since then the pudding has been a welcome addition to a roast beef course in my home. I take a pint of sweet milk, a pinch of salt, three beaten eggs, a teaspoonful of baking powder, and enough flour to make a batter of the consistency of pancake batter. I pour about one-fourth of a cupful of hot gravy from the roast into a hot dripping pan, put the batter in, letting the fat gravy spread to the sides of the pan, and then I scatter more gravy over the batter in little puddles, and bake it twenty minutes in a hot oven. Cut into squares with a heated knife and served with the roast beef as hot as possible, it is very palatable.—The January Housekeeper.

Last week J. C. Killarney, manager of the Auburn Telephone Co., and owner of nearly all the stock, disposed of a controlling interest to G. E. Coddington, E. M. Boyd, R. C. Boyd, Judge Lambert, H. E. Furlong, L. R. Young, W. W. Harris and Ed Ferneau. The Auburn Republican in commenting on the change, says:

"Mr. Killarney had an electrical engineer in the city in December and he gave the latter a commission to go over the grounds and make plans and specifications for the improvement of the service. As a result of the findings of the expert a new multiple switch board, of sufficient capacity to take care of the needs of the plant for the next ten years, will be added, as will a complete new central office equipment. Plans have been made for cabling the city and these plans were approved by the new purchasers of the stock so that the improvements contemplated will certainly be made in the spring.

"Mr. Killarney in the anticipation of the requirements of the local plant had placed an order for cable and poles before he had disposed of any of the stock. The improvements contemplated also embrace the plants at Brownville, Brock and Nemaha and the total amount to be expended for new construction will approximate \$15,000.

"Mr. Killarney is one of the best telephone men in the state. Under his management the Auburn exchange has grown into the largest in the state, with one possible exception, outside of Lincoln and Omaha. In an interview with him he says that he has the best list of subscribers in Nebraska and that they are all good and prompt pay."

Quit Selling Groceries

The Vedette has been informed by trade journals and through other sources that Sears & Roebuck will discontinue selling groceries. This is necessitated by the passage of the pure food bill. This firm was able to cut prices in groceries because they were adulterated, and of course not reliable like the home merchants carry. Good for the pure food law.—Verdon Vedette.

Cured of Lung Trouble

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. Kink's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at Hill Bros. drug store. 50c and \$1.00. Trial bottle free.

The overwhelming sentiment among members of the legislature appears to favor the creation of a board of pardons and there is therefore little doubt that legislation will be enacted along that line. While the record of Governor Mickey in liberating criminals from the penitentiary undoubtedly has much to do in shaping this sentiment and will have the effect of hastening action upon the part of the law making body, such legislation would have been asked for in any event. Those who have made a study of criminology and prison matters are practically unanimous in their advocacy of the pardon board law, which has been found to work most satisfactorily in the states where it is in force.—Lincoln News.

A Wonderful Memory

Blind Boone, who was at the Overland theater last evening and gave a performance, has a wonderful memory. Yesterday he was about the city looking up old timers that he met and did business with twenty and twenty-five years ago. He inquired after W. T. Canada, who was manager of the theater when he appeared here first some twenty-four years ago and who is now claim agent for the Union Pacific. He asked after the late Col. F. P. Ireland, who went on the stage the first night and played a short piece of music which he repeated after him. He also looked after John Price, colored, whom he heard playing on his violin, the first day he was here and that night gave an imitation on the piano. He found John and at his request John occupied a prominent seat at the Overland last evening and listened to Blind Boone playing, imitating that old fiddle which he had not heard for twenty-four years. He did many other things which clearly proved to those who seen him that he had a wonderful memory. Blind Boone has been on the road for twenty-seven years and during that time has accumulated a fortune. He has built a fine home, at his birthplace in Missouri, and there he spends his time when not on the road. He and his manager reside in the same town and both are immensely wealthy.—Nebr. It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by all dealers.
