

Sheriff's Fees Small

Sheriff Rohrs has compiled his report of the fees received by himself and his deputy during the past year. The amount totals \$1,380.10. When the items of expense are considered the two officials do not make very much out of the office. It has been contended, and with justice, that the sheriff of the county should be paid a salary commensurate with the dignity and responsibility of his office and that the county should also pay a salary to the deputy.

In Otoe county the commissioners pay \$2 per day for deputy sheriff services, and the latter, in consideration of this, performs the duties of jailer and thus earns the stipend paid him.

This would be a good plan for the commissioners of Nemaha county to follow.—Auburn Republican

Auburn Bank a Government Depository

Advices were received from Washington, D. C., Saturday, to the effect that the First National Bank of this city had been made a government depository.

The importance of this fact is a matter of congratulation for Auburn.

The federal government now has \$100,000,000 deposit in the various banks of the country and this means that the treasurer of the United States will deposit in the First National Bank \$50,000 of federal funds.

This will greatly enhance the banking capital of that institution and will be a great impetus toward placing Auburn in the front ranks of Nebraska's financial centers.

The First National bank would be a credit to any of the larger cities of Nebraska. It had to satisfy the government as to its solvency and its capacity before the function of being a government depository was granted it.

This was successfully done and it was a splendid thing for Auburn.

The policy of the bank has always been a progressive one and the fact that this new element of stability has entered into its composition makes it one of the strongest in the state.

Auburn can well be proud of the distinction conferred by the federal government upon this bank and the city.—Auburn Republican.

Training for Citizenship

In the account of the meeting of the State Teacher's Association, held at Lincoln last month, the Nemaha County Teacher gives the following notice of remarks made by Senator Beveridge of Indiana on training for citizenship, which the Advertiser hears in the following manner:

"Senator Beveridge was introduced by Hon. W. J. Bryan in a most pleasing manner. He spoke on 'The School and the Nation.' He said that a literary, a scientific, or a mathematical education was not enough; there must be an education for citizenship. He who has attained the highest degree of learning and culture and is too dainty to take part in the nation's politics; does not vote at every caucus and election; is not able to give his opinions on the questions before the nation for solution that one is actually working evil against his own country. He said this mighty movement of reform which was sweeping over the country would go on until it had accomplished the mission which God intended it should. He said that one hour a day be given in all the schools for the training of citizenship;—talk about the national issues. Interest them in elections. Admonish them to demand clean, honest, able, and good men for our public servants from highest to the lowest office. Teach the songs which will cause them to love home and country. Read to them and have them read about men good and great, men who have accomplished good. He gave an exposition of his Child Labor law at the close of his lecture which was heartily applauded.

"Supt. McBrien introduced a resolution which provided that the Nebraska teachers endorse this law and urge their representatives in congress to vote for its passage. In conclusion he said: 'President Roosevelt is for it. Mr. Bryan is for it, and Senator Beveridge is for it, and what these three men have joined together let no man put asunder.' The remark was well taken and the resolution responded to by unanimous vote."

Delinquent Taxes Being Paid

The continued prosperity that the people of this county are enjoying is having the effect of cleaning up the list of delinquent taxes that are of record in the county treasurer's office.

County Treasurer Dirks went to Lincoln the first of the week for the purpose of making his settlement with the state treasurer. He turned into the strong box of the state of Nebraska for taxes collected during 1906, the sum of \$34,067.60. This included the rent for school lands located in this county and which amount to \$2,564.69.

The total amount that he collected in taxes during the year 1906 approximated the enormous sum of \$157,255.40. This was made possible by the fact that during the year he received taxes that were delinquent for every year since 1865. This is an unusual occurrence and is an item which shows that our people are very prosperous and it shows a disposition on their part to clear away every incumbrance that would in any way reflect upon the titles of their property.—Republican.

New Counterfeit Out

Captain Webb of the federal secret service has received a circular describing a new counterfeit \$10 Buffalo bank note of the series of 1903. These counterfeits have been freely circulated in New York. The back is a darker green than genuine bills. The imitation, however, is a good one. None of these new counterfeits have as yet been circulated in Omaha.—Omaha World-Herald.

Large Profits from Farm

Peter Berlet, of Auburn, while in the city last evening, stated to a News man that in ten years he cleared \$30,000 off of his farm near Brock. He had two men attended the farm and looked after things during that time and most of the time he paid the men \$30 per month and gave them their board. This simply shows what can be done on a Nebraska farm and more especially when it is located in this part of the state, where we always have crops and such a thing as a complete failure is unknown, since the first settlement of the state.—Neb. City News.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by all dealers.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys, if the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles.
