J. W. Taylor Dead

J. W. Taylor died at his home in Auburn Wednesday forenoon, February 13, 1907, after a long illness from stomach trouble, aged 58 years, 4 months and 29 days.

John Wray Taylor was born in Harrison county, Mo., September 14, 1848. In 1862 he moved to Nebraska with his parents and has made this state his home ever since. For many years he lived at St. Deroin, where he had a store, was postmaster, and managed a farm. About twenty years ago he bought a drug store in Nemaha and moved here, living here about ten years. He then moved to University Place give his son the advantage of the Wesleyan university, and from there went to Auburn, where he has made his home for a number of years.

J. W. Taylor was an honorable, upright man who was highly respected wherever he lived. A few weeks ago he accepted Christ as his personal Savior. He had a wide circle of friends who mourn his loss. He leaves a devoted wife, one son, Dr. Guy Taylor, and one brother, M. H. Taylor of Shubert, who will greatly miss the love and counsel of the husband, father and brother.

The funeral services will be held at the Avenue Methodist church of Auburn at 10 o'clock a. m. today. The body will then be taken to the Prairie Union cemetery for burial. The Masonic lodge of Nemaha, of which deceased was an honored member and a past master, will have charge of the services at the cemetery.

A Friend of the Boys

NEMAHA, Feb. 13, 1907.

W. W. Sanders,

Dear Sir:—As the "official molder of public opinion, and exponent of private rights and public morals," I want you to tell me a few things that I very much desire to know. Why is it that when a difference of opinion arises between different parties there are always some who want to back up their opinions by fighting—even if there be a perfectly fair and rational way of settling things without any hurt to anyone unless perhaps to their pride. Another thing, why is it that if a boy from Nemaha accidentally gets a day's work on the farm, although he may be surrounded by "Champions" his life and limbs are in no jeopardy, and he receives courteous treatment from every one, from the farmer's wife to the family dog. Now how is it if a poor lone "Champion" gets caught on the street in Nemaha he is obliged to stand and be "talked at" by one boy while a choice crowd stands around wondering if he can be goaded into fighting, and setting him down as a coward and easy mark.

Now, Mr. Editor, did you ever stop to think what a peaceful community "Johnny-cake Ridge" is, do you ever hear of any fighting or disturbance at any of our frequent entertainments, although we have our full quota of boys and young men. I will tell you why, it is because they always have plenty of work to do, good honest, hard work, that will fit each of them to take his place in the world as a man. Idleness is a bad thing for either man, woman or child, and the boy who is ambitious to have the best wheat, and the cleanest corn field, and be able to crib more corn than any other boy of his age, is not going to have any time to "work up his muscle" so he can "lick" some other boy. And in fact will have a wondering contempt for the boy who is always ready to fight and imagines that muscle is superior to brains or that the battle is always to the strong.

From a genuine Friend of "The Boys," bless them all, good or bad.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, ceases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

The Vaughn Case Reversed

The case of the State of Nebraska against George Vaughn which attracted so much attention last term of the district court, where he was found guilty of rape, and sentenced to the penitentiary for three years, was taken to the supreme court by Stull & Hawxby and T. S. Stephens, has now been reversed by the supreme court. This case was reversed for the reason that there was no evidence to sustain the charge of rape.

When the case was taken to the supreme court Judge Stull was sick, Mr. Stephens was busy in Iowa, and the labor of preparing the brief and arguing the same in the supreme court principally fell on Fred G. Hawxby, who made an excellent brief and a strong argument in the supreme court for which he was nicely complimented by the attorneys present in court, and further complimented by the decision of the court written by Judge Letton, one of the ablest and purest judges in the state. Judge Letton served the people of this district ably and well with Judge Stull for eight years, which term of eight years was remarkable on account of the costs saved, and economy generally in conducting the district court and further on account of the very few reversals of judgments.

The Vaughn case was decided on the strong points that Mr. Hawxby made in his argument and was decided by the three judges of the supreme court. All of the judges of the supreme court served the people of this state long and well as judges of the district courts. They are very able lawyers and pure men without spot or blemish and they are careful and painstaking servants of the people.

If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's safe even for the poungest child. Sold by Earle Gilbert.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
