

## His First Wages

W. T. Russell, a Pioneer, Worked Hard All Day For a Ten Cent Piece in an Early Day

Last Friday, February 8th, was the fifty-third anniversary of W. T. Russell's arrival in Nemaha county.

He is one of the oldest and most highly respected pioneers in the county and the circumstances connected with his arrival on Nebraska soil are still fresh in his memory.

Mr. Russell was the son of Houston Russell. The latter was one of the pioneers of Indiana and the family made the trip overland from that state in an ox wagon. It was on this trip that Mr. Russell made the first money he ever earned in his life. One of the oxen had died and the family were compelled to halt until another animal could be provided.

During the halt he worked all one day for a farmer, dropping corn with a hoe, and the reward for his day's labor was the munificent sum of ten cents. He treasured the silver piece as though it were a great fortune and one day when they were fording a river where the water was swift and waist deep he kept his hand closed over the money in his pocket, caring more for its safety than he did for his own. The family located in Missouri, locating close to Rockport, in Atchison county, where they remained until 1854. They crossed the river on the ice and their goods were transported in an ox cart.

They located on the old Mart May quarter section near Nemaha and built a log house. There was not a nail in the structure everything being held together by wooden pegs. Even the hinges were of wood. The old broad axe used in building this cabin, and which was also used in constructing Uncle Hardy Culwell's house near Nemaha, is still in possession of the family being in the care of the son, W. S. Russell.

Houston Russell was the father of four children, Hugh Russell, who has been a resident of California for the past forty-seven years, Mrs. Elizabeth Fuller, of Nemaha, W. T. Russell, of the Nemaha neighborhood, and Nate Russell, deceased.

W. T. Russell, in spite of his advanced years, is still a fine specimen of manhood. He is of fine figure and a good citizen in every way. He takes an ardent interest in public affairs and is a man who is well posted on current topics.—Auburn Republican.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by all dealers.

### Neighbors Got Fooled

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed at Hill Bros. drug store, 50c and \$1.00. Trial bottle free.

George Sanders of Brownville was in the city Thursday and he brought in with him a number of specimens of apples raised in his orchard, which show the commercial possibilities as well as the keeping qualities of apples raised in this county.

The specimens are types of the Jonathan, Gano, Winesap, Black Twig, Missouri Pippin and Virginia Beauty varieties. All are of good shape, fine color, excellent flavor and without a blemish.

The Jonathons and Winesaps were picked off the ground in the orchard in December and all were stored in an open cave up to the first of this week. They came from an orchard which had not been sprayed and when all these facts are taken into account one can readily see that the commercial possibilities of the apples of this county are almost without limit.

The apples were displayed in one of the windows of this office and the exhibit attracted considerable attention.—Republican.

### The Abuse of Medicine in the Nursery

The only medicine that a mother should give on her own responsibility is castor oil, says Emelyn L. Coolidge, M. D. If mothers and even many physicians would learn that the little ailments of babies and young children may be successfully treated by proper changes in the food and a few external applications, the mortality among infants would be greatly reduced. The digestive organs of young children are very delicate and when once upset by medicine it is difficult to set them right again.

All sick babies must of course have the benefit of a reliable physician's advice, and the sooner one is called the better—but there are now, and probably always will be, many mothers so situated that they cannot secure a good doctor for little nursery ailments, and when such is the case I am sure they will not regret trying the methods advised above in place of relying upon their own limited experience, or dosing with remedies suggested by well-meaning but misguided friends.—The Delineator for March.

### FREE TO SUBSCRIBERS

#### A Beautiful Framed Picture

The-a-Week Republic, of St. Louis, Mo., is giving away a beautifully framed picture, size 5 1-2x7 1-4 inches to every one sending \$1 for a year's subscription to their great semi-weekly paper and Farm Progress, a monthly agricultural paper published by The Republic.

This offer is open to both new and old subscribers. If you are taking the paper at present, send in your dollar and have your time marked up for one year and get one of these beautiful pictures without any extra cost.

The pictures are genuine works of art, done in nine colors. Two of them are heads of beautiful girls. One wears a black picture hat and has two roses pinned to her pink bodice. If this one is desired, order No. 10, "The Spring Girl." No. 11, or "The Summer Girl," wears a light brown picture hat, trimmed with light green. She also wears a white and green waist, with a bunch of very pretty flowers at her breast. The remaining picture, or No. 12, is a three-quarter length picture representing "The Winter Girl," with a long coat, boa about her neck and a muff.

The frames are made of rounded metal and are all black. To tell them from real ebony it would be necessary to take them from the wall for examination. The pictures and frames are neat and pretty enough to grace the walls of a millionaire's home. There is nothing cheap or shoddy looking about them. They cannot be duplicated in the retail stores for less than 50 cents. The best recommendation that we can give them is to say that if you are not thoroughly satisfied with your picture they will refund the money for your subscription and pay the postage for returning the picture to them.

If you are already a subscriber to the Twice-a-Week Republic, or if you want only the agricultural monthly, Farm Progress, send a silver dime for one year's subscription to this big sixteen-page farm and home paper. The Twice-a-Week Republic is the oldest and best semi-weekly family paper in the country, and Farm Progress is the fastest growing farm monthly in America. Remember that you get both these splendid publications for a year and one of these handsomely framed pictures, all for only \$1.

Remit by post office or express money order, registered letter or bank draft. Do not send personal checks. Write name and address plainly. Address all orders to the St. Louis Republic, St. Louis, Mo.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
