

John Alexander Dowie, the prophet of Zion, died in Shiloh house, in Zion City, Saturday morning. So ends the career of a man who achieved wonders and drew thousands of followers—most of whom deserted him before his death. He founded the Christian Catholic church and built up a wonderful city at Zion.

One of the Advertiser readers, after perusing the article by Annie Vio Gates of the Granger, copied in the Advertiser last week, advocating the passage of a law providing for a fine for any person swearing in public, calls our attention to the fact that Nebraska already has such a law, which provides for a fine of from 25 cents to \$1 for each offense. It is a good law and ought to be enforced.

The service pension law passed by the late congress has had the effect of increasing the pension of many of our old soldiers. If an old soldier is 62 years of age he gets \$12 per month. At 72 years this is increased to \$15 and at 75 to \$20. If the applicant for this service pension is already on the pension list no proof is required. He has merely to fill out a blank sent by the department and if this agrees with records on file the increase is granted dating from the time the application was filed.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by all dealers.

#### Grow their own Lumber

A saw mill at the farm of W. C. Moore sawed about 50,000 feet of lumber this winter. Of this amount some 30,000 was for Mr. Moore, and the remainder for J. F. Weddle, Romane Timerman, W. J. Vandeventer, A. W. and George Weaver. Mr. Moore's lumber was cottonwood, and the trees were planted by Mrs. Moore thirty-five years ago. More than eighty were felled, some of them estimated to be over sixty feet in height. The largest tree made a stump three and one-half feet across, and from the first sixteen foot log 800 feet of lumber were sawed. A force of from four to fourteen men have been working at the Moore farm for some time. The residence was reshingled, the old shingles having withstood the storm for thirty-nine years. A front porch 8x28 feet with large column posts, a south porch 8x14 feet, and a hay barn 36x44 feet have already been completed, and a 12x16 summer kitchen and hay sheds are yet to be made. The porches and shingles are not of the native lumber. Mrs. Moore's nephew, Emery Howe of Nemaha, has had charge of the carpenter work.—Stella Press.

### The Auburn Telephone Fight

Last week the city council of Auburn passed an ordinance giving Killarney and others, under the name of the Auburn Telephone Co. a 25 year franchise and allowing them to charge \$2.00 a month for a phone in a private house and \$3.00 a month for a business house and to pay the city of Auburn \$100.00 a year. Mayor Gillan promptly vetoed the ordinance. March 6 the city council again met. John S. Stull, John McConnell and others filed a written proposition with the city council, offering to put in a first class telephone exchange and system connecting every town and farm house in Nemaha county and to charge no more than \$0.90 a month for a phone in a residence and no more than \$1.50 a month for a business house and to put in first class phones with modern improvements and guarantee good service for 25 years, if the city council will grant them a franchise. Killarney and some members of the city council appear to be in favor of robbing the people and giving Killarney and his associates an opportunity to charge the people for resident phones \$2.00 a month and business houses \$3.00 per month. The city council chamber last night was packed full of citizens opposing the Killarney movement and favoring the proposition. The fight will go on and if nine-tenths of the people have their way, Mr. Killarney and his associates will not have an opportunity to extort such charges. The people of Auburn are disgusted with the Killarney telephone business. The object of the Killarney deal is to prevent all other telephone lines from entering Auburn unless Killarney can extort from them what he desires. If the Killarney deal goes through the farmers will be held up with the rest. The Auburn Telephone Co. originally cost but \$2500.00—now they propose watering the stock up to more than \$35,000 and make the people pay a good rate of interest on that amount.

#### FOR A SQUARE DEAL.

The following is a copy of the proposition referred to:

AUBURN, Neb., March 6, 1907.  
To the Honorable Mayor and City Council of the City of Auburn in Nemaha County in the State of Nebraska. Gentlemen:

We the undersigned make the following proposition in reference to the telephone exchange in Auburn and a system extending over Nemaha county, State of Nebraska. In case your honorable body will grant us a charter for a period of 25 years with proper protection and conditions we will organize a telephone company and put in an exchange in Auburn, Neb., extending the same over Nemaha county, Nebraska, to every village in said county and to all farm houses that will take a phone. We will equip the same with modern phones and modern appliances all first class and far superior to any telephone service that the city of Auburn has ever had and our charges shall never exceed \$0.90 per month for the use of a phone in a residence and never exceed \$1.50 for the use of a phone per month in a business house. We will guarantee good service and everything first class.

The above proposition was signed by Jno. S. Stull, John McConnell, G. T. Dustin, T. J. Crummel by Jno. S. Stull, Henry Morganstern.

Conductor Tom Ryan of Nebraska City, who for years has had charge of the Nebraska City-Lincoln passenger train, is the oldest conductor of the Burlington road in point of continuous service. He has been with the company for thirty-six years, and with the exception of seven years has had a run from Nebraska City. He has lived there since 1888. But when the Lincoln passenger train run was extended to Falls City he applied for a change and has been given a run between Lincoln and Wyoming. He will move to Lincoln soon.

#### Rising From the Grave

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years. Guaranteed at Hill Bros druggists, Price only 50c.

### Bert Engles' Lumber Yard Burns

About 4 o'clock Sunday morning fire was discovered in the office of the lumber yard owned by A. M. Engles, in Auburn, and in a short time the office, sheds and entire stock of lumber were destroyed. The entire yard of a quarter of a block was covered with sheds. The fire is believed to be of incendiary origin as the stove was on the opposite side of the office from where the fire caught and there was nothing of a combustible nature kept where the fire originated. As Auburn has no water works, nothing could be done to check the fire. It is probable that the fire would have spread to other buildings if it had not been for the heavy snow. Mr. Engles' loss will be about \$15,000, and he carried \$10,000 insurance. The office and coal sheds belonged to Henry Morganstern and were fully insured. Thirty tons of coal had been put in the sheds a few days before the fire.

After reading Bro. Sanders' paper the past month one might be led to believe that he was on the inside with the Burlington railroad and had ordered them to put on the new passenger train from Nebraska City to Falls City. At any rate the information he published from time to time concerning the possibility of the trains being put on was the first and most reliable news given out.

Notwithstanding the many advantages of the new train to Nemaha, it must be somewhat of an aggravation to Bro. Sanders at this time, as he has had a newspaper transportation for these many years when the train accommodation would only allow him to go as far as Auburn and back and get out his paper. And now, when the transportation is cut off, the new train would make it possible for him to go many places and back without losing much time.—Johnson News.

### Novice and Expert

In no line of work is skill and experience appreciated by the lady of the house more than tuning her piano. The instrument being so costly and with its thousands of parts it behooves her to be careful whom she allows to open it up. Piano tuners are born and not made, and the fine distinction of graduations of the tones and semi-tones of the scale can only be distinguished by an ear carefully trained. Often the action of the instrument sticks and the 50 piece between the end of key and the hammer may not act with ease thus requiring adjustment. We have a piano tuner with us that we can recommend, who is a graduate tuner of years of experience and who will give your instrument proper attention. Call, telephone or write.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
