

Walter Isaacs passed through Nemaha Thursday with his household goods, etc., moving from Brownville to Falls City, where he will work for George Christy.

Miss Lillie Handley gave a party at her home in Aspinwall precinct Wednesday night. About fifty were present and our reporter says they all had a delightful time.

W. B. Flack came in from Grand Island, Nebr., Wednesday on a visit to his parents, Mr. and Mrs. J. P. Flack. He went to Auburn Thursday and from there expects to return to Grand Island today.

Our farmers are finding out that they can get goods cheaper as a usual thing in Nemaha than they can in a larger town or in any other town near here, and at the same time get more for their produce, so they are coming here to do their trading.

Geo. W. Wilson of Endicott, Nebr., was in Nemaha a few hours Thursday, on his way to Auburn with some Poland China hogs for the Expansion sale Saturday of this week. He had twenty-six head of fine ones from the herd of H. G. Dawson & Sons of Endicott.

When C. P. Barker got the appointment as rural mail carrier he turned the dray business over to his son, Otto. This week Otto sold out to W. B. Norvell, as he wants to get to farming. He doesn't feel well when spring comes unless he starts in getting ready for farm work.

Beginning Friday night of this week, the members of the Christian church will study the gospel of St. John at their weekly prayer meeting to be held every Friday night. Everybody is invited, whether members of the Christian church or not. The leader tonight will be John I. Dressler.

J. H. Seid now has about two hundred lambs. They are doing well. He has nearly two hundred old ones. He is feeding seventy for the market. There is profit in raising sheep at present prices, but on account of limited pasturage Henry has about reached the limit. He has let out a few on shares.

Mrs. Florence Jarvis took a photo of part of the business portion of Nemaha Saturday afternoon. The photo is a fine one. After the recent snow storm she took a photo of the park that is a splendid view. The snow is clinging to the trees, band stand, etc. Another photo taken recently is of the Methodist church and parsonage.

Ralph Harrington says he has the Advertiser charged up with \$5, as we made his advertisement read that he was paying only 2 1/2-2 cents per pound for old roosters when he was paying 3 1/2. We beg pardon and promise not to do so any more. But the people can always rely on the firm paying the very highest prices, regardless of our mistakes in the Advertiser.

Our rural carriers have warm praise for the farmers who have used the road drag recently. Where the drag has been used the roads are in fine shape. Ed Knapp says all the road on route 2 has been dragged except about five miles and he was assured that the drag would be used on that portion yesterday. It certainly makes a wonderful difference in our roads.

Miss Maud White returned to Peru Thursday after several days' visit at home.

**SPRING HAS COME.**  
Now is the time for you to get one of those cheap work hats at Harrington's

Editor Sanders was up from Nemaha on Friday and had some good words for that little city where the people spend their money for the necessities and comforts of life, but nothing for booze.—Granger.

Mrs. Earle Gilbert and Miss Minnie May went to Lincoln Friday morning on train 128, returning Saturday evening on 127. Mrs. Gilbert went to buy goods and Miss May went to keep her company and visit friends.

Before coming to Nebraska last spring Fred Argabright traded his Oklahoma farm for one in Missouri. Recently he made a trip to his Missouri farm and sold it. Now he talks of going to Oklahoma next spring.

Our streets were filled with teams last Saturday. The streets looked like there was a picnic or some other gathering, but it was just the farmers coming where they will get the highest prices for produce and the goods at the lowest prices.

The Highlanders had another blow-out Monday night. Mrs. John W. Hawxby, Miss Anna Knapp and Miss Jessie Smith were initiated. After lodge adjourned all present partook of a fine supper that had been prepared by the ladies belonging to the castle.

Will Keeling understands how to sell garden seeds. One of his customers was buying a lot of seed Saturday, and when they came to cucumbers Will says, "Well, you will want a paper of seed to raise little cucumbers and one to raise big ones." The farmer assented, and it is claimed Will sold him two papers of the same kind of seed—one to raise big cucumbers and one to raise little ones.

Elmer E. Allen, president of the Nemaha City Cemetery Association, has commenced soliciting for donations to pay for the services of a sexton for this year. For three years a sexton has been employed, putting in most of his time during the summer in caring for the cemetery. It costs considerable to get this work done, but we believe no one who saw the cemetery before this work was commenced and sees it now will regret giving. Do not wait to be asked, but leave or send your contribution to Mr. Allen.

#### Eggs Wanted

The Methodist Sunday school desires to send a case of eggs to the hospital at Omaha immediately after Easter. The members of the Sunday school are requested to bring eggs—fresh eggs—to Sunday school on Easter Sunday. Others who desire to help in this worthy cause can leave eggs at the postoffice on the Saturday before Easter or Monday after Easter. Remember, fresh eggs are wanted—not cooked or colored. They are for use in the hospital, which does a great deal of free work for the sick and afflicted, not alone in the Methodist church, as in this respect the hospital is undenominational. If more than one case is brought in we can ship more—the more the better. Bring in your eggs.

#### Death of Mrs. S. T. Argabright

Mrs. Sarepta T. Argabright died at her home in Nemaha Monday, March 18, 1907, from the weakness and ailments consequent to old age. She has been very weak for some time, and a few days previous to her death was compelled to remain in bed, gradually growing weaker until death came.

Mrs. Argabright was one of our oldest citizens, coming to this county about fifty years ago, and has always made her home here since that time. Her friends were numbered by her acquaintances. For a great many years she has been a member of the Christian church, and lived a consistent christian life.

Sarepta T. Lewark was born in Wabash, Ind., March 26, 1828, and at her death lacked just eight days of being 79 years old. She moved to Nemaha county about the year 1857. In 1860 she married John Argabright. To them were born four children—Geo. V., Alma D., Winfield Scott and Ernest L., all of whom are yet living except the daughter. Geo. V. lives in Red Cloud, Neb., W. S. in Nemaha precinct and Ernest L. near Bolivar, Mo. Mr. Argabright died April 29, 1882.

The funeral services were held at the Christian church Wednesday at 10 o'clock a. m., conducted by Rev. J. W. Sapp, the pastor, an intimate friend of the deceased. The body was laid at rest in the Nemaha cemetery.

#### Card of Thanks

We wish to publicly thank the kind friends and neighbors who attended so faithfully upon our mother in her reclining days and especially during her last illness.

We feel very grateful to those very near neighbors who made it a part of their daily duties to see that she was not in want for anything, and who by their labors of love had grown to be "like a son or like a daughter to her" as she often said. May the blessings of God attend them.

G. V. ARGABRIGHT.  
W. S. ARGABRIGHT.

#### Clyde Roberts Hurt

C. W. Roberts received a telephone message Wednesday evening that Clyde had been run over by a street car in Kansas City that evening. It was thought he was not seriously injured. He was taken to the home of a friend. Mr. Roberts went over to Howe and took the night train on the M. P. for Kansas City. After getting there he phoned back that Clyde was not seriously injured but did not state how badly he was hurt. It is hoped his injuries are slight and that he will soon recover.

A hanging rock on a dump car struck the edge of the depot platform Wednesday morning as train 128 was passing and took off the outer corners of the planks the full length of the walk. It sounded to those inside like the train was off the track and made as much noise and dust as if this had been the case.

#### Livery Barn Burned

The livery barn at Brownville was burned Monday night. The fire was discovered about 10 o'clock. Two horses, one buggy, a carriage, a new spring wagon, a road wagon, a cutter, one double and two single sets of harness, six tons of hay, seventy-five bushels of corn a new fur coat, a lot of tools and other articles were burned, the loss being \$400 or \$500. John Vanleuven, who was sleeping in the office, was rescued with difficulty. It seems to be the general opinion that the fire was of incendiary origin.

Earle Thompson, who owned the livery stock, was in Auburn at the time of the fire. We understand he carried \$900 insurance. His loss will be small. The building was owned by John Ackerman, who carried \$500 insurance.

Senator Burkett has received sixteen invitations to make high school commencement addresses for the evening of May 24. He has also received eleven invitations for the 31st day of May. The latter day was promised to Prof. A. G. Smith, of Central City, last November. Evidently they are the popular dates of the commencement season. The senator has accepted invitations as follows: Dawson, May 20; Ewing, 22; Gordon, 23; Alliance, 24; Gothenburg, 25; Juniata, 27; Arapahoe, 28; Superior, 28; Table Rock, 30; Central City, 31; Aurora, June 1; Tecumseh, 3; Beatrice, 7; Hebron, 10; Red Cloud, 11, and Bloomington, 12.

Washington, March 19.—Senator Burkett called on the chief of the reclamation service this morning to learn the last condition of the great interstate irrigation ditch that is being built from Laramie, Wyo., east into Nebraska. The work is progressing very satisfactorily. The portion in Wyoming is almost completed. The first forty-five miles in Nebraska is also about completed, making a total of ninety-five miles of the main ditch that is practically ready for use. This reaches from the dam near Laramie, Wyo., to the large reservoir of the project northeast of Scotts Bluff, Nebr. The third section of the ditch is about to be contracted for, which will extend the ditching fifty miles farther into Nebraska. The department is now advertising for bids for this fifty mile, together with one hundred and fourteen miles of laterals in Nebraska. When this is completed it will be one of the largest projects in the United States.

#### Notice of Village Election

Notice is hereby given that on Tuesday, April 2, 1907, the annual election for the village of Nemaha City, Nebraska, will be held, at which time three (3) trustees will be elected for the term of two (2) years. The polls will be open from 9 o'clock a. m. until 7 o'clock p. m., at The Advertiser office.

M. W. KNAPP, Chm.  
ELMER E. ALLEN, Clerk.

Lincoln, March 19.—Against heavy opposition, the senate this morning finally recommended for passage its second big bill against railroad rates, cutting down the freight schedules in Nebraska on carload lots of live stock, fruit, grain, lumber, coal, grain products and building material just 15 per cent.

Opposition to the measure was based entirely on the claim that the matter of cutting freight rates should be left to the railway commission but Senator Aldrich led the fight on the grounds that something might intervene to prevent the commission from lowering the rates and that relief was wanted at once.

The commission is empowered under the bill passed this morning to increase the rates as cut if the roads can show they are non-compensatory.

According to the showing of the railroads this measure will mean a much more serious cut of their earnings than the 2-cent passenger fare, as the passenger earnings constitute only 15 per cent of the entire earnings while the other 85 per cent is from freight.

For Catarrh, let me send you free, just to prove merit, a trial size box of Dr. Shoop's Catarrh Remedy. It is a snow white, creamy healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by All Dealers.

#### FARMERS, ATTENTION

##### Get the Best

In connection with the well-known breeding stallion,

#### ILLINOIS LAD

Recorded No. 18988, will be the fine young stallion

#### ANCONA

Recorded No. 13955. He stands 18 hands high and weighs 1900 pounds, is a dapple bay with style and action like a coacher.

These two horses will make the stand this season at my place, two miles south and west of Nemaha, six days in the week.

#### TERMS:

\$10.00 to insure a mare in foal to Illinois Lad.

\$15.00 to insure a mare in foal to Ancona

If mare is sold, traded or about to be removed, money becomes due at once. This part of contract will be strictly enforced.

All care will be taken to prevent accidents, but will not be responsible should any occur.
