

Johnson had for an election board Tuesday of last week, a preacher, a saloon keeper, an editor, a barber and a shoemaker.

Dr. J. W. Bourne has been appointed county physician for the west half of the county, including Auburn, and Dr. W. W. Frazier, of Nemaha, physician for the east half of the county, including the poor farm.—Republican.

Dick Swan and family recently left for Caldwell, Idaho, where they expect to reside in future. Mr. Swan had worked for A. R. McMullen the past two years. He has lung trouble in the winter and made the change hoping to be benefitted by a dryer climate.—Stella Press.

Grant Shubert of near Shubert has not been well lately, suffering with catarrh of the stomach. He was in Omaha last week consulting a physician, from whom he is now taking treatment, and he thinks that he has already begun to make an improvement.—Stella Press.

Some of the "Oldest Inhabitants" are now scratching their heads in an effort to remember when apricot and plum trees have ever bloomed as early in this section as they have this year. One "Oldest Inhabitant" has succeeded. He declares it was in 1879.—Ex.

An Oklahoma girl advertised for a husband and got him. The total expense for advertising, wedding outfit, etc., was \$11. The husband died within a year leaving his widow an insurance policy of \$10,000. And yet some people claim that it doesn't pay to advertise.—Chicago News.

Among the bills passed Wednesday by the senate was the one providing for a new heating plant for the Normal and appropriating \$25,000 for the same. The bill had previously been passed by the house, and is therefore now in the hands of the governor. We understand that Governor Sheldon has signified his intention of signing it.—Peru Pointer.

"Preventives" will promptly check cold or the Grippe when taken early at the "sneeze stage." Preventives cure seated colds as well. Preventives are little candy cold cure tablets, and Dr. Shoop, Racine, Wis. will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early colds with Preventives and stop pneumonia. Sold in 5c and 25c boxes by All Dealers.

Fifteen per cent of the wheat and twenty-five per cent of the oats crop of Oklahoma have been destroyed by the "green bug," according to a report of the secretary of the Oklahoma millers' association. The green bug is probably the wheat louse which occasionally may be found as far north as Nebraska but its ravages have not hitherto been of sufficient importance to gain it a place among the wheat enemies described by Professor Bruner in his recent report on the subject. The Oklahoma bug has begun to fly, doubtless in quest of juicier pastures, and the Kansas farmers will be in a state of anxiety for awhile.—State Journal.

How to Remain Young

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work and assist in my husband's store." Guaranteed at Hill Bros drug store. Price 50c.

Burkett is for Roosevelt

Washington, April 3.—Senator Burkett was at the capitol today. He frankly announced that he favored the renomination of the president.

"I favor the renomination of President Roosevelt," he said, "and I propose to be for President Roosevelt and nobody else. In my opinion he will be renominated and will be re-elected. I am quite sure the people of Nebraska want him and nobody else."

Scheming

There is a newspaper story afloat to the effect that Hearst-Harriman-Rockefeller have made a "pot" of five million dollars as a fund to be used in downing Theodore Roosevelt with the people. There may or may not be any truth in the story but if it is true that bunch of worthies will look like 30 cents when they are through with the "effort." Money does many things but it can't accomplish the task here scheduled even if it were ranked up in millions like cordwood. Roosevelt may make mistakes and schemers may be expected to exploit and magnify any mistake the president may make but this country believes Theodore Roosevelt to be sound both in heart and head and nobody's wad of money is big enough to mislead the rank and file of the people on that score.—Neb. City Tribune.

A Great Object Lesson

As a result of his Panama trip Congressman Pollard confirms an early impression that the southern countries might be benefitted by the object lesson in orderly government which the United States is giving in Panama. Now that the army has been given charge of the work confidence in this result has risen. When the West Pointers undertake a job they generally finish it with credit. The eight-year-old Ganor-Greene case is an exception that illuminates this fact.

The army engineers work efficiently and with a minimum of graft. Already, to tell the truth, the tropical American governments have taken notice of the achievements of the northerners in Panama. The Peruvian minister to Panama lately expressed his desire to visit the United States to study further the wonderful system of city government which has turned the canal zone cities from pest holes into salubrious places of residence. At this point we become strangely embarrassed. Where, within the United States, shall we find for this pilgrim an example of administrative efficiency such as excites his admiration in Panama? If he would not be disillusioned would he not better stay away till we have learned to govern our own cities as well as we govern the cities of others? Until, in a word, we have learned to administer our cities by graduates of a West Point for educating our civil service.—State Journal.

Saved Her Son's Life

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Hill Bros. druggists. 50c and \$1.00. Trial bottle free.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by all dealers.

Dragging Down Pains

are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, comes irregular and painful periods, weakening drains, backache, headache, nervousness, dizziness, irritability, tired feeling, etc. The cure is

WINE OF Cardui

The Female Regulator

that wonderful, curative, vegetable extract, which exerts such a marvelous, strengthening influence, on all female organs. Cardui relieves pain and regulates the menses. It is a sure and permanent cure for all female complaints. At all druggists and dealers in \$1.00 bottles.

"I SUFFERED AWFUL PAIN

In my womb and ovaries," writes Mrs. Naomi Bake, of Webster Grove, Mo., "also in my right and left sides, and my menses were very painful and irregular. Since taking Cardui I feel like a new woman and do not suffer as I did. It is the best medicine I ever took."

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
