

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a **Home of Swamp-Root** pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, **Swamp-Root**, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Wheat has been going up at a rate which forecasts an increase in the number of air-holes in baker's bread.—Lincoln Star.

The recent election results in Lincoln have not caused the republicans of this town to injure their voices shouting for a primary system which didn't nominate a man strong enough to hold the big republican party.—star.

### Cherry Brown Betty

Put a layer of finely chopped, well-sweetened cherries in the bottom of a baking dish; cover with fine bread crumbs dotted thickly with bits of butter. Put in more cherries, more sugar, etc., continuing until the dish is full. Have the top layer of buttered crumbs. Cover and bake for an hour, then remove the cover and brown. Serve with hard sauce flavored with nutmeg.—The Delineator for June.

Rumor has it that Prof. M. H. Carman of Spring Creek precinct will seek the nomination for county superintendent from the republican party the coming autumn. Mr. Carman served the people of Nemaha county in a similar capacity several years ago and if a majority of the voters of Johnson county should support his candidacy he would no doubt make an efficient superintendent. However, there is some talk of Prof. Dill for a third term, and should he decide to make the race he and Mr. Carman would put up a "scrap" worth going miles to see.—Tecumseh Tribunal.

From the Custer City (Okla.) Journal it is learned that J. F. Cole has been elected mayor of that thriving little city, and that C. C. Gilliland had been successful in landing the plum as councilman.

Both of the above are old Nemaha county citizens, Mr. Cole being sheriff of this county for two terms, and making a splendid record as an officer. C. C. Gilliland formerly lived near Peru in this county. Both gentlemen have hundreds of friends in this county who extend congratulations to them in their political success in their new-found southern homes.—Auburn Herald.

### My Best Friend

Alexander Benton, who lives on Rural Route 1 Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by Hill Bros., druggists. 50c and \$1.00. Trial bottle free.

### Death to the Dandelion

The following extract is made from the report of the Fifth District Women's Club which met in Hastings. "Hastings has been pestered with the dandelion and the club took upon itself the task of finding something which would kill the weed. They wrote to an eastern agronomist and received the following formula for a solution that has been very effectively used on the wild mustard and dandelion. "The formula is: Dissolve two pounds of sulphate of iron in a gallon of water and add about two and one-half ounces of sulphuric acid. This can be put on by using a can sprinkler and should be applied on a calm bright day when there are no indications of rain. This solution will kill the weed but not the grass, though it makes it turn a little yellow at first. To make a large quantity take a hundred pounds of the sulphate to fifty or fifty-two gallons of water and after thoroughly mixing add ten pounds of sulphuric acid. This is enough for one acre. This solution is not very expensive as the sulphate comes at about \$11.00 per ton."

Col. W. J. Bryan concedes that he will be the next democratic nominee for president.

Auburn is getting to be a great town for automobiles. It is said there are now nearly twenty of these machines in that town.

A Kansas City police judge has been fining druggists of that city \$500 for selling cocaine. The cocaine habit appears to be growing. It is a terrible one when formed.

W. A. Walling of David City was elected Grand Master Workman of the A. O. U. W. at the meeting of the grand lodge at Omaha last week, succeeding O. J. Vandyke, deceased.

Auburn is again talking of waterworks. They have plenty of booze now but need water for cooking and washing purposes and fire protection, and then the women and children use water to drink.

A. B. Allen, for four years private secretary for Gov. Mickey, has been appointed state oil inspector by Gov. Sheldon. This is a worthy appointment, as Allen always "makes good" in whatever position he is placed. For many years he was editor of the Tecumseh Chieftain.

Shubert pays \$80 per month to the principal of her school next year. Brownville will pay \$75 per month. Stella will pay \$90. Howe will pay \$75 and perhaps more. Brock pays \$90. So does Johnson. And yet the Nemaha school board seems to expect to get a good principal for \$50 or \$60.

The green bug that has been playing such havoc in Kansas and Oklahoma has invaded this county. They are in the wheat fields, but we have not heard of their doing much damage yet. Dave Evans, the Bracken grain buyer, says they are thick on the tender shoots of boxelder trees on his farm.

If the members of the town council voting to license the saloon, with the voters who say by their ballots that they are in favor of such an infamy, were made jointly liable with the saloon keeper for damages sustained, perhaps there would be fewer votes cast. As these classes of people are anxious to share in the financial benefits they think are gained by a saloon, they should not complain if they have to help pay damages.

The woman's Relief corps returned Saturday evening from Brownville where they had been entertained during the day by the members of the Relief corps of that town. They report having had a royal time. Nothing was left undone by the good people of Brownville to have them have a good time. They returned home singing the praises of the residents of that old town and more especially the members of the corps and post. It is safe to say they can easily be induced in the future to go down there to spend a day.—Nebr. City News.

### Wonderful Eczema Cure

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at Hill Bros. drug store. 5c.

## GOLD COIN HEAVE CURE

**IS GUARANTEED**

**CAUSE OF HEAVES** Too fast driving, shortly after a hearty meal, is the most common cause of Heaves. Driving too long when a horse is not feeling well, dusty hay or grain. Horses with naturally weak lungs are easily given the Heaves by dusty feed or too fast or long driving. All stockmen who believe in using the BEST when an article is needed find that "Gold Coin Heave Cure" gives far better results, both for quick action and continued, than any other Heave Cure now on the market. Test it on our Gold Coin Guaranteed—money back if found unsatisfactory.

**SYMPTOMS OF WORMS** The coat becomes rough; there is a dry hacking cough; the appetite is irregular; sometimes poor, other times craving; the bowels sometimes loose, other times constipated. A yellow mucus collects around the anus. The animal is likely to run down, become thin and poor, the breath generally has a foul odor; the belly may become large, "pot belly." The horse turns up its lips and rubs them against the wall, or licks the manger and shows uneasiness. Worms may appear in such enormous numbers as to invade the stomach and become very dangerous to the animal. Where affected with Thread Worms, which affects the rectum, the intense itching causes the horse to rub its tail against the wall, or to keep switching it constantly.

**DON'T LOSE MONEY** Horses, colts, and other animals if stunted in their growth; unthrifty and misshapen by the clogging of worms in the stomach and bowels are not worth as much as thrifty, spirited, healthy, glossy coated horses. "Gold Coin Worm Powder" makes extra money for you by keeping your animals free from worms.
