NEBRASKA CITY, NEBRASKA

C. W. Thomas, now living near Shubert, was a Nemaha visitor Thursday forenoon.

Our old friend John H. Shook of Auburn was in Nemaha a few hours Thursday afternoon.

Dr. W. W. Keeling went to Lincoln Tuesday morning to attend a meeting of the medical association.

Dr. Guy Taylor of Lewiston, Nebr., was shaking hands with his many Nemaha friends Thursday afternoon.

We understand N. C. Jarvis will run a popcorn stand today and tomorrow afternoon and will donate half the proceeds to the Methodist parsonage.

Chas. Howe got his lower lip badly mashed and cut Tuesday afternoon. He was taking a wagon down a hill when it got away from his control and struck him, the wagon cutting his lip some on the outside and his teeth on the inside. It bled so he had Dr. Frazier go out and dress it.

Miss Cora Hill, principal of the Shubert schools, came to Nemaha Tuesday morning to visit her brother, E. E. Hill. She went to Peru Thursday morning. Miss Hill gave such good satisfaction last year that she was engaged for another year at an increased salary. She will get \$80 per month next year.

T. L. Williams Hurt

T. L. Williams was the victim of a runaway accident Tuesday. He was hauling a load of bridge timbers to a bridge he is building near the old Fairview church, northwest of Nemaha, when his team ran away, throwing Tom off the wagon and the timbers on top of him. Fortunately Wm. Culp came along in a short time and released him, as he was pinned down by the timbers. Tom sustained three broken ribs, a badly bruised shoulder and breast and perhaps other injuries. He was taken home and it was thought his injuries were serious, but we understand he was able to get out doors the next day. It will probably be some time before he is able to work again, though.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze State." For a seated cold or LaGrippe, break it up safely and quickly with Preventics. Sold by All Dealers.

Twenty-two persons from Nemaha and vicinity went to Peru on the early train Wednesday morning. We did not get all the names but Mrs. O. E. Houtz, Mrs. E. E. Rumbaugh, Mr. and Mrs. Fred Shafer, Messrs. Herbert and Frank Aynes, Ed and Frank Moore, Willard Cowell, John Smith, John Shafer, Ralph Ritchey, Ben and Leo Baldwin, Ed Littrell, Bert Dressler, Misses Nora Aynes, Ada Cowell, and sister, Mary Buell, and Edith Shafer were a part of the crowd. Pat Hoover and Miss Ethel Sherwood and Clyde Kinton and Miss Anna Knapp drove up.

Nemaha chapter No. 76, O. E. S., had installation of officers for the ensuing year at their regular meeting last Saturday night, after which ice cream and cake were served by members of the chapter.

A Curiosity

A few days ago while doing some work on a tunnel that had been dug in the side of the bluff along the Missouri river on his farm south of Nemaha, A. R. McCandless found quite a curiosity. A light colored piece of stone or fossil attracted his attention and upon examining it he found some printing on it. By looking through a magnifying glass several words can be distinctly read. The piece is only an inch and a half or two inches long by a half inch wide, one side, on which the printing is, of a light color. The following words can be made out:

Serene th
the company
mend

The piece was found about ten feet under ground. It is probably a piece of paper left at that place by some of the early voyagers on the Missouri river and there is no telling how many years it has been there.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Shoop's Restorative sold by All Dealers.

A Narrow Escape

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimpmur bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that curen the dangerous wound." 25c at Hill Bros., druggists

Making Money

The average salary paid Toland graduates, after four years experience, is \$1000 per year. The minimum amounting to \$40,000 in a lifetime of forty years. The average day laborer gets \$1.50 per day 300 days in the year, or \$450 per year. He earns \$18,000 in a lifetime. Making the difference between the average earning of a Toland graduate and a day laborer \$22,000. The difference between the earnings of a Toland graduate and a mechanic, or the average school teacher, is about the same, as both teachers and mechanics are idle a large portion of their time.

Is not \$22,000 a pretty good profit on an investment of \$60,—the amount required to pay for a course in a Toland school. Many Toland graduates are now earning from \$2,000 to \$6,000 per annum. If you are interested send for proof.

H. R. Howe, who shipped several car loads of apples last year from his big orchard near Howe, says he will not have more than ten or twelve bushels this year. Two genitan trees that accidentally got in the orchard are the only trees with apples on. He says so far as he can find out there will be few if any apples in this county south of Auburn, except genitans. North of Auburn, and even in the north part of that town there will be apples, and as you go farther north the damage is less. Congressman Pollard at Nehawka will have a good crop. Mr. Howe's theory is that the hot wave in March began to subside as it got this far north, and while the buds on the trees in the southern half of the county were pushed forward so that the freezes in April killed them, the orchards north of here were not so far advanced and thus escaped much of the damage.

Nebraska's Debt

Nebraska's floating debt is now at the lowest figure it has reached for many years, and a new call for general fund warrants about to be issued will reduce the outstanding amount of indebtedness to approximately \$1,200,000. On the date of the last call, May 13, the unpaid warrants aggregated \$1,277,000, and at the end of May, 1906, it was \$1,960,500. These figures show that the state has gained nearly \$700,000 on its debt in less than a year, and at the same rate the whole debt will be wiped out before the expiration of this biennium, April 1, 1909.

Treasurer Brian has received the last dividend due the state from the defunct First National bank of Orleans, \$2,000 in amount. A former dividend of \$2,000 was recently paid, making \$4,000 in all. The state had \$20,000 on deposit when the bank failed in May, 1897, so that it gets 20 per cent of its loss, counting no interest. The money was sent by J. W. McDonald of Lincoln who has been acting as receiver. It was not realized from assets, of which the bank had none, but came through an assessment on some of the larger stockholders.—Lincoln News.

Will M. Maupin gives honorable mention of the "Missouri River Pirates," who are to hold a meeting at Hot Springs, Ark., when the International Typographical union holds its convention there next August. Among the conspicuous names mentioned who should be there are Peter B. Lee, Dixie Dunbar and others. Peter B. Lee is buried here at Beatrice, though Dixie is still on earth so far as we are aware. We see that Ben Hill is down for a speech. Ben was one of the old boys who graduated from the old Advertiser office in Brownville, two years later than the writer did, which was more than forty years ago. Ben has been foreman on the St. Joe Gazette for so many years that he has been lost sight of as a "pirate." In fact, there are but few of the old boys left who used to work the river between St. Louis and Omaha.—Beatrice Sun.

The editor of the Advertiser, who has been slightly scoured by the party whip because he spoke words in commendation of Hon. E. B. Quackenbush, is disposed to whine. He says that he is a republican and believes in republican principles, but is not so party bound that he can not see good in the acts of a good man. Wonder if it can be possible that Bro. Sanders is getting his eyes open. Say William, while we think about it, we will buy you a box of salted peanuts (sold by Hank Hobson) if you will publish a succinct digest of "republican principles."—Granger.

Again we will have to call Bro. Dundas down. He is so used to misrepresenting everybody and then whining when called down that he thinks everybody else is the same way. We did not whine. As to getting our eyes open, if Bro. Dundas would only remember for a brief period what he reads, and not go so much on what he would like to believe, he would know that the Advertiser has always had a good word to say for faithful official servants, regardless of politics. We praised E. B. Quackenbush when he was county attorney. So have we other officials who did their duty. Contrary to the practice of the Granger, we do not believe in misrepresenting everybody who happens to differ from us, politically, or otherwise.

John, if you will let us know what you mean by "succinct" and will give a succinct statement of what you believe in, politically, religiously or otherwise, then we will respond.

Last Friday was the last day of school at the Champion school. Miss Dora Morton is the popular and successful teacher—one of the very best in the county. In the forenoon there were exercises of various kinds, recitations, songs, etc., with a big picnic dinner at noon. The afternoon was given up to outdoor sports. A large number of patrons were present and the day was heartily enjoyed by all.
