

Thousands Have Kidney Trouble and Never Suspect It.
Prevalence of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

R. D. Waterman is very low with but few chances for his recovery. He is past seventy years of age and has had many years hard work.—Granger.

Robert Frost, a stalwart republican from Valley township, was a county seat visitor last Saturday talking over old times with Rabe Elliott. He possesses the proud record of having voted for John C. Fremont in 1856, and for every republican candidate for president since. This is one reason why he is an optimist and says Pawnee county has plenty of good crops this year in spite of protracted hot weather. He wishes to remind republican speakers who contemplate holding meetings in his neighborhood that they needn't worry about a place to eat if they will just preach good straight republicanism. He is always ready and willing to care for that kind of people.—Pawnee (Okla.) Times Democrat.

Mr. and Mrs. W. C. Moore and daughter, Miss Winona, drove to Verdon Tuesday evening, and there boarded the stub train for Falls City where they met Harry N. Foster of Kansas City. At ten o'clock Wednesday morning, August 21, 1907, Mr. Foster and Miss Moore were united in marriage at the Methodist parsonage by Rev. Cline. Mr. and Mrs. Moore were present at the ceremony, returning to Verdon on the afternoon train. The bride was married in her traveling dress, a suit of navy blue broadcloth.

Mr. Foster is a wholesale dealer in hay and grain at Kansas City. He has purchased and furnished a residence in Kansas City, where he and his bride will be at home after October 1st.

Mrs. Foster is an accomplished musician, and has long been a successful teacher of music, giving her first lessons at the early age of thirteen. She is blessed with an abundance of energy, charming manners and a sweet disposition.—Stella Press.

Train Crew Exhausted

A passenger, who came down over the Missouri Pacific, Sunday night, informs us that during his wait between trains at Weeping Water that evening a freight train running extra pulled in from the south with a crew that had then had twenty-hours continuous service with more to follow. The fireman was so nearly exhausted that the engineer had to assist him in firing the engine into Weeping Water where he collapsed and was unable to proceed farther. The entire crew was exhausted. Under such conditions is it to be marveled at that wrecks occur and human lives are sacrificed?

With engines that belong in the scrap heap, defective cars, two streaks of rust on a right of way, crews exhausted by hours of service beyond the physical endurance of man, it seems almost a miracle that traffic is conducted along the line at all. There is certainly an opportunity here for the railway commission to get in some wholesome work.—Brock Bulletin.

Health in the Canal Zone

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by Hill Bros., druggists. 25c.

The Nemaha Schools

The school board held an important meeting Monday night. The course of study and the rules and regulations recommended by the special committee appointed a week ago were adopted with minor changes. The state course of study to and including the eighth grade was adopted. The ninth and tenth grade is somewhat different from that heretofore taught. The following is the course for two higher grades.

NINTH GRADE

First semester—Algebra, physical geography, arithmetic, rhetoric.

Second semester—Algebra, bookkeeping, civics, rhetoric.

TENTH GRADE

First semester—Reviews, general history, latin, literature.

Second semester—Reviews, general history, latin, literature.

The board instructed the secretary to have the intermediate department seated with single seats.

The tuition was fixed at \$2 per month for pupils below the eighth grade and \$3 per month for pupils in grades above that, payable to the principal three months in advance.

One of the rules adopted was one prohibiting pupils and janitor, and we suppose teachers are included, bringing tobacco or chewing gum, intoxicants, firecrackers, firearms, etc., on the school grounds, and also forbidding the use of profane or obscene language.

W. W. Liebhart was hired as janitor at \$20 per month.

The janitor is to stay at the school house during the noon intermissions and have charge of the property and oversight of the pupils. The hours for school were fixed from 9 to 12 o'clock a. m. and from 1:15 to 4 p. m.

The teachers are required to be at the school house at least thirty minutes before time for school to open. Pupils are forbidden on the school grounds before the first bell rings or after the close of school.

The rules and regulations will be printed and a copy furnished to each parent in the district.

The person who rewrites the Advertiser's locals for the Nemaha items in the Granger, should read them a little more carefully.

Last week we copied an item from the Shubert Citizen about Charlie Smiley being sick with typhoid fever. The Granger man noticed that it said Charlie was sick but didn't see the credit to the Citizen and accordingly thought Charlie lived here and worded the item in that way.

Then we had a local about Mrs. Frank Maxwell of Lincoln visiting here. The Granger said Frank Maxwell was visiting his parents. Frank was killed in Lincoln over four years ago.

We said two gasoline boats had gone up the river, one of which was pushing a barge of lumber. The Granger had it that several of these gasoline boats pushing barges of lumber had passed here.

In a local about people going to Salt Lake City we included Mart Quiller. The Granger had it Mart May. And so it goes.

Next Tuesday we have our first primary under the new law. The election board that served last November will act on that occasion. The polls will be open at 12 o'clock noon and remain open until 9 o'clock p. m. Each party will have a separate ticket. The same rules governing regular elections will govern this primary election.

While in session on Tuesday last the county commissioners divided the county into ten road supervisor districts under the new law. Peru and Islatd constitute one district, Brownville and London another, and Aspinwall and St. Deroin another, while the seven precincts of Nemaha City, Glen Rock, Douglas, Bedford, Benton, Washington and Lafayette each constitute a district.—Granger.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free book. Dr. Shoop, Racine, Wis. The Restorative is sold by All Dealers.
