Both Phones No. 20

NEMAHA, NEB.

A. G. Warren has certainly done a good job of finishing on the inside of Dr. W. W. Frazier's new house. The woodwork in the parlor is finished in white enamel and in the other rooms in golden oak. The doctor has one of the nicest little homes in Nemaha.

We failed last week to mention that Dr. W. W. Frazier had moved in his new office, west of Aynes' hardware store. He has a neat office of two rooms, nicely fitted up. He now carries a small stock of drugs, as he fills his own prescriptions. The doctor is a successful practitioner, and is having a good practice.

Rev. E. H. Gould drove through Nemaha Wednesday on his way from Brownville to Stella. He has been pastor of the Methodist church at Brownville for the past year, and for the ensuing year will hold a like position at Stella and Shubert. He will move to Stella as soon as he can secure a suitable house to live in.

#### Our Schools

We paid a brief visit to the grounds and building Tuesday afternoon. We found everything moving along nicely, so far as we were able to judge. The intermediate department has been seated with new single desks—just what all the departments need. The stoves have been taken out, as the rooms are now heated by a furnace. This gives considerable additional and needed seating room. The new heating plant, by the way, works like a charm so far, but has been used only a short time a few cool mornings. The heat can be regulated nicely.

The high school now has an enrollment of 43, the intermediate department of 38, and the primary department 39—a total enrollment of 120. Teachers and pupils appear to be working together nicely. The rooms are clean, neat curtains have been provided by the school board, the grounds are well kept, and every thing is in first class condition, so far as we are able to judge. We have a school the district should feel proud of.

The first heavy frost fell Tuesday morning.

Mrs. Steve Colerick and Miss Ella went to Syracuse Tuesday, called there by the sickness of their daughter and sister, Mrs. Walter Curtright.

Geo. W. Likens of Washington, D. C., who owns a farm between Nemaha and Shubert, recently sent us \$1 and ordered The Advertiser sent to his address for a year.

G. N. Titus and a crew of apple pickers went to Glen Rock precinct Tuesday to begin picking and barrelling the apples on the big apple orchard. Nat expects to get about a car load of apples off the orchard, and as they are worth \$5 and \$6 per barrel, he will make some money on them, even if he hasn't a full crop.
