

**CHILD SAVING INSTITUTE.**

**An Omaha Institution That Has Accomplished Great Good.**

This institution has accomplished a great work the past ten years in providing temporary shelter and food for more than two thousand homeless children and afterwards placing them in permanent family homes. These homes where so many little ones have been adopted have been repeatedly visited and are known to be good homes, giving evidence that the homeless ones taken from the institute are now surrounded by moral and uplifting Christian influences with advantages for education and social life and protection in a financial way. Many of them have already been made the sole heirs to farms and to other valuable properties. Some of the children in the institute were taken from evil surroundings and others from homes of extreme poverty and still others from county poor houses. A few years ago a mother died in western Nebraska, leaving eight children, the oldest being 12 years of age. The father was an invalid receiving help from the county. The eight children instead of going to the poor house were brought to the Institute and are doing well in good homes.

Three hundred children annually is the average number sheltered and provided for by this institution. The number on hand daily is from 40 to 60. What would become of these homeless children without this place of shelter and protection? This work is a necessity in our community. In spite of all that has been accomplished and in spite of its being a necessary work it lacks financial support. The officers of late have been struggling with a debt on current expenses. The work after all does not seem to be well known. Surely, in this prosperous section of our country, and in these prosperous times, there is money enough to take care of the orphan and dependent little children. This institution does not send out financial agents to collect funds. It takes about half of what such agents collect to pay their salaries. There is one field agent of the Institute who travels to visit children, investigate homes, who incidentally receives donations of funds. It is hoped that readers of this article will send contributions, making checks payable to C. W. Lyman, treasurer of the Child Saving Institute, Eighteenth and Ohio, streets, Omaha, Neb. Every penny will go to the benefit of the helpless and homeless. All food supplies have advanced in prices. How can the children be fed during the coming winter? How can fuel be provided to warm the building? How can nurses and helpers be paid to take care of the babies? The readers of this article, friends of the friendless, are looked to for assistance to help answer these questions. If people could only understand and realize the needs there would be generous responses.

**BRYAN AND HOME FOLKS.**

**A Famous Painting by Madam Carlisle Cooley Now on Public Exhibition in the City of Omaha.**

Some months ago in this publication was given two pictures of "Milking Time on Gov. Sheldon's Ranch on the Weeping Water," and "The Pioneer Haymakers' Lunch Beyond the Missouri," made from the paintings by Catherine Carlisle Cooley of Omaha. The paintings for some time were in the show windows of prominent Omaha merchants, attracting much attention.

Another painting by the same artist is now on exhibition in the Nebraska metropolis and is receiving much favorable criticism. This later acquisition is a painting of William J. Bryan, Mayor James C. Dahlman and members of the Nebraska "Home Folks" delegation who met the Nebraska statesman on his return from Europe. Through the courtesy of Mrs. Cooley, the picture is publicly shown for the first time, and that, too, alongside of the famous painting of the renowned artist, Rosa Bonheur, whose pupil she was. Mrs. Cooley is the woman who presented a \$5,000 painting to Alice Roosevelt, the white house bride, and who has made portraits of Blaine, Conklyn and other distinguished people. This famous painting is now on free public exhibition at Nicoll, the Tailor, Karbach Block, Omaha, Neb.

**Fire at Fremont Normal.**

Fremont—The main building of the Fremont Normal school was badly damaged by fire. The loss will reach \$45,000, with only \$20,000 insurance on both building and contents. The origin of the fire is unknown. It caught in the southeast part of the building above the laboratory and when it reached the chemicals spread rapidly to the east and north.

**NO STAIN ON HIS RECORD.**

**That's Where the Driver Had the Best of the Preacher.**

A New York clergyman, who often spends his vacation in fishing the streams of the Adirondacks, was on one trip adopted by a handsome setter dog, which insisted on following him from camp to camp, as he moved along the stream.

One day he met a party of men working upstream with a native guide. The guide immediately recognized the dog as his own property.

"Trying to steal my setter, are you?" he shouted at the clergyman. "I'll have you to jail for this! There's a law in the woods just as big as you have in the city."

The clergyman endeavored to explain that he was an unwilling companion of the dog, which had refused to be driven away, but to little effect until he added a two-dollar bill to his arguments.

"It's queer what strange things happen to a man up here," he said to the stage-driver who later carried him away from the woods. "That is the first time I was ever accused of stealing a dog."

"Yes, sir," replied the driver, sympathetically, and added, after a moment's pause, "For myself, sir, I have never been accused of stealing anything."—Youth's Companion.

**SKIN SORE EIGHT YEARS.**

**Spent \$300 on Doctors and Remedies but Got No Relief—Cuticura Cures in a Week.**

"Upon the limbs and between the toes my skin was rough and sore, and also sore under the arms, and I had to stay at home several times because of this affection. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is to-day the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. I had been suffering for eight years and have now been cured by the Cuticura Remedies within a week. Fritz Hirschlauff, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1906."

**His Job.**

Bishop Potter was staying with a friend in a country house. On Sunday morning as he passed through the library he found a small boy curled up in a big chair deeply interested in a book. "Are you going to church, Tom?" he asked. "No," he replied. "Why, I am," the bishop said. "Huh!" the boy returned, "That's your job."

**Saw it Come Out of a Cow.**

A little city boy and his sister Dorothy were taken to the country for the first time.

The two children were happy as the day was long. In the late afternoon they watched the cows come home, heard with delight the tinkling cowbells, and the little boy even went to the barns to see the milking done.

At supper, just as Dorothy was lifting her glass to her rosy lips, the boy cried out:

"Oh, Dotty, don't! You musn't drink that milk. It's not fit to drink. It came out of a cow; I saw it."

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

**Says It's Not So.**

Report to the effect that electric lights are detrimental to the eyesight are pronounced unfounded by an electrical expert in the London Times. He says that the trouble arises from too direct exposure of the eye to the light, and that effect would be the same or worse with any other light.

**John Brown Juror.**

Williams Abrams Martin, the solitary survivor of the 12 men who convicted John Brown, is still living in Virginia. He has celebrated his seventy-fifth anniversary.

**Hospital Story-Telling.**

It is curious that philanthropists in search of a novel means of doing good do not engage reciters and story-tellers to visit hospitals and amuse the patients. A rich man in New York engaged Marshall P. Wilder, the diminutive entertainer, who has given pleasure in nearly every city, to visit regularly certain hospitals in New York. Mr. Wilder was welcomed enthusiastically by the convalescent patients, and his merry stories did them good.

**WESTERN CANADA**

New Districts Now Opened for Settlement

Some of the choicest lands in the grain growing belts of Saskatchewan and Alberta have recently been opened for settlement under the Revised Homestead Regulations of Canada. Thousands of homesteads of 160 acres each

are now available. The new regulations make it possible for entry to be made by proxy, the opportunity that many in the United States have been waiting for. Any member of a family may make entry for any other member of the family, who may be unable to make entry for himself or herself. Entry may now be made before the Agent or Sub-Agent of the District by proxy (in certain conditions) by the father, mother, son, daughter, brother or sister of intending homesteader.

"Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 36, not reserved, may be homesteaded by any person; the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less."

The fee in each case will be \$10.00. Churches, schools and markets convenient. Healthy climate, splendid crops and good laws. Grain-growing and cattle raising principal industries.
