

Seventeen prophets have predicted that the world will come to an end during the present year. Inasmuch, however, as twenty-six prophets declared that doom would crack last year we decline to be frightened. —Buffalo Express.

Twenty-five thousand of the employes of the Northwestern railroad signed a pledge to abstain from intoxicating drinks. As a matter of business prudence the railway adopted a policy of discrimination favoring sobriety on the part of employes. As a matter of self-protection the employes made a mutual compact of abstinence. This is the kind of prohibition that prohibits. When every man is his own prohibitionist things are as they ought to be. —Philadelphia Record.

#### Significant Prayer

"May the Lord help you make Buckens A ronica salve known to all," writes J. G. Jenkins of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at the drug store.

Thirty years ago an old-fashioned steel tired spring wagon was a luxury. In a funeral procession a mile long you would see two or three of them. Twenty years ago a top buggy was a rich man's good fortune and but few of them were seen. To-day a top buggy with rubber tire is as common as a democrat in Texas. Anybody and everybody has one. A farm wagon in a funeral procession would be a novelty. The upper tens ride in automobiles and are fast getting to be common. It's a fast age we are living in. If a letter is 24 hours traveling a thousand miles there is a kick coming. Ten dollars don't last as ten cents did with our grandfather. We spend more for socks and suspenders than our granddad did for his Sunday go-to-meeting clothes and still we wonder what is the matter with the world that it does not grind out as many rich blessings as it did half a century ago. —Ex.

#### DO YOU GET UP WITH A LAME BACK?

##### Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

J. L. Curtright and Sherman May found quite a curiosity last Friday. They had been hunting and saw something swimming up the creek. They thought it was a fish but when they got it found it was a frog. The tenth of January is pretty early in the year for frogs to be out. That fellow certainly forgot to go in his hole at the accustomed time.

#### Death of Archibald R. Young

Archibald R. Young died at the home of his daughter, Mrs. Rufus Rowen, in Nemaha, Nebr., shortly before 1 o'clock a. m., Sunday, Jan. 12, 1908, aged 79 years, 9 months and 9 days. The cause of his death was a complication of diseases incident to old age.

Mr. Young was born in Kentucky April 21, 1828. He was married to Elizabeth Henry Wood in November, 1851. To this union four daughters were born, two of whom departed this life in the late sixties. The other two, Mrs. Mollie Rowen and Miss Ida B. Young, were with their father at the last to render unto him the kindly ministrations of affectionate daughters.

Mr. Young came to Nemaha county many years ago and during his sojourn here has made many friends who deeply sympathize with the bereaved daughters in the loss of their father.

The funeral services were held at the Christian church at 2 p. m. Monday, conducted by Rev. J. W. Sapp. The church was well filled with friends. Interment was in the Nemaha cemetery.

We desire to express our heartfelt thanks to the many friends and neighbors whose help and sympathy was extended so freely during the sickness, death and burial of our father, Archibald R. Young.

Uncle Dave Miller, who has trod this earth all by his lonesome for less than four score years, says this is leap year and he smiles a smile aglow with hope as he says somebody may decide that she will want to change her name before another Christmas. It has been suggested to him that the changing of the name will not be necessary. —Cranger.

Old residents of Nebraska will not be fooled by the balmy weather that has been prevailing here thus far this winter. They know that this sort of thing may continue up to the middle of January, or perhaps on a pinch two or three weeks later, and then something decisive in the weather line may be expected. The more experience a man has had with the climate the more carefully he looks into his coal supply. It is possible to have an open winter clear through the spring, but the chances are about twenty-five to one that there will be plenty of snow and cold in February and March. —State Journal.
