

Mrs. Higgins of Dunbar arrived in Nemaha Wednesday evening, on a visit to her daughter, Mrs. Ben Colerick.

Stray Notice.

Come into my enclosure Feb. 17, 1908, two red steers, coming two years old. Owner can have same by proving property and paying expenses.

Chas. Howe.

Isaac J. Jarvis was 86 years old Tuesday, and on the same day Will F. Keeling was 43 years old—just one-half the age of Mr. Jarvis. Dr. and Mrs. Keeling got up a birthday dinner for Will, and had Mr. Jarvis as guest. The old gentleman still gets around quite lively for a man of his age and bids fair to live for many years yet.

A recent ruling of the postal department, to take effect April 1, makes it necessary that all newspaper subscriptions be paid in advance, or not later than the end of the first year. The department will not carry papers at the prevailing rate of postage if over one year in arrears. This makes it necessary for us to request all our delinquent subscribers to pay up during the next month, or necessarily the paper will have to be discontinued. This is not our ruling, but, nevertheless, we believe it is a good thing for all concerned. But good or bad, in the words of the great democratic ex-president, it is a condition, and not a theory, that confronts us. It is necessary for us to comply with the law. It is up to our subscribers to fall in line, pay up, and thus not embarrass us. Get busy.

Best Healer in the World.

Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old Army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c at all drug stores.

MONEY! LAND!

Money to loan. Mortgages bought. Some good mortgages for sale, secured by good farms.

20 years experience. Write me what you have and what you want. Henry C Smith Falls City, Neb.

Stop that tickling cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Dr. W. W. Keeling.

W. W. FRAZIER, M. D. Physician and Surgeon Nemaha, Nebr.

All calls promptly attended
Phone 28

No Use To Die.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushore, Pa. "I would not be alive to-day only for that wonderful medicine. It opens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, lagrippe, asthma, bronchitis and hoarseness, is sold under guarantee at all drug stores. 50c and \$1.00 Trial bottle free.

Consolidation of Schools.

[The following is taken from a circular issued from the state superintendent's office:]

To overcome the many disadvantages in the present rural school system in Nebraska and for the purpose of giving every farmer's girl and boy in this noble commonwealth opportunities equal to those of the girls and boys of the village and city, we recommend to the careful consideration of every rural school board, and to the fathers and mothers in these rural districts the consolidation of schools and the transportation of pupils. Consolidate, or centralize, the weak districts into a common central school, conveying the pupils from every part of the greater district or the congressional township to and from the central school by means of covered vans, in charge of clean, capable, careful drivers. Such a plan would be legal for the coming year, as House Roll No. 223 removes the six-mile limit in the formation of school districts. And we already have the transportation law. This idea of consolidation and transportation is not original with us. It has proven a success in many states east of Nebraska. The merits of the plan may be briefly stated as follows:

1. It permits a better grading of the schools and classification of pupils. Consolidation allows pupils to be placed where they can work to the best advantage, the various subjects of study to be wisely selected and correlated, and more time given to recitations. Pupils work in graded schools, and both teachers and pupils are under systematic and closer supervision.

2. It affords an opportunity for thorough work in special branches, such as drawing, music, and nature study. It also allows an enrichment in other lines.

3. It opens the doors to more weeks of schooling and to schools of a higher grade. The people in villages almost invariably lengthen the school year and support a high school for advanced pupils.

4. It insures the employment and retention of better teachers. Fewer teachers are required, so better teachers may be secured and better wages paid.

5. It makes the work of the specialist and supervisor far more effective. Their plans and efforts can all be concentrated into something tangible.

6. It adds the stimulating influences of larger classes, with the resulting enthusiasm and generous rivalry. The discipline and training obtained are invaluable.

7. It affords the broader companionship and culture that comes from association.

8. It results in a better attendance of pupils, as proved by experience in towns where the plan has been thoroughly tried. Attendance is from 50 to 150 per cent greater, more regular, and of longer continuance, and there is neither tardiness nor truancy.

9. It leads to better school buildings, better heating, lighting, and ventilating, better equipment, a larger supply of books, charts, maps and apparatus. All these naturally follow a concentration of people, wealth, and effort, and aid in making good schools. The larger expenditure implied in these better appointments is wise economy, for the cost per pupil is really much less than the cost in small and widely separated schools, but the cost in nearly all cases is reduced. Under this is included cost and

maintenance of school buildings, apparatus, furniture, and tuition. This expenditure may be inaugurated gradually, by removing four or five of the better school buildings to the central location for temporary use.

10. It quickens public interest in the schools. Pride in the quality of work done secures a greater sympathy and better fellowship throughout the township. Pupils are benefited by a wider circle of acquaintance and culture resulting therefrom. The whole community is drawn together.

11. The health of the children is better, the children being less exposed to stormy weather, and avoiding sitting in damp clothing.

12. Public barges used for children in the daytime may be used to transport their parents to public gatherings in the evenings, to lecture courses, etc.

13. Transportation makes possible the distribution of mail throughout the whole township daily.

14. Finally by transportation the farm again, as of old, is the ideal place in which to bring up children, enabling them to secure the advantages of centers of population and spend their evenings and holiday time in contact with nature and plenty of work, instead of idly loafing about town.

We are in the midst of an industrial revolution. The principle of concentration has touched our farming, our manufacturing, our mining, and our commerce. There are those who greatly fear the outcome. There are those who prophesied disaster and even the destruction of society on the introduction of labor-saving machinery. We have adjusted ourselves to the new conditions thus introduced. Most of us believe that we shall again adjust ourselves to the new industrial conditions. The change in industrial and social conditions makes necessary similar changes in educational affairs. The watchword of to-day is concentration, the dominant force is centripetal. Not only for the saving of expense but for the better quality of the work must we bring our pupils together. No manufacturing business could endure a year run on a plan so extravagant as the district system of schools.

Subdivision 1, section 4 of the School laws says: "The county superintendent shall have discretionary power to change the boundaries of any district upon petitions signed by one-half of the legal voters in each district affected."

Grippe is sweeping the country. Stop it with preventives, before it gets deeply seated. To check early colds with these little Candy Cold Cure Tablets is surely sensible and safe. Preventives contain no Quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 48 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by Dr. W. W. Keeling.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Possibly, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fall, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, poisoning, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

W. W. KEELING.

Strayed—From my farm the first of this week, a roan heifer calf ten months old. Finder will please notify the Advertiser office or S. Cooper.

If you have Catarrh, rid yourself of this repulsive disease. Ask Dr. Shoop, of Racine, Wis., to mail you free, a trial box of his Dr. Shoop's Catarrh Remedy. A simple, single test, will surely tell you a Catarrh truth worth your knowing. Write to-day. Don't suffer longer. Dr. W. W. Keeling.

Notice for Hearing Claim.

In the County Court of Nemaha County Nebraska: I the matter of the Estate of Julia M. Sanders, deceased, Notice is hereby given that the court has made an order limiting the time for creditors to file claims against said deceased to 6 months from the 13th day of February, 1908, and that March 14, May 16 and August 13, at 10 o'clock a. m. of each day at the office of the county judge of Nemaha county, Nebraska, in Auburn, Nebraska, has been fixed by the Court as the times and place when and where all persons who have claims and demands against said deceased can have the same examined, adjusted and allowed, and all claims not presented by the last mentioned date will be forever barred, by an order of the Court. W. C. PARRIOTT, County Judge.

A weak stomach, means weak stomach nerves, always. And this is also true of the heart and kidneys. It's a pity that sick ones continue to drug the stomach or stimulate the Heart and Kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth, and see Dr. W. W. Keeling.

THE WONDERFUL BIG HORN BASIN

I have a selected list of irrigated farms in the Basin for rent; why not rent for a year or two and learn the profits from irrigated farming in the Basin, and become acquainted with the climate and desirability of settling in that region? We also help you homestead irrigated lands, or to buy them at prices that will make you money. Millions of dollars are now being spent irrigating Basin lands. Homeseekers' excursions first and third Tuesdays of 1908, Write D. Clem Deaver, General Agent, Land-seekers' Information Bureau, Omaha.

Winter Excursions:

Cheap rate excursions the first and third Tuesdays of each month this autumn to Kansas, Oklahoma, the Gulf country, Colorado, Utah, Wyoming, Big Horn Basin, Montana and the Northwest. Ask your nearest agent or write the undersigned.

O. V. GLENN, Tick 4 cent at Nemaha, L. W. WALKER, J. P. A. Can.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This, the finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Health Coffee is made from pure toasted cereals, with malt, nuts, etc. Really it would fool an expert—who might drink it for real Coffee. No twenty or thirty minutes boiling. "Made in a minute" says the doctor. Sold by all dealers.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Only \$2.00 a Year.

During the one week of March 23 to 28, inclusive, the Lincoln Daily News accept \$2.00 from mail subscribers for whole year to April 1, 1909, the regular price being \$3.

This cut in price is made possible by taking traveling solicitors from the road and doing business with the readers direct, giving them the savings in salaries, railroad fares, hotel bills, etc. The News is a regular \$3 paper, but by this method you can save \$1.

This will be a great year in Nebraska and you will want a daily paper. One that's not afraid to say right out what it thinks. No office holders or office seekers are interested in this paper. It's run on the square deal plan, under no obligations to political bosses. Aren't you interested in the fight being made in Nebraska for everybody's good? If you are send in your \$2 and get this live paper all through the campaign and through the next legislature. Keep tab on what's being done. The people will never get what's their rightful due until they go after it. The News will always be found helping you to get what's fair.

Remember the bargin week—March 23 to 28. The price will be \$3 after that week and its a good bargain at even that higher price.
