Tickling or dry coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Dr. W. W. Keeling.

The weather was a little cooler Thursday morning—a good thing, as it will retard the fruit blossoms a little, and they will not be quite so liable to get caught by a late freeze.

The attention of the city dads is called to the dilapidated condition of the sidewalk on the north side of the park. This walk is one that is used a great deal and should be kept in good condition.

Rev. G. W. Ayers, who is assisting in a protracted meeting at Palmyra, where Rev. E. B. Maxey is pastor, came down to Nemaha Saturday evening and held his usual Sunday services, returning to Palmyra Monday morning.

Beginning next Monday we will have pouch mail service from the south on the early train. This will be of considerable advantage to the rural patrons, as it will give them many of their dailies a day earlier than they have been getting them.

Thursday of last week little Millicent Crother lost a pin containing pictures of her mamma and Aunt Veva, and of course feels very badly about it. If the finder will leave it at this office or at the harness shop they will confer a great favor on the little lady.

Col. T. J. Majors, of Peru, was in the city last evening, en route home from Omaha where he was attending the republican state convention. The republicans of Nemaha county every now and then try to join hands with outsiders and down the Major, but he always bobs up serenely and proves to be the biggest fish in the puddle. He has got some of the would-be politicians in the vicinity of Peru out in the brush hiding and when they return they will find they have been shorn of some of their plumage and will have to be good for a long time.—Neb. City News.

**Good For Everybody.**  
Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at all drug stores.

Both Phones No. 20 NEMAHA, NEB

The editor returned last Friday afternoon feeling greatly benefited by the trip to Nuckolls county. We had a nice visit with our son and his wife at Smyrna, and spent two nights and a day with Walt Maxwell and family in Jewell county, Kansas. Walt has a good farm of 160 acres, and appears to be doing well.

The annual election will be held on Tuesday, April 7. See the notice of election in another column. Elmer E. Allen and W. H. Barker are the two retiring members of the board. So far as we know the only objection to their reelection come from these gentlemen themselves, who think they have served their country long enough. But they will probably be reelected unless they say positively they will not serve.

Alf Rowen, who went to Colorado two weeks ago, has taken a homestead of 160 acres, a mile and a half from Laird, Colorado, the first station on the Burlington west of the Nebraska line. He has a good quarter section, with running water on one corner, and is well pleased with the country. At present he is working on a ranch for a wealthy farmer and cattle feeder. He will probably not go on his homestead until about the first of September.

In company with other leading republicans and statesmen, like Frank Woodward and Nat Titus, we have been invited to a banquet to be given in honor of Hon. William Howard Taft by the McKinley club of Omaha, on the evening of April 6. But as all who attend are required to send in the price of their share of the banquet, which is \$2 per plate, and as editors are now required to pay railroad fare the same as common people, we will probably let Frank and Nat attend and get our enthusiasm second hand.

**The Lucky Quarter**  
Is the one you paid out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at all drug stores.

**Notice of Village Election.**  
Notice is hereby given that on Tuesday, April 7, 1908, the annual election will be held in the village of Nemaha City, Nebraska, for the election of two (2) members of the board of trustees for the term of two years. The election will be held at the Advertiser office. Polls will be open at 9 o'clock a. m., and remain open until 7 o'clock p. m.  
MARSHALL WEBB, Chairman.  
ELMER E. ALLEN, Clerk.

Mrs. O. E. Houtz's Sunday school class, the A. K. (Anti-Knockers') club, recently decided to buy another lamp for the Christian church. The lamp was received this week. This is probably the largest Sunday school class in the county. At a recent reception given the class by the teacher and Miss Minnie May, the superintendent of the Christian Sunday school, there were fifty-five members of the class present.

Our old friend E. A. Bourne has finally broke into the newspaper business. He is now editor of the American, a weekly paper started the first of this month at Comanche, Okla. Of course it is a red hot republican sheet. G. W. Fairbrother, jr., whom we remember as "Gee," a little fellow when we knew him last, is the head of the mechanical department. The American speaks of G. W. Fairbrother, sr., making the office a call. As this is the Geo. Fairbrother who was always G. W. Fairbrother, jr., up here, it took a little time for us to get straightened out and know which was which. We hope Bro. Bourne will have abundant success in his enterprise. We notice that he is a director in a national bank of Comanche, so probably he will not have so much trouble in paying the help as most of us do.

If you would like to fool some wise Coffee Critic, who "knows fine Coffee on taste and flavor," quietly make for him a batch of Dr. Shoop's "Health Coffee" and serve it piping hot. It deceived Mrs. Shoop, and will I believe deceive any one. And there is not a grain of real Coffee in it. Health Coffee is made from pure toasted grains, malt, nuts etc. Made in a minute—no 20 to 30 minutes tedious boiling. 1 1-2 pounds 25 c. All dealers.
