

Mrs. W. G. Maxwell went to Auburn Wednesday, returning Thursday.

W. W. James was in town a short time Thursday afternoon, returning to his home at Peru, after a visit to his farm near Shubert.

Geo. Yackley and Jim Collins have been hauling tubing and other bridge material down on the county line, where a bridge will be put in at the Stotts farm.

Wm. Filmer says we owe him an apology, as last week's paper contained an item that Carl Bennett had quit the store, and Miss Grace Young had been engaged. The first part of the item is correct, but Mr. Filmer has engaged no one as yet. We apologize.

Grandma Majors, of Peru, mother of T. J. and W. E. Majors, was 89 years old Wednesday. The birthday was celebrated in fitting style, as all of her children, grandchildren and great grandchildren were present. A picture was taken of the four generations present. The gathering was a complete surprise to Mrs. Majors.

Mr. Pageler, who was in Nemaha for some time a year ago, assisting in organizing the mutual telephone company, stepped off the train Thursday afternoon, long enough to shake hands. He is now running a hotel at Belle Fouche, South Dakota, but has been at the hot springs being treated for rheumatism, from which he has been suffering. He was on his way to Peru, where his wife has been visiting.

Tuesday we received a postal card from our cousin, Mrs. Lizzie Parker, of Eureka, California, saying: "Come out and see us. I went picnicing on the beach Sunday. It was too warm to be comfortable. How is that for March?" We have been having days about as warm as that in Nebraska. We don't have to go to California to have Italian weather. Several days were so warm last week that we had the doors open and the men were out in their shirtsleeves.

W. E. Bloom, son-in-law of Mr. and Mrs. A. G. Warren, recently brought suit for the possession of his three children, which were at the home of their grandparents. The case was tried before Judge Parriott Monday and decided in favor of the grandparents. They were made guardians of the children. Mr. Bloom's health is poor, he is without means to care for the children, and we understand if he had got possession of them he would have put them in some charitable institution. Notice of appeal was given by Mr. Bloom's attorneys, but we hardly believe the case will be carried up.

I have arranged with the Secretary of Agriculture to send one of his best trained, practical agricultural experts into Nebraska this summer, who will co-operate with any farmer who desires to secure the benefit of information bearing on the best improved scientific methods of selecting his seeds and cultivating his crops. I would like to have the names of twenty-five farmers from each county in my district who would like to co-operate with this expert. This service will be without cost to the farmer.

Any one desiring to receive the benefit of this instruction can do so by sending his name to Ernest M. Pollard, M. C., Washington, D. C.

Mrs. Solon Cooper, mother of Mrs. W. H. Barker, died at her home in Shubert last night. Further particulars will be given next week.

Rev. A. Jacobs and wife came over from Stella Thursday, and were guests of Mr. and Mrs. A. R. McCandless until the next morning, when they left on the early train for Clermont, Iowa, where they will hold a meeting.

R. M. Gillan, of Auburn, gave us a pleasant call Thursday afternoon. Bob is candidate for reelection as mayor of Auburn, but wasn't doing much canvassing down here.

Charley Howe and Lester Russell have recently bought the interest of the other heirs in the Howe home farm southwest of Nemaha. Charley now owns a half interest in the farm, and Lester and his wife the other half interest. There are 180 acres in the farm, lying on the Nemaha river bottom.

We received a few days ago a letter from E. L. Paris of Long Island, Kansas. Ed says they have been in Kansas just one year, on the day the letter was written, and during that time have received 540 letters and 155 post cards, so they must have some faithful correspondents. He says: "We sometimes get a little homesick, but are gradually getting weaned away. Have made lots of acquaintances. Have plenty of good neighbors, and best of all, so far, good health. Haven't had a physician in the house since we landed, and very little medicine. Are having real spring weather. Have sowed oats and made some garden."

Speaking of sickness, it was only a few years ago that when one was ill, neighbors volunteered assistance and took an interest in the sick one. Now it is seldom one receives any attention from even a near neighbor without that neighbor expecting a monetary consideration. The world may move, but she goes the wrong pace sometimes.—Anna Vio Gates in the Granger.

Come to Nemaha, Sister Gates, where the neighbors still look after the sick ones, and would feel insulted if pay was spoken of. But then, Nemaha is an exceptionally good town to live in. We believe in following the golden rule.

An Old Clock.

Jas. A. Stephenson has a genuine "Grandfather's clock," like we used to sing about. It has been in the Stephenson family for over one hundred years. It is a tall clock, standing up higher than a man's head. The works are made of apple wood, inlaid with ivory. It is the old fashioned weight clock, and when wound up will run yet, though it doesn't keep good time. It strikes the hours and half hours. It is quite a curiosity in this country, where we do not have many antiquities.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PILES get immediate relief from Dr. Shoop's Magic Ointment.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative and then see how quickly health will again return. Weak Heart and Kidney can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the stomach, nor stimulate the heart or kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. Dr. W. W. Keeling.

\$100.00 paid by Dr. Shoop for any recent case of gripe or acute Cold that a 25 cent box of Preventics will not break. How is this for an offer? The doctor's supreme confidence in these little Candy Cold Cure Tablets—Preventics—is certainly complete. It's a \$100. against 25 cents—pretty big odds. And Preventics, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventics 25 c. Dr. W. W. Keeling.
