

Dr. W. W. Frazier has bought Curt Brown's span of spotted ponies.

Mrs. John Morrison is visiting her sister, Mrs. W. H. Hoover. She makes her home part of the time in California and part of time in Oklahoma. She came here from Joplin, Mo., where she has been visiting relatives.

Jas. A. Stephenson is certainly a favorite with the weather bureau. Last Saturday a hard rain fell on the eastern portion of his 160 acre farm, which he has in corn, and not a bit fell on the west part of the same quarter section, where his wheat was in shock.

Some one got into Uncle Billy Rossell's onion patch northeast of town last week and stole a lot of onions. It is certainly a mighty mean man that will steal anything raised by the hard labor of a man over 88 years old. It certainly would not be very healthy for him if he was caught.

No Sunday Base Ball Playing.

Notice is hereby given that there must be no more base ball playing on Sunday on the premises belonging to the W. H. Hoover estate. The grounds are free for the game on any other day until further notice.

Mrs. W. H. Hoover.

Chas. Mitz of Brownville was in Nemaha Tuesday and had some bills printed advertising a sale of his household goods. Mr. and Mrs. Mitz, who have been living in Brownville for over forty years, will move to Beatrice the last of next month, to be near their daughter. They will be greatly missed in Brownville.

D. F. Venrick of DeWitt was in Nemaha between trains Saturday afternoon, going on to Verdon on train 122 to visit his new grandson, Master Paul Venrick Sanders, son of Mr. and Mrs. Will F. Sanders. He came back on train 121 Monday morning, taking train 97 for DeWitt. Mrs. Venrick, who went to Verdon last week, returned with him.

Jas. A. Shiveley is making arrangements to move to Nemaha in two or three weeks. His health has been poor since an attack of appendicitis two or three years ago and recently has been getting worse. The doctors tell him he will have to quit hard work, so he is going to move to town. He owns two houses here and expects to enlarge and repair both. He may go to Colorado for awhile this fall.

A New Postmaster at St. Deroin

Early last spring Mrs. Anna Filmer sent in her resignation as postmaster of St. Deroin. (The government doesn't recognize any such office as postmistress.) The resignation has finally been accepted and Mrs. Carrie Lunsford appointed as her successor. As the office only pays about \$18 to \$20 a year there was not a very active scramble for the place.

An Enterprising Pullet

Mrs. W. W. Seid has a pullet that is certainly doing her part toward keeping the people supplied with chickens. The pullet was hatched last December. She began laying in the spring, finally stealing her nest out. Last month, when only six months old, she came off with a brood of seven or eight chickens. She was not unduly puffed up, acting as if she thought she was merely doing her duty.

Picnic Attractions!

- Mrs. Byral Day, Soloist.
- Geo. D. Carrington, Jr., Soloist.
- Miss Mae Jones, Elocutionist.
- Male Quartette.
- Ladies' Quartette.
- First Regimental Band of Hiawatha, Kansas.
- United States Senator E. J. Burkett.
- Hon. Geo. W. Berge.
- Two Big Games Base Ball.
- Two Big Concerts.

A Bearing Fig Tree in Nemaha

Mrs. W. W. Seid has quite a curiosity for this section. It is a fig tree that has thirteen good sized figs on it, and more are setting on. The fig tree does not blossom, but the little figs start out about like the leaves. Mrs. Seid got the tree or shrub from her sister living in Iowa, when she was visiting there last fall, and at that time ate a ripe fig and also a ripe orange raised by her sister. The fig tree becomes dormant in the fall, the leaves dropping off, and the shrub having the appearance of dead wood. It is then put away in the cellar until spring.

The school board met Monday night, pursuant to adjournment. A number of applications for assistant principal were read. Miss Lucy Bowen was elected. She is a graduate of the Peru Normal and has had ten years experience as a teacher. The board consider the district fortunate in securing so capable a teacher as she is, judging from her recommendations. She will receive \$50.00 per month.

It was decided to partition off part of the long room for a recitation room, having the pupils of the sixth, seventh, eighth, ninth, tenth, and eleventh grades seated in the main part of the room. Miss Bowen will have the sixth, seventh and eighth grades, and will hear the recitations in the recitation room.

W. W. Liebhart was hired as janitor at a salary of \$25.00 per month.

All Star Team.

The Omaha Bee of the 30th has the following notice of the ball team that will play the Atchison team next Wednesday, under the management of the Campanellas:

A team of crack players from various leading amateur teams of Omaha will start on a trip through Nebraska Monday. The team will travel under the name of the Omaha All-Stars and will be composed of the following players: Spellman of the Coronas; Atkins, Croft and Routt from the Campanellas; Mullen and Wilder from the Dietz team; McGee and Cass from the Signal Corps; Young and Elliott from the Townsends, and Dougherty of the Lee-Glass-Andreesen Originals. They play the Atchison, Kan., team at Nemaha at the Old Settlers' picnic. A big crowd will be at hand at Nemaha and a large purse has been hung up by the Nemaha management. Two games will be played at Nemaha on Wednesday.

Miss Lucy Bowen came down from Peru Thursday to sign up the contract as assistant principal of our school and attend to other matters connected therewith.

Nemaha county the past week has been visited by two apple buying experts, one from Chicago and one from St. Joseph. After a thorough examination of the larger apple orchards of that county, they declared that there was about half a crop of apples on the trees, of which about thirty per cent would be prime merchantable fruit. The prospect for shipping apples from Nebraska orchards to the apple centers of the country was considered by them very poor, the Nebraska home demand being enough to absorb all the marketable crop.—State Journal.

Frank Titus and C. V. Glenn went out to F. E. Hoover's orchard Sunday forenoon and ate peaches, plums and blackberries most of the day. At noon Fred took them over to the home of his daughter, Mrs. C. P. Thompson, for dinner. Frank Titus has been feeling hard at Fred ever since because they were not warned beforehand of what a good dinner they were going to have, as he says they had filled up on fruit until they couldn't begin to do justice to the dinner, which was one of the very best he ever sat down to. But Fred says the fried chicken and other good things disappeared about like they do before a gang of hungry threshers, so he thinks it was a good plan to fill them up on fruit first.

Congressman Pollard had a hard fight for his first nomination, and two years ago there was a strong effort made by the politicians to defeat him for a re-nomination. But this year he will have no opposition for the republican nomination. Congressman Pollard has made a splendid record and his well known popularity with the farmers and the people of the smaller towns has no doubt convinced those who have opposed him heretofore that it would be useless to attempt to defeat him this year under the primary system where the great mass of the voters select their candidates. There is no doubt but what Mr. Pollard will be nominated and elected this year by a very large majority.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it; both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Innes Band Day, Monday, Aug. 10
promises to be the largest event in the musical line in this part of the state.
Dr. Chas. L. Goodell of New York City will give two lectures on Sunday, August 16. He is one of the greatest men of the nation.
Write for catalog and information.
W. L. Evans, Sec'y, Auburn, Nebr.

"Health Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt nuts, etc. Really it would fool an expert—who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by all dealers.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effects of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Dr. W. W. Keeling.

Low Rate Summer Tours
TO THE PACIFIC COAST
Daily low round trip rates to Portland, Seattle, Tacoma, San Francisco, Los Angeles and San Diego. Slightly higher to include both California and Puget Sound. One whole business day saved by our new schedule to the Pacific northwest.
TO CHICAGO AND EASTERN RESORTS:
Daily low excursion rates to Canada, Michigan, Wisconsin, Minnesota, Massachusetts and New York tourist resorts; also low excursion rates to tourist resorts in Maine, New Hampshire, Vermont.
