The old fashioned way of dosing a weak stomach, or stimulating the heart or kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult says Dr. Shoop, to strengthen a weak stomach, heart of kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must falter. These truths are leading druggists to dispense and recommend Dr. Shoop's Restorative. Test it a few days and see! Improvement will follow promptly. Sold by Keeling.

Marked for Death.

This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under a guarantee at all druggists. 75c and \$1. Trial bottle free.

Remarkable Occurrence

A remarkable thing happened on the Missouri Pacific railway Monday. All trains were ahead of time at the various stations and had to wait. This thing of being so promptly on time caused many people to be left.—Nebraska City News.

It is more that probable there will be a general shaking up of employes on this road in the near future. This running of trains on time is something which is apparently against the rules of the road and the employes guilty of such conduct will likely be severely disciplined. It is more than probable the superintendent of the road is on a vacation, for the trains on that pike have been on time now for about two consecutive days.—Plattsmouth Journal.

There was a big time at the school house Wednesday afternoon. The primary scholars went into the intermediate department and at 2:30 the traditional Santa Claus appeared, in a fur coat and cap, bushy whiskers, and with a big pack on his back, and distributed Christmas cards and bonbon boxes to every pupil who had been good this year—and evidently not one had been bad, as every pupil got a present. Santa Claus quietly whispered to us that the presents given were all provided by the two teachers Miss Bellas and Miss Bunn.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, it strengthens; it cures real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
