A Military Man Made Happy.

WASHINGTON, D. C .- General G. C. Kniffin, in a letter stating his wife was eured of a painful ailment by St. Jacobs Oil, writes that after witnessing its magical cure of pain he would cheerfully pay \$100 for a bottle of St. Jacobs Oil, if he could not get it cheaper.

Statistics as to Ravages of the Cholera.

Washington, January 3 .- The national board of health has information, communicated by the state department, of the continuance of cholera in Alexandria. Judge Farnam, of the international tribunate, Cairo, says: "There are from one to three cases per day resulting in death, and many more in which the attacked recover." He estimates the number of deaths during the past summer from cholera double that given by the official reports. The United States consul-general at Cairo reports the official estimate at 48,000 to 50,000. Owing to the want of proper organization, however, the returns are not trustworthy. For example, on July 24th the sanitary bulletin fixed the deaths in Cairo at 465. From the [police statistics they exceeded 1,300. The consul general reports that well informed official circles number the victims at estimates between 66,000 and 70,000. In many villages in the interior, he says, the majority of the laboring population died, and in some instances nearly entire communitles disappeared, and not sufficient effective hands remain to cultivate and harvest the crop.

Lecture for Farmers.

A lecture for farmers at the agricultural college will be given from February to 15, by the regular instructors in the college. One or more lectures will be given on the following topics: Breeds of cattle and swine; breeding, improving and care of stock; care of farm machinery; health on the farm; adulteration of food; economical farming; tame grapes; ensilage; what to feed; meteorology and plant growth; sorghum, growth and manufacture; horticulture; principles of pruning; the digestive ergans of domestic animals; injurious insects. A number of leading farmers of the state have been invited to lecture upon their specialties. All the facilities of illustration and study owned by the college will be at the disposal of the students attending the course. These include several compound microscopes, a good agricultural library, meteorological apparatus, six breeds of cattle and four of swine, orchard, nursery, arboretum, vineyard, retc., etc. A limited number will be boarded at the college farm for a price not to exceed three dollars per week. Persons attending will be aided in securing cheap board in the city. Persons expecting to attend or desiring further information should write to

FROM MAJOR DOWNS, Military Instructor, Mt. Pleasant Academy, Sing Sing, N. Y.: During the very cold weather I was anffering with Catarrh. My head and throat ached so severely that I was obliged to keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved, the pain began to subside. In a few days I was entirely cured. W. A. Downs. (Price 50c.)
