## SOUTH SIDE LOCALS.

Mrs. Wheaton returned to her home on Red Willow, last week.

Mr. Forsey, (on the divide between Driftwood and the River), has found water at the depth of 106 feet, four feet deeper he struck rock, he now claims that his well at least is "founded on a rock."

The exercises to commemorate the birth of our martyred President, Abraham Lincoln, in Mrs. C. L. Nettleton's school, owing to the illness of Mr. Nettleton, were postponed till Friday of last week; the programme was well arranged, the selections were good, and the rendering reflected great credit on both teacher and pupils. JOSIE.

## STOUGHTON MATTERS.

John Connor, our sheep man, reports no loss.

Some wheat has been sown in this neighborhood already.

Cattle as a general rule are coming out all right. There has been some loss in a few herds.

Eugene Dunham is pounding out R. S. Cooley's millet. Millet seed will be worth money this Spring.

Our people are going wild on Final Proofs. Five parties from this neighborhood will make final proof on their claims on one day in April. February 28th. OBSERVER.

## OUR CORRESPONDENCE.

### FROM RED WILLOW.

Amos R. Buck is spending a two weeks vacation from school at home.

Mr. O. S. Clark and family have pulled up and started for their old home in Iowa.

Mr. J. A. Taylor has been quite ill during the past two weeks, but is convalescent.

Some new herds of fine cattle are expected from Iowa as soon as the grass will justify "turning out."

I. J. Starbuck has purchased the hay and stalk fields of Mr. Clark and has about 50 head of cattle in herd on the place.

Land hunters are looking up abandoned claims quite briskly and many new farms will be opened hereabouts in the spring.

Mr. Canaga has just returned from a visit to his old home in Ohio. Says he has no hankering for the old haunts—is better satisfied with Nebraska than ever before.

The soft weather for the past two weeks has taken out the frost from mother earth and already farmers are preparing for sowing wheat, of which a goodly acreage will be put in this spring.

The small cattle herds along the Willow are coming through in good condition and with but little loss. How it may be among the larger herds near the head of the Willow this deponent is not advised. Rumor says a good many dead cattle. Buffalo grass has not been very good this winter and stock raisers are beginning to find out that hay and corn are pretty good things to have.

The meetings at several points along the creek during the winter were in a measure a success—several additions to the different churches. The meetings have been not a little disturbed by rowdy youngsters who ought to be in the State Reform School. One boasts that he has a gallou of "red eye" hid away for spring use; another amused himself lately by setting up the family Bible for a target for revolver practice. Where are the parental restraints?

By the way, isn't "Bishop's Annual" a good joke? The County is Indianola and Indianola is the County—has over 400 inhabitants and dozens of business firms—bright prospects of growing grandeur with all the balance of the county revolving around it.

McCook is only a small railroad town with "about 400 inhabitants, chiefly employees of the railroad company."

"The town contains two general stores, two hotels, a lumber yard, saloon, etc." For CHEEK that would make a government mule blush, just show us G. S. Bishop.

### INDIANOLA ITEMS.

Mr. V. Franklin was in our town, Monday. There are a great many land hunters here now.

W. H. McCartney has the nicest store in the Valley.

C. S. Quick has been on the sick list, but is better now.

Our Literary was largely attended last Saturday night.

Thomas Crumbaugh will open a family grocery store here soon.

We have the best farmer on paper in our town, there is in Western Nebraska.

T. H. Barnes and family will move East soon. We are sorry to have them leave us.

Report says Mr. Ward will retire from the Hamilton House soon. Mr. Litch succeeds him.

The new firm of Boyer & Shaw will commence the invoicing of C. S. Quick's stock the first of the week.

We had a warning that the world was liable to come to an end soon by an Adventist Minister, last Sunday, in the Opera Hall.

G. A. R. Post, No. 154, meets tonight, the 6th, the regular monthly meeting. Would like some more of the McCook boys join us.

A big law suit has been started in the District Court. Mr. Harmon attached Harlo Bros.' horses, and Sheriff Welborn has them in his care now.

G. A. Hunter has sold his farm of 251 acres for \$4,000 to Mr. Walmrose, a commercial man. Mr. Hunter and family are going to California. They will be missed by there many friends in Indianola. A CITIZEN.
