# OUR CORRESPONDENCE.

### INDIANOLA.

We have a great many land hunters among us.

Our farmers are busily engaged plow ing and sowing wheat.

We are having hooping-cough among the children.

ranch on the Medicine.

William Linch took charge of the Hamilton House, this morning.

Mr. John W. Welborn, our efficient Sheriff, moves on the Hunter farm.

A gentleman from Fillmore county, Neb., has rented the Sheriff's house.

estate.

There was a car load of cattle unloaded here a few days ago, shipped from Iowa. Ten head of them had died on the car.

A German family moved into our town, last week, with two children very low with diphtheria. One of them died Monday and the other is not expected to live.

We have to-day lost one of our best families. Last week, Mr. G. A. Hunter sold his farm, and on Monday he sold his household goods at public sale, and his cattle at private sale to T. B. Babcock of McCook. Mr. Hunter and family left on the east-bound "cannon ball" this afternoon. There was a large crowd gathered at the depot, with the Indianola Cornet Band, to see them off. We regret to loose so good a family from our town.

As announced, last Saturday was the day for the G. A. R. Dinner, which was a grand success. About 500 persons our post commander announced that we would have a speech from our fellowtownsman Major Criswell, but the Major failed to respond. The commander next called upon Col. R. M. Snavely who responded with one of his stirring, patriotic speeches. H. M. Ashmore made a short speech on the remembrance of the commencement of the war and in memory of the dead soldiers. Dr. Shaw made a good speech, after which Pap Kilgore was court-martialed for stealing hard tack, and was drumed out of the hall. We had splendid music by Coldid well. March 18th. A CITIZEN.

REALIZING the importance of suppressing the foot and mouth disease among cattle, Congress has taken prompt steps in the matter and has made a suitable appropriation. The chief veterinarian of the Department of Agriculture has gone to Kansas to investigate the disease. The Illinois authorities are looking after the disease in that state. It is reported that the disease has made its appearance in Louisa coun-

ty, Iowa, and we should not be surprised to learn of its breaking out among Nebraska cattle almost any day. We urge our farmers and stock-raisers to keep a close watch on their cattle, and Mr. Abe Berry has returned to his when they discover any cattle with the disease to kill them at once and destroy the carcasses by fire. This is the best way to check the spread of the disease. -Bee.

A DESCENDENT of Mohammed is publishing a paper in Paris in the interest of El Mahdi, and against the En-Hon. J. W. Dolan has added a few glish. Its editor has lived a checkered more quarter sections to his landed life. He was a participator in the Sepoy rebellion and escaping to Constantinople was thence expelled for sedition-Then he went to Egypt, and Cherif Pasha appointed him Prof. of History in the Cairo University. His paper is intended to be circulated among the Mohammedan people in Asia and Africa. He once had El Mahdi as his pupil.

> AUSTRIA is a very comfortable country for publishers of political newspapers. Every newspaper appearing more than twice a month has to deposit caution-money if politics are treated or mentioned. For Vienna and surroundings this deposit is fixed at \$9,000; for towns of 60,000 inhabitants, at \$8,000; for towns of 30,000 inhabitants, at \$2,000, and for all other places at \$1,-000; but papers only appearing three times a week need only pay half the amount.

GOVERNOR IRWIN, of Idaho, continues the eccentricity of rcturning his salary to the treasury department. He ate dinner in the hall, and after dinner has just returned \$650, being the amount of his salary for the quarter ending December 31. This makes the third quarter's salary that he has sent back to the treasury department. The only expla- lation of said entry; contestant alleging that said nation of his conduct is that being unable to attend to his duties he cannot conscientiously accept the salary.

S. B. NEWMEYER, editor of the U.S. LAND OFFICE-Guide Rock Signal, was made the recipient of a handsome donation last Tuesday evening by the business men and others for the purpose of helping him buy a new press, The Chief was unable to be present, but was glad to know that the citizens of that town hereby summoned to appear at this office on the 18th day of April, 1884, at 11 o'clock, A. M., to respond appreciate Mr. Newmeyer's efforts to give them a first-class paper .-- Red Cloud Chief.
