PROCLAMATION.

WHEREAS, A joint resolution was adopted by the legislature of the state of Nebraska, at the eighteenth session thereof, and approved February 27th, A. D. 1883, proposing an amendment to section four (4) article three (3) of the constitution of said state, and that said section as amended shall read as follows, to-wit: "Section 4.—The term of office of members of the legislature shall be two years, and they shall each receive a salary of three hundred dollars for their services during said term, and ten cents for every mile they shall travel in going to and returning from the place of meeting of the legislature, on the most usual route. Provided, however, that no member of the legislature nor employes shall receive any pay or perquisites other than their salary and mileage. Each session, except special sessions, shall not be less than thirty days. After the expiration of forty days of the session no bills nor joint resolutions of the nature of bills shall be introduced, and the governor shall, by special message, call the attention of the legislature to the necessity of passing a law on the subject matter embraced in the message, and the introduction of bills shall be restricted thereto."

The ballots at the election at which said amendment shall be submitted shall be in the following form: "For proposed amendment to the constitution relating to legislative department." "Against proposed amendment to the constitution relating to legislative department."

WHEREAS, A joint resolution was adopted by the legislature of the state of Nebraska at the eighteenth session thereof, and approved February 28th, A. D. 1883, proposing an amendment to section one (1) of article five (5) of the constitution of said state, and that said section as amended shall read as follows, to-wit: "Section 1.—The executive department shall consist of a Governor, Lieutenant-Governor, Secretary of State, Auditor of Public Accounts, Treasurer, Superintendent of Public Instruction, Attorney General, Commissioner of Public Lands and Buildings, and Board of Railway Commissioners, and the Board of State Land Commissioners. Each of these officers shall hold his office for the term of two years from the first Thursday after the first Tuesday in January next after his election, and until his successor is elected and qualified. Provided, however, that the first election of said officers shall be held on the first Tuesday in November of 1884, and the election thereafter shall be held at the same relative time in each even year thereafter. All other officers that may be provided for by law, under the provisions of this section, shall be chosen in such manner and at such times, and shall hold their offices for such length of time as may be provided by law, and shall perform such duties and receive such compensation as may be provided by law. The Governor, Secretary of State, Auditor of Public Accounts, Treasurer, Commissioner of Public Lands and Buildings, and Attorney General, shall reside at the seat of government during their terms of office, and keep the public records, books and papers there, and the officers hereinbefore named shall perform such duties as may be required by law.

The ballots at the election at which said amendment shall be submitted shall be in the following form: "For proposed amendment to section one (1) of article five (5) of the constitution, entitled, 'Executive Department.'" "Against proposed amendment to section one (1) of article five (5) of the constitution, entitled, 'Executive Department.'" Therefore, I, James W. Dawes, Governor of the State of Nebraska, do hereby give notice, in accordance with section one (1) article five (5) of the constitution, and the provisions of an act entitled, "An act to provide the manner of proposing amendments to the constitution of this state, approved February 18th, A. D. 1887, that said proposed amendments will be submitted to the qualified voters of this state for ratification or rejection at the general election to be held on the 4th day of November, A. D. 1884.

In witness whereof, I have hereunto set my hand and caused to be affixed the great seal of the State of Nebraska.

Done at Lincoln, this 18th day of July, A. D. 1884. JAMES W. DAWES, Governor.

Attest: EDWARD P. ROGGEN, Secretary of State.

Now, if James G. Blaine will please make known to whom belongs the honor of having performed the ceremony at the first marriage in Kentucky, an insinuating obscenity will be removed. Do tell.

Tom Hendricks may deny that he was a member of the Vallandigham club, which was composed of disloyal persons, but he cannot deny he sympathized with secession, and made speeches that were disloyal. This is a matter of record.

Mr. James W. Dolan has been nominated by the republicans of the thirtieth senatorial district. Dolan's record in the last legislature was that of a plant tool of rancor. He is an unsafe man to trust with the concerns of this state, and should never be returned to the legislature. Keep him at home.—Omaha Bee.

We are sorry for you Rosey, but we are afraid we cannot accommodate you in this matter. Mr. Dolan was unanimously nominated, and will be elected by a handsome majority.—McCook Tribune.

If it is the unanimous wish of the people of that district that Dolan should represent them in the state senate they are no better than he is. If memory serves us correctly Dolan represents the Stinking Water district, and we all know what that is. We certainly have no grudge against Dolan, but he has cost the people of Nebraska a good deal more money than he will ever be worth. While his absence from the next legislature would be a loss to the railroads and the tax-payers it would be a great gain to the producers and tax-payers.—Bee.

The statement that Senator Dolan was unanimously re-nominated by the representatives of the voters of this district threw the saintly Edwardus into a spasm of self-righteousness, and in this superinduced state he informs us that, "if it is the unanimous wish of the people of this district that Dolan should represent them in the state senate, they are no better than he is." Very true, Edwardus, but we opine that the "no better" people of this district will take your unsubstantiated assertions for mere buncombe—their real value, and that you are just playing the part you have assumed, and will return Senator Dolan to the state senate by a handsome majority. The people of this vicinage have seen Rosey's horns aforesaid, and will treat his cowardly assertions as they deserve. Give facts.

CORN reached eighty cents in Chicago on Monday, while wheat was only seventy-five cents. This is probably the first time that corn was ever quoted at a higher price than wheat, and it is certainly a very strange condition of affairs. So far as Nebraska and Iowa farmers are concerned, they would probably prefer that corn would continue to be king over wheat, for this year these two states make up an immense corn field. But the present price of corn in Chicago is a fictitious value—the result of a "corner" by the grain gamblers. It is said that Armour who recently ran a corner in pork, and cleared between two and three millions, is interested to a large extent in this corn deal. Armour and his associates are simply gambling on the necessities of life and in unsettling values and forcing up prices beyond all reason, they are simply committing wholesale robberies. It is certainly a strange condition of affairs when a few men can control the provision markets of this country and plunder the people at will.—Bee.

V. C. PLACE, general manager of the Pinas Atlas Gold and Silver Mining company, at Las Vegas, New Mexico, and Chas. M. Shannon, of the Hughes & Shannon copper works at Clifton have made the largest bet on the result of the presidential election thus far on record. Mr. Place bet a new mill recently erected at a cost of \$40,000 and all the company's mines and property, including the mercantile establishment, all valued at \$500,000, against Hughes & Shannon's copper property, valued at \$600,000. The necessary papers have been made out and placed in the hands of an escrow pending on the result of the election.

COLONEL DUDLEY, who has resigned the commissionership of pensions as he proposes to go into the banking business, has proved an efficient, faithful and energetic officer. During the last two years the pension bureau has disbursed \$122,000,000, and it has been carefully and honestly handled by Colonel Dudley, who has been the friend of the soldiers in every possible way. He has prevented many a robbery on the part of swindling pension attorneys, against whom he waged a bitter and effective warfare. Pensioners will have reason to congratulate themselves if as good a man becomes his successor.

It is a noticeable fact that most of those unhorsed railroad kings manage to return from their European exile with a comfortable nest-egg and in restored health. Willard comes back with a half-million, exclusive of his frugal wife's savings, and he is as fresh as a daisy, while Mr. Garrison has "returned from his watering place after adhering strictly to the advice of his physician," and we are assured that he is so comfortably fixed that he is not compelled to resume business at the old stand.

E LIE PERKINS has long been notoriously a "modest" liar, but this transcendentally so: E Lie sends a postal card from Dresden to the Buffalo Express, marked "private," on which he says: "To-day, in Dresden, I could have seen women carrying mortar in hods up a ladder—if I had looked, but I would not."

MILWAUKEE lager sells in Iowa as "minal health restorer"—effervescent and sparkling, warranted to cure dyspepsia, biliousness, indigestion, prostration, etcetera. Doses are sized according to prescription, and we suppose that every man is his own physician.
