Nearly all the fine old furniture that was so appropriate to the old White House was sacrificed at the same sale. A beautiful sideboard that had graced the state dining room and had held the dishes and glassware from which diplomats, was presented to the first President Harrison, was sold to a saloon-keeper for a trifle, and now does duty in a 7th street dive. The beautiful chandeliers, with their thousands of cut glass pendants, which were imported from France at enormous expense to the government, were torn out and replaced by the tawdry selection of a modern gas man. and further said: "Just why some of the American people objected to government assistance in supplying American rolling stock for a highway of commerce that has been in existence since creation, I am unable to understand.

"They had not objected seriously or successfully against government aid to the transcontinental railroads, and he asked why they should protest when it is suggested that the government of powder, and if some other country help place upon the bosom of the sea ships that fly the American flag."

So we may expect if Mr. Roosevelt and a Republican Congress is elected, to see strong pressure brought to boar upon Congress to load up the people with an enormous tax for Morgan and his steamship trust.

Mikado Has Job for Roosevelt. The Mikado of Japan evidently has taken the measure of President Roosevelt and knows that it is not as a statesman but as a warrior that he is valuable. According to a special cable from France to the St. Louis Post-Dis-

patch a Paris newspaper says: "We have it from a trustworthy source that the Mikado will ask President Roosevelt, in the event of his defeat in the coming election, to become rush to register, but the voting will not commander-in-chief of the Japanese proceed very lively until the cash is armies in the field."

The advisers of the Mikado have doubtless come to the conclusion that fore deciding. With Roosevelt in Manchuria there would be "something doing" all the time, and if the Japs could stand the pressure they would either drive the Russians out of the East or perish in the attempt. With Colonel Roosevelt in command we should get some news of what was transpiring, for it would be an insignificant newspaper that would not have a correspondent on the spot, for the lid would be off and no censorship to bedevil the dispatches.

Ship Subsidy to Be Revived. Of course Secretary Shaw directly

represents the President in his public announcements and speeches. When he spoke at the banquet given by the New York Chamber of Commerce last November at Delmonico's, he was enthusiastic for the ship-subsidy steal, if no other way could be devised of increasing the merchant marine. As the junketing committee of Congress, headed by Senator Gallinger, has been of us.

Dispersement of White House Treasures | holding metings all over the country Many people believe that the White on purpose to gather evidence in favor House has been irretrievably ruined of the ship-subsidy bill, there is no doubt that such a message will be forced through Congress if money and influence will do it. President Roosevelt has virtually indorsed the program that Secretary Shaw spoke of with so much favor, and the only means left to stop the steal is for the people to defeat those who voted for it. Nearly every Republican member of the United States Senate is on record as voting in its favor, and several of them are candidates this year for reelection. The bill was not voted upon in the House of Representatives. The Republican majority there feared the people, but it is claimed that a majority are pledged to do so when it comes up at the next session. Every candidate for Congress should be made to pledge himself to vote against a statesmen and their wives and sweet- subsidy bill in whatever form it may hearts had eaten and drunk, which be presented, and also that members of the Legislature will not vote to reelect Senators who favored it. It is bad enough to be plundered by the trusts through the protective tariff, which is an indirect form of subsidy, but to rob the people directly by granting an enormous subsidy to the Morgan steamship trust would be a crowning infamy that the voters should ard against.

OF THE DAY

Where Part of the Republican Campaign Fund Comes From.

The attempt to throw dust into the voters' eyes by the pretense that the Republican National Committee is short of cash, is hardly consistent with the report that the head lobbyist of the Panama Canal steal has paid to Mr. Cortelyou \$400,000 that he promised Senator Hanna if the treaty was ratified. There was considerable consternation when Hanna died amongst the principal Republican leaders as to whether that promise to Hanna would be kept, but the chief Panama conspirator kept his word and came up to the captain's office and settled like a little man. It was also reported that The whole Roosevelt administration a large sum, said to be \$200,000, has seems saturated with ...e idea that a been forthcoming from J. man Womans' Club of Buffalo, N. Y., after doctoring for two years, was finally cured her kidney trouble by the use of Lydia E. Pinkham's Vegetable Compound.

Of all the diseases known with which the female organism is afflicted. kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave careful study to the subject, and in producing her great remedy for woman's ills-Lydia E. Pinkham's Vegetable Compound - made sure that it contained the correct combination of herbs which was certain to control that dreaded disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

The d ctor told me that I had kidney troubles and prescribed for me. Fo three months I took his medicines, but grew steadily worse. My husband then advised me to try Lydia E. "Dear Mrs. Pinkham: - I feel very thankful to you for the good your medicine has done me. I had doctored for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep; had hysteria and fainting spells, was tired

all the time, had such a pain in my left side that I could hardly stand at times without putting my foot on something.
"I doctored with several good doctors, but they did not help me any. I took, in all, twelve bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of Liver Pills, and used three packages of Sanative Wash, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling over tired. The doctors tell me that my kidneys are all right now. I am so happy to be well,
