Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

Yours for Health
Lydia E. Pinkham

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

A Home Mission.

"Have you ever passed to reflect, Mr. Nagesby," said the new minister, "that it is only a matter of time until we must all join the silent majority?"

"No, parson, I can't say that I ever thought of it in that light," replied Nagesby. "But now that you have introduced the subject I wish you would speak to my wife about it and try to impress on her mind that she ought to begin practicing silence while here on earth."

Legislative.

SENATE.

The senate certainly needed its "general manager" Monday afternoon to keep it out of the kinks. Nearly the entire afternoon was spent in the committee of the whole, and for the most part discussing a bill that all were in favor of. The bill was H. R. 54, providing that \$18,000 be transferred to the general fund from the Norfolk asylum fund and thence appropriated to the Lincoln asylum fund. The result was, as was apparent from the first, the bill was recommended for passage.

The following bills were introduced Monday and read the first time:
Authorizing the publication of the laws enacted by the legislature on a plan uniform with the Annotated Statutes.

By Thomas, of Douglas, to provide for the conveyance of the interest of an insane wife or husband in the hands of his or her spouse.

By Dimery, of York, regulating the practice of veterinary medicine.

By Epperson, of Clay, fixing interest on state warrants at 4 per cent and school warrants at 5 and maximum interest at 6 per cent.

By Epperson, of Clay, regulating fees of district clerks.

By Sheldon, of Cass, to provide for the payment of costs in misdemeanor cases.

By Mockett, of Lancaster, to correct the statutes relating to school district funding and to make effective amendment adopted two years ago.

Members of the senate got their feet tangled in the meshes of parliamentary law Tuesday morning and while they struggled and floundered to get right, a gallery, fairly filled with spectators, forgot senatorial dignity and roared with laughter. After transacting a small amount of routine business the senate resolved itself into a committee of the whole.

These bills were introduced Tuesday and read for the first time:
By Hughes, of Platte, requiring a bond for costs in all cases of appeal to the district court from any order, finding or proceedings of any board of village trustees, city council, county board or any other board exercising jurisdiction of a ministerial, judicial or quasi judicial nature.

By Wilsey, of Frontier, to make railroads transport freight at the rate of ten miles an hour or more after loading.

By Wall of Sherman, providing for the revival of dormant judgments. Giving district courts original jurisdiction in cases of removal from office, instead of county commissioners.

By Griffin, of Dawson, providing for irrigation districts, defining powers and existing canals and ditches.

By Saunders, of Douglas, a joint resolution proposing to provide seven judges of the supreme court and their term of office not less than seven years. Providing for amendment to the constitution allowing the legislature to fix salaries of judges. A joint resolution amending the constitution to create courts. A joint resolution proposing to amend the constitution to allow the legislature to fix salaries of state officers.

By Sheldon, joint resolution proposing to amend the constitution to allow ten members of a jury to bring in a verdict in civil cases.

By Wall, of Sherman, allowing towns in counties under township organization to make a levy of 10 mills for road purposes.

By Meserve, of Knox, authorizing county courts to dispense with administration of estates which are exempt from attachment and which are not liable for the payment of the debts of decedents, and to establish the heirs at law.

Mockett, of Lancaster, won a temporary victory over the judiciary committee Wednesday morning in that the senate voted to place his divorce bill on general file after the committee had recommended that it be indefinitely postponed.

The senate adjourned at 12:30 until 2 o'clock Thursday afternoon. Lieut. Gov. McGilten presided.

The following bills were introduced Wednesday and read the first time in the senate:
By Cady of Howard, to transfer \$6,039.45 from the inheritance tax fund to the general fund. To transfer \$2,346.15 from the penitentiary special labor fund to the general fund.

By Tucker, of Richardson, to provide for the selection of grand and petit jurors.

By Sheldon, of Cass, to provide for the assessment of mortgages as real estate.

By Meserve, of Knox, to provide that a woman who commits adultery shall be fined \$200 or sentenced to jail for a year; a man, married or unmarried, to be sentenced to the penitentiary for two years or pay a fine of \$500.

By Good, of Nemaha, providing for the organization of the state banking board and defining the duties of the board.

By Sheldon, of Cass, making taxes on personal property a first lien on the property for two years. Making taxes on real estate a first lien for five years.

By Jackson, of Gage, the fraternal congress bill.

By Bethel, of Lancaster, providing for amendments to the road law.

By Williams, amending the law relating to the recovery of damages.

By Jackson, of Gage, providing the supreme court shall name three commissioners to revise the statutes.

By Jackson, of Gage, amending the civil code relating to the recovery of damages.

The senate in the committee of the whole Thursday morning recommended the juvenile court bill for passage. The measure was not discussed, two unimportant amendments being adopted without debate. The discussion of the Mockett divorce bill, S. P. 4, which had been set for 2 o'clock Thursday afternoon, was made a special order for 11 o'clock Friday, the senate having voted to adjourn at noon until 10 o'clock Friday.

These bills were introduced and read a first time Thursday:
By Dimery, of Seward, allowing the state board of pharmacy to grant a permit to sell harmless drugs.

By Good, of Nemaha, striking out a clause in the law relating to building and loan and other associations.

By Epperson, of Clay, changing the law relating to canvassing election returns.

By Thomas, of Douglas, repeals the section of the statutes which provides that a county board of commissioners has the power to employ a county attorney.

By Cady, of Howard, allows county supervisors to make yearly contracts for bridges.

By Thomas, of Douglas, defining crime of causing or contributing to the delinquency of children.

By Jones, of Polk, to provide for a revenue law.

By Bacon, of Dawson, to provide for the sale of lands known as "penitentiary lands."

By McMullen, of Gage, purchasing and authorizing the sale and distribution of Colby's Annotated Statutes of Nebraska. To require all faith healers to hold practitioners' license of state board of health.

By Ward, of Sarpy, to give interurban electric railroads the right of eminent domain as enjoyed by steam railway companies.

By Richardson, of Madison, providing for the transferring and appropriating of money from the funds for expenses at the hospital for the insane at Norfolk.

COL. BECKWITH SAYS:

"I Take Pleasure in Commending Pe-ru-na For Coughs and Colds."

COL. PAUL E. BECKWITH

Colonel Paul E. Beckwith, Lt. Col., retired, 1st Reg. Minute Men, in a letter from 1503 Vermont avenue, N. W., Washington, D. C., writes: "From the unqualified endorsement of many of my friends, I take pleasure in commending your remedies for coughs and colds."—Paul E. Beckwith.

IN FIELD OR BARRACKS PE-RU-NA IS EFFICACIOUS.

The constant exposure to the elements experienced in an out-door life is not so apt to cause coughs and colds as sedentary habits.

Those who are brought face to face with the weather every day in active life are much less liable to catarrhal diseases than those who are housed up in illly ventilated rooms. And yet both of these classes are more or less subject to catarrh and colds.

The soldier as well as the civilian finds it frequently necessary to use Peruna on account of coughs and colds.

No one is exempt. The strong and healthy are less liable than the weak and ill, but none entirely escape.

Law suit Proves, Windfall.
Two orphans of Cairo have just come into a fortune of \$150,000 in a singular way. They are the two sons of a Tunisian named Bousnach, whose father brought an action against the late Bey of Tunis, claiming heavy damages for wrongs suffered by him. This was forty years ago, when the Bey of Tunis was an unmitigated Oriental despot, and the suit failed, as it was bound to do. The claimant died, and his son emigrated to Egypt, where he in turn died, leaving two sons. A short time ago, under the more equitable regime of the French administration, the suit was revived and brought to a successful issue, the Court of Appeals at Aix reversing the old decision and awarding the orphans the \$150,000 damages claimed by their grandfather.
