

# MADE NEW STRENGTH

**QUICKER THAN DOCTOR'S TONICS, SAYS TYPHOID PATIENT.**

**Young Lady Left by Fever in Very Weak State Uses Dr. Williams' Pink Pills with Gratifying Results.**

After a fever, such as typhoid or scarlet, has run its full course there remains the recovery of strength. The tonic that will most rapidly increase the red corpuscles in the blood is the one that will most quickly restore color to the pale cheeks, strength to the weak muscles, and elasticity to the sluggish nerves. So far nothing has ever been produced superior to Dr. Williams' Pink Pills for this purpose.

Miss Midendorf had been ill with typhoid fever for fourteen weeks. She had a good physician who carried her safely through the critical stages. When he left, nothing remained to be done except to build up her strength, which was very feeble, and he gave her some prescriptions for that purpose. Here, however, she met with disappointment.

"I took the doctor's tonics," she says, "for two months after I had recovered from the fever, but they did not do me the good I looked for. My strength came back so slowly that I scarcely seemed to be making any progress at all. Just then I read in a book thrown in our yard some striking testimonials showing what wonderful blood-builders and strength-givers Dr. Williams' Pink Pills are. I got a box of them soon after this and after I had taken only about half of them I could see a very great improvement in my condition. When I had used up two boxes, I felt that I did not need any more medicine. I have remained strong ever since."

Miss E. B. Midendorf lives at No. 1501 Park street, Quincy, Ill. Dr. Williams' Pink Pills are the best remedy to use in all cases of weakness, from whatever cause the system may be run down. In cases of debility due to overwork they minister fresh strength and overcome nervous symptoms. They are a specific for anemia or bloodlessness. They are particularly helpful to girls on the verge of womanhood. They meet all the requirements of the period known as the change of life. They correct spring languor. They strengthen weak digestion and rouse up sluggish organs. No other tonic combines so many virtues. All druggists sell them.

### Starting Him Aright.

"Permit me," said the gallant youth, "to kiss your hand."  
"None of that for me, thank you," replied the fair maid.  
"Why not, pray?" he asked in surprise.  
"Because," she answered, "I have no use for a man who has no higher aim in life than that."

And, to the young man's credit be it said, he took the hint and aimed a little higher.

"At the conference of the managers of the New York Central lines, held New York June 6, all lines being represented by their general managers and passenger officials, it was decided, beginning with the regular summer change, Sunday, June 18, to quicken the speed of the 'Twentieth Century Limited' so as to make the time between New York and Chicago eighteen hours instead of twenty hours, the New York Central lines having made the twenty-hour time during the past three years, and having also made the run between New York and Chicago in twenty hours with their 'Exposition Flyer' for the one hundred and eighty days of the Columbian Exposition in Chicago in 1893, twelve years ago.

The New York Central lines make the point that the New York Central has had in service the 'Empire State Express'—which has been the fastest train in the world for its distance, 440 miles—for fourteen years, having held the world's record for that time, and for three years and 180 days having held the world's record for a thousand-mile train in twenty hours.

The proposed schedule of eighteen hours is simply the extension of the time of the 'Empire State Express' through from Buffalo to Chicago, the time having been made for fourteen years between New York and Buffalo. On this new schedule, the train will leave Chicago at 2:30 p. m., arriving Grand Central Station, New York, at 9:30 next morning, and, returning, will leave New York 3:30 p. m., reaching Chicago 8:30 a. m. following day.

At the same time, the 'Lake Shore Limited' will be quickened up an hour and will make the time from Chicago to New York in 23 hours instead of 24, leaving Chicago 5:30 p. m. by the Lake Shore and arriving New York 5:30 p. m. by the New York Central.

The 'Southwestern Limited' train, No. 11, which now leaves Grand Central Station at 4 p. m., will, beginning June 18, leave at 2:04 p. m., saving an hour to an hour and a half on the present journey to St. Louis and Cincinnati.

**Real Impertinent.**  
"Yes," said the young man who imagined himself a prize beauty, "I'll admit that Pinkleigh is a handsome chap, but he's awfully conceited."  
"Well," rejoined his fair companion, "wouldn't you be conceited, also, if you were handsome?"

**Piso's Cure for Consumption** cured me of a tenacious and persistent cough.—Wm. H. Harrison, 227 W. 121st street, New York, March 25, 1901.

**Method in His Madness.**  
Caudles—I was reading in the paper this morning of a man who sleeps in the stable with his horse every night.  
Mrs. Caudles—What's the matter with him—is he crazy?  
Caudles—No, I guess not. A horse can't talk, you know.

**Dr. David Kennedy's Favorite Remedy** is adapted to both sexes and all ages. Cures Kidney and Liver complaints, and purifies the blood. \$1.00 all druggists.

**Her View of It.**  
Sapleigh—Oh, I say, Miss Hammetton, why is it that you are always out when I call?  
Miss Hammetton—Because I'm foolish, I suppose.  
Sapleigh—I er—beg pardon!  
Miss Hammetton—Well, you know the old saying: "A fool for luck."

## CHRONOLOGICAL STORY OF THE RUSSO-JAPANESE WAR.

Feb. 6, 1904—Minister Kurino demands passports at St. Petersburg war.  
Feb. 8—First shots fired off Chemulpo, Korea; night attack on the Russian fleet at Port Arthur.  
Feb. 10—Yalu and Korletz blown up at Chemulpo; first bombardment of Port Arthur.  
Feb. 10—War declared by the czar.  
Feb. 11—Mikado declares war; Japanese occupy Seoul and Masampo, Korea.  
Feb. 20—Kourapatkin ordered to the East.  
Feb. 20—Stoessel announces that he will never surrender Port Arthur.  
March 6—Bombardment of Vladivostok.  
March 9—Admiral Makaroff arrives at Port Arthur.  
March 23—First land battle: Russians defeated at Cheng Ju.  
April 13—Battleship Petropavlovsk and a destroyer sunk at Port Arthur.  
April 30—Battle of the Yalu begins.  
May 1—Battle of the Yalu ends, with Russian route.  
May 5—Japanese armies landed at Pitsawo, Kinchow and Takushan.  
May 7—Fengwangcheng taken by the Japanese.  
May 15—Japanese battleship Yoshino sunk in collision and cruiser Hattusho by a mine.  
May 27—Battle of Nanshan; Port Arthur besieged.  
June 20—Japanese occupy Dainy.  
June 27—Salmatse captured by Japan.  
June 15-16—Battle of Telissu; Stackelberg defeated.  
June 21-23—Bombardment of Port Arthur and naval battle.  
June 23-27—Russians driven from Motien Pass; Fenshui Pass captured by Noda.  
June 29—Wolf Mountain north of Port Arthur taken by the Japanese.  
July 6—Oyama starts for the front.  
July 8—Kaiping occupied by General Oku.  
July 17—Keller's attempt to retake Motien Pass repulsed.  
July 23-25—Russians defeated at Tashichao.  
July 25—Japanese occupy Newchwang and Yinkow.  
July 29-31—Battle of Tomucheng; Russians beaten.  
Aug. 3—Halcheng occupied by Oku.  
Aug. 7—General Yamaguchi killed at Port Arthur.  
Aug. 10—Naval fight off Round Island, Witsoeff, the Russian admiral, being slain and his fleet scattered.  
Aug. 14—Russian cruiser Rurik sunk in Korea Strait.  
Aug. 23-27—Hot fighting at Anchanshan.  
Aug. 29—Kuroki wins fierce battle at Anping.  
Aug. 28-Sept. 4—Japan wins battle of Liaoyang.  
Sept. 6—Japanese occupy Yental Mines.  
Oct. 6-14—Battle of Sha River; Kourapatkin beaten.  
Oct. 21—Battle fleet fires on English fishermen.  
Nov. 1-6—Desperate fighting at Port Arthur.  
Nov. 30—203 Meter Hill taken by the Japanese.  
Jan. 1, 1905—Surrender of Port Arthur.  
Jan. 28—General Gripenberg defeated at Sandapu.  
Feb. 24—Talingcheng and Ta Pass taken by Oyama.  
Feb. 25—March 12—Battle of Mukden; Russians routed.  
March 16—The Pass evacuated by the Russians; Linerich takes command of the Russian armies.  
March 17—Japanese occupy Fukumen.  
March 19—Russians driven from Kaluyen.  
April 5—Battle fleet enters Chinese waters.  
May 27-28—Destruction of the Baltic fleet in battle of Sea of Japan.  
June 8—President Roosevelt obtains consent of belligerents to discuss peace terms.

### The Cost of the War.

War began to date (days) .....	Feb. 5, 1904
Continued to date (days) .....	449
Cost to Russia (estimated) .....	\$1,875,000,000
Cost to Japan (estimated) .....	1,500,000,000
Russians in the field, present time .....	400,000
Japanese in the field, present time .....	420,000
Russia's casualties in battle .....	420,000
Japanese casualties in battle .....	170,000
Russian warships lost or captured .....	62
Japanese warships lost .....	9
Value of Russian ships lost .....	\$150,000,000
Value of Japanese ships lost .....	15,000,000
Siege of Port Arthur lasted (days) .....	217
Russian losses, Port Arthur (men) .....	80,000
Japanese losses, Port Arthur (men) .....	52,000

### OUR RISE IN SEA POWER.

**Second in Battleships and Cruisers, Built and Building.**  
Year by year for the last two decades Brassey's Naval Annual has recorded the pretty steady rise of the United States from an all but negligible place to a leading and commanding status among the naval powers of the world, and the latest issue of that invaluable handbook makes in our behalf the most impressive showing of all. It was a very few years ago that the United States was contending with Italy, Japan and Russia for fifth, sixth or seventh place in the list. This year it far outclasses those powers, and even France and contends with Germany for second place with an assured prospect of winning that contention in the near future, if, indeed, it has not already done so.

In all classes of vessels Great Britain easily leads the world. In first class battleships now in commission Germany stands second by a small margin over the United States, which is an easy third. But in such vessels built and building the United States considerably surpasses Germany. At the end of 1906 we shall have 19 to Germany's 20; at the end of 1907 we shall have 22 to her 22, and at the end of 1908 we shall have 25 to her 24. That majority of only one ship does not appear great, but its actual magnitude appears when we note the aggregate tonnage of each fleet, for our 25 ships will have a tonnage of 333,847, while Germany's 24 will have only 256,557 tons. In the highly important class of first-class cruisers American superiority is much more emphatically marked. Built and building, Germany has only seven such ships, of 67,064 tons, while we have fifteen, of 186,595 tons. In this class France has a slight numerical superiority over us, but is inferior in tonnage, her sixteen ships measuring only 178,139 tons. In battleships and cruisers of all classes, built and building, our title to second place among the navies of the world seems secure, with seventy-five vessels to Germany's sixty-nine, the ninety-three of France consisting so largely of the smaller sizes as to fall much below ours in actual strength.

**Sparks from the Wires.**  
Fire at Oneonta, N. Y., caused \$50,000 damage. Twenty horses perished. A wagon load of nitroglycerine was deserted at Owensville, Ky., by a driver because the firm he worked for reprimanded him and 4,000 people were placed in danger.

L. L. Pierce of Washington was made president and W. K. Cooper of Springfield, Mass., secretary-treasurer of the employed officers of the Y. M. C. A. at Niagara Falls.

A cloudburst on Rhea, Ore., caused the death of Mrs. J. R. Numemaker and her youngest child and two children of A. R. Cox, who were caught by the water and drowned.

Henry Charles Richards, conservative member of parliament for East Finsbury, and well-known advocate of old-age pensions, died in London of heart disease. He was born in 1851.

## SADIE ROBINSON, Pretty Girl Suffered From Nervousness and Pelvic Catarrh—Found Quick Relief in a Few Days.

### NERVOUSNESS AND WEAKNESS CURED BY PE-RU-NA.

Miss Sadie Robinson, 4 Rand street, Malden, Mass., writes:  
"Peruna was recommended to me about a year ago as an excellent remedy for the troubles peculiar to our sex, and as I found that all that was said of this medicine was true, I am pleased to endorse it."

"I began to use it about seven months ago for weakness and nervousness, caused from overwork and sleeplessness, and found that in a few days I began to grow strong, my appetite increased and I began to sleep better, consequently my nervousness passed away and the weakness in the pelvic organs soon disappeared and I have been well and strong ever since."

Address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, O., for free medical advice. All correspondence strictly confidential.

### Wasn't Ashamed.

She was a member of a North Side church, and she was trying to impress the fact upon the mind of the friend who rode out with her on a late elevated train the other night.

"I'm as good a church member as any one, and I don't care who knows it," she said in the course of her talk.  
"Well, it's nothing to be ashamed of," said the friend. "I was also once a church member, and I never was ashamed to own up to it."

"Ashamed! Who says I am ashamed?" shouted the first woman, until every one in the car turned to look.  
"Ashamed? Well, now, I rather guess not. I'm a good church member, and who dares say I am ashamed of it? The person who told you I am ashamed of it is a liar. There!"

"Why, no one told me you were ashamed of it," said the friend.  
"Well, then, why are you saying it?"  
"I didn't say it."  
"You did!"  
"Well, then, I suppose I did."  
"Well, I'm not ashamed, I'll give you to understand that, and you can put it in your last summer's bonnet that I am not."

And then as the train stopped she added: "Good-by, dear. I get off here."

## IRON PILLAR OF DELHI.

Tradition Says It Was Erected by the Founder of the Tomara Dynasty.

The famous iron pillar of Delhi, India, is a solid shaft of wrought iron sixteen inches in diameter, and of a length that is variously reported. The total height above ground is twenty-two feet, including a capital of three and a half feet. Major G. A. Cunningham, R. E., C. S. I., director general of the archaeological survey of India, reported in 1863 that the total length of the pillar is upward of forty-eight feet, and possibly sixty feet.

The lower diameter is 6.4 inches and the upper diameter 13.5 inches. The pillar contains about eighty cubic feet of metal and weighs about seventeen tons. The metal was for a long time reputed to be bronze, owing probably to a curious yellowish shade on the upper part. A sample from near the base was analyzed by Dr. Murray Thompson, and found to be pure malleable iron of 7.66 specific gravity. The metal is, of course, charcoal iron, made directly from the ore in small billets, but how it was welded up no one can tell, as no record exists of any early method of dealing with great masses of wrought iron.

An inscription, roughly cut or punched upon the column, states that Rajah Dhara subdued a people in the Surdhu, named Vahlkos, and obtained with his own arm an undivided sovereignty on the earth for a long period. The date of the inscription has been referred to the third or fourth century after Christ; but on this authorities are at variance, as the style of writing is supposed by some to belong to a later period.

According to tradition, the iron pillar was erected by Bilan Deo, the founder of the Tomara dynasty, who was assured by a learned Brahmin that, as a part of the pillar had been driven so deep into the ground that it rested on the head of Vasuki, king of serpents, who supports the earth, it was now immovable, and that dominion would remain in his family as long as the pillar stood. The rajah, doubting the truth of the Brahmin's statement, ordered the pillar to be dug up, when the foot was found to be wet with blood of the serpent king. The pillar was again raised, but owing to the rajah's incredulity, no means could be found to fix it firmly, and it remained loose (dhila) in the ground, and this is said to have been the origin of the name of the ancient city of Delhi.

### ALL DONE OUT.

Veteran Joshua Heller, of 706 South Walnut street, Urbana, Ill., says: "In the fall of 1899 after taking Doan's Kidney Pills I told the readers of this paper that they had relieved me of kidney trouble, disposed of a lame back with pain across my joints and beneath the shoulder blades. During the interval which has elapsed I have had occasion to resort to Doan's Kidney Pills when I noticed warnings of an attack. On each and every occasion the results obtained were just as satisfactory as when the pills were first brought to my notice. I just as emphatically endorse the preparation today as I did over two years ago."

Foster-Milburn Co., Buffalo, N. Y., proprietors. For sale by all druggists, price 50 cents per box.  
For a felon, or "run-a-round," use stramonium ointment—a preparation of jimson, or Jamestown weed.

**A Small Observer.**  
"Now, my dear," said the doctor to a small patient, "take one of these nice pink powders every hour, and you will soon be well."  
"All right," rejoined little Bessie. "And may I put them on with mamma's powder puff?"

**Let Libby Serve Your Soup**  
Tomato, Julienne, Consomme, Chicken, Mulligatawny, or Oxtail will please the most fastidious. They are quickly prepared—delicious to eat—always satisfactory.

Corned Beef Hash    Boneless Chicken    Vienna Sausage  
Ox Tongues    Soups    Ham Loaf

Your Groceries has them  
Libby, McNeill & Libby, Chicago

## The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

### HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

- 1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.
- 2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.
- 3 (Don't boil it too long. Don't let it stand more than ten minutes before serving. DON'T use water that has been boiled before.)

**TWO WAYS TO SETTLE COFFEE.**

- 1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.
- 2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

**Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future.** (Sold only in 1 lb. sealed packages.)  
(Lion-head on every package.)  
(Save these Lion-heads for valuable premiums.)  
**SOLD BY GROCERS EVERYWHERE**  
WOOLSON SPICE CO., Toledo, Ohio.

## Sale Ten Million Boxes a Year.

THE FAMILY'S FAVORITE MEDICINE

**PISO'S CURE FOR CONSUMPTION**  
CURES WHERE ALL ELSE FAILS.  
Best Cough Syrup. Tastes Good. Use in time. Sold by druggists.

# Constipated All His Life

Wilbert Thompson never knew a well day—he had been constipated all his life—many doctors treated him, but all failed to even help him—his health failed rapidly and on January 21, 1903, Mrs. Thompson asked us to suggest a treatment for her husband—We thought the case too serious and recommended that a specialist be consulted—but he also failed to help the patient—NOW HE IS WELL.

**Mull's Grape Tonic Cured Him**

Mrs. Thompson first wrote us as follows: "My husband, aged 23, suffers from sharp pains in his stomach and sometimes thinks it is his heart. Let me know by return mail what causes the pain, if you can. Mr. Thompson has been treated by several doctors, but they have given him up."  
We promptly advised that a first-class specialist be consulted. We quote: "We want to sell Mull's Grape Tonic, because we know it will cure constipation, but 50c a bottle is no object to us when a human life is at stake, and if your husband's case is as serious as you state, we suggest you consult a reliable specialist, not the advertising kind, promptly." At the same time, knowing that Mull's Grape Tonic could do no harm, we advised its use until a physician could be consulted. January 25 Mrs. Thompson wrote that a physician had been consulted. He diagnosed the case as chronic constipation and dyspepsia. His treatment was followed faithfully, but there was no perceptible improvement in Mr. Thompson's health. Then he began taking Mull's Grape Tonic and on September 3, 1903, we received the following letter from Mrs. Thompson:  
"You will remember that I wrote to you last January in regard to my husband's health. It is four months since he quit taking Mull's Grape Tonic for constipation, which he suffered from since birth. He took just 24 bottles of it and is perfectly cured. He is much stronger and has gained considerable in flesh. I can not thank you enough for Mull's Grape Tonic. It is worth its weight in gold." Just \$12 cured him and he has spent hundreds of dollars with doctors who did him no good. It did all you claimed it would."  
Very respectfully yours, MRS. W. H. THOMPSON, 801 Main St., Peoria, Ill.

Mr. Thompson stopped taking Mull's Grape Tonic in June, 1903. He has been completely cured and has taken no other medicine since that date. Almost two years and no return of the disease, should prove a permanent cure.

## LET US GIVE YOU A BOTTLE

**FOR HOT WEATHER ILLS**  
Constipation, Stomach Trouble, Indigestion, Dyspepsia, Blood Poison, Skin Diseases, Sores, Sudden Bowel Trouble, Diarrhoea, Cholera, Etc.

No one whose bowels are healthy and active contracts these complaints. Invariably they are the result of Constipation which means decayed, poisoned and dying bowels or intestines. Check diarrhea and you are liable to fatal blood poison—a physic makes you worse. There is only one right course and that is to treat the cause. Revive and strengthen the bowels and intestines. We will prove to you that Mull's Grape Tonic cures Constipation and all these terrible Stomach and Bowel troubles because it cleans the blood and makes the intestines practically new. It feeds the starved condition and brings them back to life—nothing else will.

**Write for This Free Bottle Today**  
Good for ailing children and nursing mothers.

The \$1 bottle contains nearly three times as much as the 50c size

**CAUTION: DO NOT ACCEPT MULL'S GRAPE TONIC UNLESS IT HAS A DATE AND NUMBER STAMPED WITH INDELIBLE INK ON THE LABEL**
